Altering Eden Deborah Cadbury, 1999-10-12 Altering Eden Deborah Cadbury, 1997 Seeing Nature Through Gender Virginia Scharff, 2003 Environmental history has traditionally told the story of Man and Nature Scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender Seeing Nature through Gender here reintroduces gender as a meaningful category of analysis for environmental history showing how women s actions desires and choices have shaped the world and seeing men as gendered actors as well In thirteen essays that show how gendered ideas have shaped the ways in which people have represented experienced and consumed their world Virginia Scharff and her coauthors explore interactions between gender and environment in history Ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes They also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies Each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms Here are considerations of the ways we study sexuality among birds of William Byrd s masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities Some are playful as in a piece on the evolution of snow bunnies to shred betties Others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out Aiding and adding significantly to the enterprise of environmental history Seeing Nature through Gender bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we ve engraved on ourselves and on the planet Short Stories Lucy Maud Montgomery, 2024-04-16 Lucy Maud Montgomery best known for creating the beloved character Anne Shirley in Anne of Green Gables also wrote numerous short stories that captivated readers with their charm and vivid portrayal of life in Prince Edward Island Canada where she lived Montgomery s short stories often explore themes of love nature family and the human experience Many of her tales are set in rural or small town settings reflecting her own experiences growing up in the Canadian Maritimes Her prose is characterized by its warmth wit and keen observation of human nature Short Stories Lucy Montgomery, 2024-04-15 The land dropped abruptly down from the gate and a thick shrubby growth of young apple orchard almost hid the little weather grey house from the road This was why the young man who opened the sagging gate could not see that it was boarded up and did not cease his cheerful whistling until he had pressed through the crowding trees and found himself almost on the sunken stone doorstep over which in olden days honeysuckle had been wont to arch Now only a few straggling uncared for vines clung forlornly to the shingles and the windows were as has been said all boarded up

The whistle died on the young man's lips and an expression of blank astonishment and dismay settled down on his face a good kindly honest face it was although perhaps it did not betoken any pronounced mental gifts on the part of its owner What can have happened he said to himself Uncle Tom and Aunt Sally can t be dead I d have seen their deaths in the paper if they was And I d a thought if they d moved away it d been printed too They can t have been gone long that flower bed must have been made up last spring Well this is a kind of setback for a fellow Here I ve been tramping all the way from the station a thinking how good it would be to see Aunt Sally's sweet old face again and hear Uncle Tom's laugh and all I find is a boarded up house going to seed S pose I might as well toddle over to Stetsons and inquire if they haven t disappeared too Maud Montgomery Short Stories, 1909 to 1922 Lucy Maud Montgomery, 2020-08-14 Reproduction of the original Lucy Maud Montgomery Short Stories 1909 to 1922 by Lucy Maud Montgomery **Documentary Editing** ,1998 the Next Frontier Matthew Wilhelm Kapell, 2016-02-19 The 1960s and early 70s saw the evolution of Frontier Myths even as scholars were renouncing the interpretive value of myths themselves Works like Joe Haldeman's The Forever War exemplified that rejection using his experiences during the Vietnam War to illustrate the problematic consequences of simple mythic idealism Simultaneously Americans were playing with expanded and revised versions of familiar Frontier Myths though in a contemporary context through NASA's lunar missions Star Trek and Gerard KO Neill's High Frontier This book examines the reasons behind the exclusion of Frontier Myths to the periphery of scholarly discourse and endeavors to build a new model for understanding their enduring significance This model connects NASA s failed attempts to recycle earlier myths wholesale to Star Trek s revision of those myths and rejection of the idea of a frontier paradise to O Neill s desire to realize such a paradise in Earth's orbit This new synthesis defies the negative connotations of Frontier Myths during the 1960s and 70s and attempts to resuscitate them for relevance in the modern academic context The New World of **Self-healing** Bente Hansen, 2006 Could natural foods self nurturing a positive outlook and heartfelt spirituality really make a difference in our health Bente Hansen's exciting new guide to wellness prescribes a holistic approach that emphasizes health on four levels physical mental emotional and spiritual From chakras and energy healing to diet and exercise the author explores many ways to promote wellness in our everyday lives Readers will learn about the unique energy field surrounding each one of us and how to avoid disease and illness by maintaining its dynamic structure Hansen also examines the benefits of meditation positive belief patterns sleep organic foods inner peace overcoming fear appreciating inner beauty and connecting with nature A CD of easy exercises and meditations is also included The Complete Short Stories of Lucy Maud Montgomery Lucy Maud Montgomery, 2023-12-24 In The Complete Short Stories of Lucy Maud Montgomery the celebrated author of Anne of Green Gables presents a compelling collection that encapsulates her mastery of character and narrative Montgomery skillfully weaves together themes of longing nature and the intricacies of human relationships against the backdrop of rural Canada Her literary style marked by rich descriptions and emotional depth allows readers to immerse
