

A First In Politics And Government

Tareq Y. Ismael, Jacqueline S. Ismael

A First In Politics And Government:

Japan's Nuclear Disaster and the Politics of Safety Governance Florentine Koppenborg, 2023-06-15 In Japan's Nuclear Disaster and the Politics of Safety Governance Florentine Koppenborg argues that the regulatory reforms taken up in the wake of the Fukushima disaster on March 11 2011 directly and indirectly raised the costs of nuclear power in Japan. The Nuclear Regulation Authority resisted capture by the nuclear industry and fundamentally altered the environment for nuclear policy implementation. Independent safety regulation changed state-business relations in the nuclear power domain from regulatory capture to top-down safety regulation which raised technical safety costs for electric utilities. Furthermore, the safety agency's extended emergency preparedness regulations expanded the allegorical backyard of NIMBY demonstrations. Antinuclear protests, mainly lawsuits challenging restarts, incurred additional social acceptance costs. Increasing costs undermined pronuclear actors' ability to implement nuclear power policy and caused a rift inside the nuclear village. Small nuclear safety administration reforms were in fact game-changers for nuclear power politics in Japan. Koppenborg's findings contribute to the vibrant conversations about the rise of independent regulatory agencies, crisis as a mechanism for change, and the role of nuclear power amid global interest in decarbonizing our energy supply.

Government and Politics of Tamil Nadu Mr. Rohit Manglik, 2023-06-23 In this book we will study about the political history, party systems, and governance structure of the state of Tamil Nadu. **University of Michigan Official Publication** University of Michigan, 1993 Each number is the catalogue of a specific school or college of the University.

Official Governance and Self-governance Qingzhi Zhou, 2022-11-29 This book offers a new interpretation of the evolution and modernization of social order in China's grass roots communities. Traditionally, social order at the grass roots level was maintained through an organic combination of self-rule by the people and authority rule by political leaders. As a hybrid form of social order, therefore, it not only has features of autonomy but also reflects the power of the state apparatus. Despite the modernization of the nation-state, the old rules sustaining social order at the grass roots level are still very much in effect and have seamlessly integrated into the new social structure. Unless we fully appreciate this fundamental continuity, we would not be able to understand how social order at the grass roots level today is upheld and functions. And the modernization of social order at the grass roots level is most fruitfully studied from the perspectives of the construction of modern public social relations and the development of grass roots systems of social autonomy. *Refounding Political Governance* Bruce Cutting, Alexander Kouzmin, 2011 *Refounding Political Governance: The Metaphysics of Public Administration* points to a possible paradigm shift in the way Anglo-American Public Administration should be understood and analyzed. The book presents a unique approach to the analysis of power, leadership, and management in Public Administration. The central theme is that humans make organizations in their own image, and these organizations in turn are a product of the way humans think and act. The book extrapolates from historical philosophy and personality typologies to

explain the dynamics and evolution of Public Administration *AQA AS/A-level Politics Student Guide 1: Government of the UK* Nick Gallop, Paul Fairclough, 2018-01-29 Exam board AQA Level A level Subject Politics First teaching September 2017 First exams Summer 2018 AS Summer 2019 A Level Reinforce your understanding throughout the course Clear topic summaries with sample questions and answers will help you improve your exam technique to achieve higher grades Written by experienced teachers Nick Gallop and Paul Fairclough this Student Guide for Politics Identifies the key content you need to know with a concise summary of topics examined in the AS A level specifications Enables you to measure your understanding with exam tips and knowledge check questions with answers at the end of the guide Helps you to improve your exam technique with sample answers to exam style questions Develops your independent learning skills with content you can use for further study and research *A Treatise on the method of observation and reasoning in politics* Sir George Cornwall Lewis, 1852 **Transforming Politics and Policy in the Digital Age** Bishop, Jonathan, 2014-04-30 Digital technology and the Internet have greatly affected the political realm in recent years allowing citizens greater input and interaction in government processes The mainstream media no longer holds all the power in political commentary Transforming Politics and Policy in the Digital Age provides an updated assessment of the implications of technology for society and the realm of politics The book covers issues presented by the technological changes on policy making and offers a wide array of perspectives This publication will appeal to researchers politicians policy analysts and academics working in e government and politics **Exopolitics: Politics, Government and Law in the Universe** Alfred Lambremont Webre, Jd Med Alfred Lambremont Webre, 2005 EXOPOLITICS is the evolution of Alfred Lambremont Webre s groundbreaking work as a futurist at the Stanford Research Institute where in 1977 he directed a proposed extraterrestrial communication study project for the Carter White House Exopolitics may turn the dominant view of our Universe upside down It reveals that we live on an isolated planet in the midst of a populated evolving and highly organized inter planetary inter galactic and multi dimensional Universe society It explores why Earth seems to have been quarantined for eons from a more evolved Universe society Exopolitics suggests specific steps to end our isolation by reaching out to the technologically and spiritually advanced civilizations that are engaging our world at this unique challenging time in human history *A Treatise on the Methods of Observation and Reasoning in Politics* Sir George Cornwall Lewis, 1852 *American Politics (non-partisan) from the Beginning to Date* Thomas Valentine Cooper, Hector Tyndale Fenton, 1884 **The ^AOxford Handbook of Japanese Politics** Robert J. Pekkanen, Saadia Pekkanen, 2021-10-11 Through more than 40 chapters by leading specialists the Oxford Handbook of Japanese Politics examines major aspects of both domestic politics and international relations In addition to providing a broad overview of contemporary Japanese politics the chapters are united by a shared question what is the nature and quality of Japanese democracy Contributors consider this matter alongside their individual subjects which together comprehensively address the central research topics of the field *Government and Politics of the Contemporary*

Foundations of European Politics Catherine E. De Vries, Sara Binzer Hobolt, Sven-Oliver Proksch, Jonathan B. Slapin, 2021 With its coherent analytical framework and accessible style Foundations of European Politics A Comparative Approach introduces students to comparative European politics through the lens of political science theory and data

Comparative Government and Politics Mohd Shafi Bhat, The discipline of Comparative Politics is becoming popular owing to the utilization of more and more sophisticated tools for understanding and explaining Political Reality Inter disciplinary focus on the themes of political significance has been responsible for explaining the frontiers of Political Science in the direction of an empirical study of several uncultivated regions considered as non nation areas The outcome is that traditional approaches to the study of politics resting primarily on the foundations of history ethics and law are being replaced by new approaches drawing inspiration from the varied disciplines of Social Sciences like Sociology Economics and Psychology The trend is towards taking the study of politics to the level of a scientific enquiry into the phenomenon of power In modern times the study of Modern Politics has assumed significance because of remarkable developments both at national and international levels of politics The decline of authoritarian and totalitarian regimes and the spread of democracy in and around the world have added new dimensions to the core subject of politics These dynamics in the politics have become the order of the day which highlights the existence and role of various political and Para political institutions in the world politics What becomes important is that the scope of subject has expanded which has helped in investigating and analyzing the working of the states in the present age of democratization modernization liberalization and globalization The changes in the domain of the subject are momentous and profound The present volume is one such attempt to highlight and deal with the varied concerns and notions of Comparative Politics

International Politics and National Political Regimes Peter Burnell, Oliver Schlumberger, 2014-06-11 There is much speculation about whether democracy is still

advancing around the world and the influence that leading authoritarian or semi authoritarian regimes such as Russia are starting to have on the trends This collection assesses global trends in democratisation reviews the condition of international democracy promotion and enquires into whether serious competition in the form of autocracy promotion is now a major possibility The influence of international politics on national political regimes is explored in more detail for Russia s resistance to democracy promotion and Russian influence on regimes in Central Asia in particular along with an Indian perspective on India s reluctance to push for democracy abroad and concerns that democracy promotion itself should be considered more critically if it undermines democratisation in foreign aid dependent states The book concludes by briefly addressing the potential significance of the 2011 Arab spring for these themes This book was published as a special issue of Contemporary Politics

Political Judgement Richard Bourke,Raymond Geuss,2009-08-20 Leading scholars re examine political judgement attempting to understand the relationship between political theory and political practice Safire's Political Dictionary William Safire,2008 Featuring more than one thousand new rewritten and updated entries this reference on American politics explains current terms in politics economics and diplomacy

Politics and Governance in the UK Michael Moran,2017-10-13 The third edition of this comprehensive and innovative textbook provides an invaluable narrative and insight into the ever changing landscape of British politics Updated to cover the 2015 General Election the Scottish independence referendum and changing relations with the European Union this extensively revised new edition sets out to provide students with a clear understanding of the core features of British politics and contemporary governance as well as an examination of the way in which the governing process is becoming increasingly multi level and multi agency Written in a concise and accessible style by one of the leading authors in the field this engaging text provides an illuminating framework that draws on the range of analytical issues and theoretical debates in the study of British politics Through Moran s unrivalled account of the way Britain is governed it is clear to see why this text continues to be essential reading for undergraduate students of British politics New to this Edition Continued discussion on the influence of EU membership on British politics A distinct emphasis on the rising importance of management in the system of government New 2017 update covers both the 2016 EU Referendum and the 2017 General Election as well as their repercussions for British politics
