**We are at Home** Bruce White, Bruce M. White, 2008-02 In this collection of more than 200 stunning and storied photographs ranging from daguerreotypes to studio portraits to snapshots historian Bruce White explores historical images taken of Ojibwe people through 1950 and considers the negotiation that went on between the photographers and the photographed and what power the latter wielded Ultimately this book tells more about the people in the pictures what they were doing on a particular day how they came to be photographed how they made use of costumes and props than about the photographers who documented and in some cases doctored views of Ojibwe life **A Forever Story** Thomas D. Peacock, 1999-03 A Forever Story paints a tapestry of the people and community of the Fond du Lac Band of Lake Superior Chippewa Ojibwe in Northern Minnesota Written and overseen by members of the Fond du Lac Band as a gift to future generations the book is intended to help people understand the history of the Fond du Lac Reservation The history of the Ojibwe is akin to a story that begins at the time of creation and has continued for thousands of years from the days of the migrations to settling in Northern Minnesota to the comings and goings of recent times We are all a part of a story that goes on forever Our children continue our story and their children theirs Back cover **The Murder of Joe White** Erik M. Redix, 2014-09-01 In 1894 Wisconsin game wardens Horace Martin and Josiah Hicks were dispatched to arrest Joe White an Ojibwe ogimaa chief for hunting deer out of season and off reservation Martin and Hicks found White and made an effort to arrest him When White showed reluctance to go with the wardens they started beating him he attempted to flee and the wardens shot him in the back fatally wounding him Both Martin and Hicks were charged with manslaughter in local county court and they were tried by an all white jury A gripping historical study The Murder of Joe White contextualizes this event within decades of struggle of White's community at Rice Lake to resist removal to the Lac Courte Oreilles Reservation created in 1854 at the Treaty of La Pointe While many studies portray American colonialism as defined by federal policy The Murder of Joe White seeks a much broader understanding of colonialism including the complex role of state and local governments as well as corporations All of these facets of American colonialism shaped the events that led to the death of Joe White and the struggle of the Ojibwe to resist removal to the reservation Tribal Worlds Brian Hosmer, Larry Nesper, 2013-03-04 Tribal Worlds considers the emergence and general project of indigenous nationhood in several geographical and historical settings in Native North America Ethnographers and historians address issues of belonging peoplehood sovereignty conflict economy identity and colonialism among the Northern Cheyenne and Kiowa on the Plains several groups of the Ojibwe the Makah of the Northwest and two groups of Iroquois Featuring a new essay by the eminent senior scholar Anthony F C Wallace on recent ethnographic work he has done in the Tuscarora community as well as provocative essays by junior scholars Tribal Worlds explores how indigenous nationhood has emerged and been maintained in the face of aggressive efforts to assimilate Native peoples History of the Ojibway People, Second Edition William

Whipple Warren,2009-07 William W Warren s History of the Ojibway People has long been recognized as a classic source on Ojibwe history and culture Warren the son of an Ojibwe woman wrote his history in the hope of saving traditional stories for posterity even as he presented to the American public a sympathetic view of a people he believed were fast disappearing under the onslaught of a corrupt frontier population He collected firsthand descriptions and stories from relatives tribal leaders and acquaintances and transcribed this oral history in terms that nineteenth century whites could understand focusing on warfare tribal organizations and political leaders First published in 1885 by the Minnesota Historical Society the book has also been criticized by Native and non Native scholars many of whom do not take into account Warren s perspective goals and limitations Now for the first time since its initial publication it is made available with new annotations researched and written by Professor Theresa Schenck A new introduction by Schenck also gives a clear and concise history of the text and of the author firmly establishing a place for William Warren in the tradition of American Indian intellectual thought

history and the ancient oral traditions of Indian cultures detailing ethical and legal parameters and addressing the different motivations for and uses of oral histories in tribal community and academic settings Within that crucial context the authors provide a practical step by step guide to project planning equipment and budgets and the conduct and processing of interviews followed by a set of examples from a variety of successful projects key forms ready for duplication and the Oral History Association Evaluation Guidelines This manual is the go to text for everyone involved with oral history related to American Indians

**Schooling Experiences of Women Elders from the Fond Du Lac Reservation who Attended School in the 1950s and 1960s** Dorothy Marie Olson, 2005 Ojibwe Waasa Inaabidaa Thomas D. Peacock, Marlene Wisuri, 2002 A uniquely personal history of the Ojibwe culture **Seasons of Change** Chantal Norrgard, 2014 Seasons of Change Labor Treaty Rights and Ojibwe Nationhood **Holding Our World Together** Brenda J. Child, 2012-02-16 A groundbreaking exploration of the remarkable women in Native American communities Too often ignored or underemphasized in favor of their male warrior counterparts Native American women have played a more central role in guiding their nations than has ever been understood Many Native communities were in fact organized around women s labor the sanctity of mothers and the wisdom of female elders In this well researched and deeply felt account of the Ojibwe of Lake Superior and the Mississippi River Brenda J Child details the ways in which women have shaped Native American life from the days of early trade with Europeans through the reservation era and beyond The latest volume in the Penguin Library of American Indian History Holding Our World Together illuminates the lives of women such as Madeleine Cadotte who became a powerful mediator between her people and European fur traders and Gertrude Buckanaga whose postwar community activism in Minneapolis helped bring many Indian families out of poverty Drawing on these stories and others Child offers a powerful tribute to the many courageous women who sustained Native communities through the darkest challenges of the last three centuries

**Honoring Elders** Michael D. McNally, 2009-08-06 Like many Native Americans Ojibwe people esteem the wisdom authority and religious significance of old age but this respect does not come easily or naturally It is the fruit of hard work rooted in narrative traditions moral vision and ritualized practices of decorum that are comparable in sophistication to those of Confucianism Even as the dispossession and policies of assimilation have threatened Ojibwe peoplehood and have targeted the traditions and the elders who embody it Ojibwe and other Anishinaabe communities have been resolute and resourceful in their disciplined respect for elders Indeed the challenges of colonization have served to accentuate eldership in new ways Using archival and ethnographic research Michael D McNally follows the making of Ojibwe eldership showing that deference to older women and men is part of a fuller moral aesthetic and cosmological vision connected to the ongoing circle of life a tradition of authority that has been crucial to surviving colonization McNally argues

that the tradition of authority and the authority of tradition frame a decidedly indigenous dialectic eluding analytic frameworks of invented tradition and naïve continuity Demonstrating the rich possibilities of treating age as a category of analysis McNally provocatively asserts that the elder belongs alongside the priest prophet sage and other key figures in the study of religion     *Cecilia Lafayette Connor*,2006     **Native American Literature in Tribal Context** Margaret Ann Noori,2001     *Effects of Boarding School Education on American Indian Families* Linda LeGarde Grover,1999
