**The 92nd Infantry Division and the Italian Campaign in World War II** Daniel K. Gibran, 2017-07-06 This work focuses on the all black 92nd Infantry Division in the Italian Campaign in World War II and the poor combat performance of the division in Italy An introduction provides an overall view of the Italian Campaign and the role of the 92nd Infantry Division The author then examines the reasons for the division's troubles on and off the battlefield such as the low morale among the soldiers because of racial segregation the limited facilities provided for them and their lack of trust in their leadership All of these issues are explored at length Information on the early life and military training and experience of General Ned Almond is provided along with the stories of Vernon Baker and John Fox who emerged as leaders but endured a long struggle for recognition The author concludes this work on a personal note by telling of his involvement as principal investigator of Acting Secretary of the Army John Shannon's study of why no African American received the Medal of Honor in World War II a situation that was rectified in the late 1990s See Elliott V Converse Daniel K Gibran et al The Exclusion of Black Soldiers from the Medal of Honor in World War II McFarland 1997 29 95

**My Father's War** Carolyn Johnston, 2012-08-03 The author draws on her father's account of the war and her extensive interviews with other veterans of the 92nd Division to describe the experiences of a naive southern white officer and his segregated unit on an intimate level During the war the protocol that required the assignment of southern white officers to command black units both in Europe and in the Pacific theater was often problematic but Johnston seemed more successful than most earning the trust and respect of his men at the same time that he learned to trust and respect them Gene Johnston and the African American soldiers were transformed

by the war and upon their return helped transform the nation The 92nd Division of the Fifth Army was the only African American infantry division to see combat in Europe during 1944 and 1945 suffering more than 3 200 casualties Members of this unit known as Buffalo Soldiers endured racial violence on the home front and experienced racism abroad Engaged in combat for nine months they were under the command of southern white infantry officers like their captain Eugene E Johnston

**Dogface Soldier** Wilson A. Heefner, 2010-05-05 On July 11 1943 General Lucian Truscott received the Army's second highest decoration the Distinguished Service Cross for valor in action in Sicily During his career he also received the Army Distinguished Service Medal with Oak Leaf Cluster the Navy Distinguished Service Medal the Legion of Merit and the Purple Heart Truscott was one of the most significant of all U S Army generals in World War II pioneering new combat training methods including the famous Truscott Trot and excelling as a combat commander turning the Third Infantry Division into one of the finest divisions in the U S Army He was instrumental in winning many of the most important battles of the war participating in the invasions of North Africa Sicily Anzio and southern France Truscott was not only respected by his peers and dogfaces common soldiers alike but also ranked by President Eisenhower as second only to Patton whose command he took over on October 8 1945 and led until April 1946 Yet no definitive history of his life has been compiled Wilson Heefner corrects that with the first authoritative biography of this distinguished American military leader Heefner has undertaken impressive research in primary sources as well as interviews with family members and former associates to shed new light on this overlooked hero He presents Truscott as a soldier who was shaped by his upbringing civilian and military education family life friendships and evolving experiences as a commander both in and out of combat Heefner's brisk narrative explores Truscott's career through his three decades in the Army and defines his roles in key operations It also examines Truscott's postwar role as military governor of Bavaria particularly in improving living conditions for Jewish displaced persons removing Nazis from civil government and assisting in the trials of German war criminals And it offers the first comprehensive examination of his subsequent career in the Central Intelligence Agency where he served as senior CIA representative in West Germany during the early days of the Cold War and later as CIA Director Allen Dulles's deputy director for coordination in Washington *Dogface Soldier* is a portrait of a man who earned a reputation for being honest forthright fearless and aggressive both as a military officer and in his personal life a man who at the dedication ceremony for the Anzio Nettuno American cemetery in 1945 turned away from the crowd and to the thousands of crosses stretching before him to address those buried there Heefner has written a definitive biography of a great soldier and patriot *Special Bibliographic Series* US Army Military History Research Collection, *Buffalo Soldiers in Italy* Hondon B. Hargrove, 2016-05-06 The 92nd Infantry Buffalo Division was the last segregated all black U S Army division and the only black division to fight in World War II in Europe The few media references to the division have reflected generally unfavorable contemporary evaluations by white commanders The present work reflects an analysis of numerous records and

interviews that refute the negative impressions and demonstrate that these 13 500 soldiers gained their share of victories under hardships no others were expected to meet

During World War II tens of thousands of African Americans served in segregated combat units in U S armed forces The majority of these units were found in the U S Army and African Americans served in every one of the combat arms They found opportunities for leadership unparalleled in the rest of American society at the time Several reached the field grade officer ranks and one officer reached the rank of brigadier general Beyond the Army the Marine Corps refused to enlist African Americans until ordered to do so by the president in June 1942 and two African American combat units were formed and did see service during the war While the U S Navy initially resisted extending the role of African American sailors beyond kitchens eventually the crew of two ships was composed exclusively of African Americans The Coast Guard became the first service to integrate initially with two shipboard experiments and then with the integration of most of their fleet Finally the famous Tuskegee airmen are covered in the chapter on air warfare *Proud Warriors* makes the case that the wartime experiences of combat units such as the Tank Battalions and the Tuskegee Airmen ultimately convinced President Truman to desegregate the military without which the progress of the Civil Rights Movement might also have been delayed

*The Exclusion of Black Soldiers from the Medal of Honor in World War II* Elliott V. Converse, Daniel K. Gibran, John A. Cash, 2015-06-14 The purpose of this study commissioned by the Army was to document the process by which the Congressional Medal of Honor was awarded from December 7 1941 through September 1 1948 to identify units in which African Americans served to identify by name all black soldiers whose names were submitted for the medal and to document any errors in the processing of their nominations and to compile a list of all black soldiers who received the Distinguished Service Cross the second highest award Based on this work in January 1997 President Clinton awarded seven African Americans the Medal of Honor The authors were selected by Shaw University of Raleigh North Carolina to conduct this study under a United States Army contract

Edward M. Almond and the US Army Michael E. Lynch, 2019-10-15 This study presents a comprehensive look at a complex man who exhibited an unfaltering commitment to the military and to his soldiers but whose career was marked by controversy As a senior Army officer in World Wars I and II Lt Gen Edward M Almond lived by the adage that units don t fail leaders do He was chosen to command the 92nd Infantry Division one of only two African American divisions to see combat during WWII but when the infantry performed poorly in Italy in 1944 1945 he asserted that it was due to their inferiority as a race and not their maltreatment by a separate but unequal society He would later command the X Corps during the Inchon invasion that changed the course of the Korean War but his accomplishments would be overshadowed by his abrasive personality and tactical mistakes This book addresses how Almond s early education at the Virginia Military Institute with its strong Confederate and military influences shaped his military prowess Presented is a

thorough assessment of Almond's military record how he garnered respect for his aggressiveness courage in combat strong dedication and leadership and how he was affected by the loss of his son and son in law in combat during WWII Following the war Almond would return to the US to assume command of the US Army War College but would find himself unprepared for a changing world This volume asserts that since his death his bigoted views have come to dominate his place in history and undermine his military achievements      **Ethnic and Racial Minorities in the U.S. Military** Alexander M.

Bielakowski,2013-01-11 This encyclopedia details the participation of individual ethnic and racial minority groups throughout U S military history Ethnic and Racial Minorities in the U S Military An Encyclopedia is unique in its coverage of nearly all major ethnic and racial minority groups as opposed to reference works that have focused only on individual ethnic or racial minority groups It acknowledges the military contributions of African Americans Asian Americans French Americans German Americans Hispanic Americans Irish Americans Jewish Americans and Native Americans This timely work highlights the individuals and events that have shaped the experience of minorities in U S conflicts The work provides a comprehensive encyclopedia covering the role of all major ethnic and racial minorities in the United States during wartime Additionally it considers how the integration of servicemen in the U S military set the precedent for the eventual desegregation of America's civilian population      **African American Troops in World War II** Alexander Bielakowski,2012-03-20 A concise history of

the service records and combat experience of the African American troops who rose above discrimination to fight for the Allied cause and paved the way for integrated armed forces About half a million African Americans served overseas during World War II almost all in segregated second line units This artificially limited their potential contribution but their work especially along the logistic lifelines of the fighting divisions was vital This book summarizes the service of these men and women and it also focuses on the small proportion who remarkably overcame prejudicial barriers to reach the battlefields in combat units of the US forces and Coast Guard Their story is illustrated with wartime photographs and color plates including portraits of the most outstanding African Americans the true heirs of the old Buffalo Soldiers      *United States Army Unit*
