A Gathering Of Strangers Understanding The Life In Your Church:

A Gathering of Strangers Robert C. Worley, 1983 **More Than Meets the Eye** Dennis E. Hensley, 2004-05-12 Using experiences and things from ordinary life this widely published author pulls back the curtain to reveal an extraordinary God and gives practical advice on life More than just a great devotional Liz Curtis Higgs best selling author of *Bad Girls of the Bible* *Congregation* James F. Hopewell, In a unique full scale study of congregational life Hopewell shows that it is narrative the oral tradition that knits a congregation together *Spiritually Revitalizing Your Community of Faith through Prayer* Robert Arthur Hansen, DMin, 2023-08-03 As we enter a Community of Faith for the first time we are naturally drawn to a shared spirituality It may be a congregation synagogue mosque or temple It is shared spiritually of the people at prayer which attracts us and draws us to unite with others in prayer There are three shared stands of any Community of Faith their shared faith tradition the culture of the community and the personalities of the members This book examines the elements of tradition culture and personal temperament to determine how the three become spiritually integrated at the moment of prayer The conclusion is that through an explicit assessment of these three elements members of the faith community can enrich their personal spiritual life resulting in spiritual growth and can ultimately revitalize the spiritual prayer life of the community of faith The book is a spiritual intervention of a Presbyterian congregation in Central New York in the 1980s I'm grateful for the prayer group that committed there Wednesday nights during 1986 This is their story of how they were able to revitalize the spiritual life of a 150 year old three hundred member Presbyterian congregation **Dry Bones Live** Robert H. Craig, 1993-02-01 Robert Craig and Robert Worley have written this practical book as an aid to revitalizing church organizations especially ones that perceive themselves as victims of outside forces It is an excellent resource that offers guidance to congregations evaluating their current position and planning for renewal **Congregations** Carl Ellis Nelson, 1988-01-01 C Ellis Nelson has collaborated with and collected the works of ten leaders experienced in congregational affairs to design and produce a resource that helps ministers and lay leaders understand the dynamics of congregations The result is an engaging collection that will help pastors and church leaders invigorate their congregations **God's Missionary People** Charles E. Van Engen, 1991-09 A world claiming theology of the church draws on ancient and modern thoughts The author focuses on how the church can grow to become in reality God's missionary people *Importing Faith* Glyn J. Ackerley, 2016-07-28 Many twenty first century evangelical charismatics in Britain are looking for a faith that works They want to experience the miraculous in terms of healings and Godsent financial provision Many have left the mainstream churches to join independent charismatic churches led by those who are perceived to have special insights and to teach principles that will help believers experience the miraculous But all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith This study discovers the origin of the principles that are taught by some charismatic leaders Glyn Ackerley identifies them as the same ideas that are

taught by the positive confession health wealth and prosperity movement originating in the United States The origins of the ideas are traced back to New Thought metaphysics and its background philosophies of subjective idealism and pragmatism These principles were imported into the UK through contact between British leaders and those influenced by American word of faith teachers Glyn Ackerley explains the persuasiveness of such teachers by examining case studies suggesting their miracles may well have social and psychological explanations rather than divine origins *Catalog of Copyright Entries.
