The Selected Works of Andrew Lang Andrew Lang, When the learned first gave serious attention to popular ballads from the time of Percy to that of Scott they laboured under certain disabilities The Comparative Method was scarcely understood and was little practised Editors were content to study the ballads of their own countryside or at most of Great Britain Teutonic and Northern parallels to our ballads were then adduced as by Scott and Jamieson It was later that the ballads of Europe from the Faroes to Modern Greece were compared with our own with European children's tales and with the popular songs dances and traditions of classical and savage peoples The results of this more recent comparison may be briefly stated Poetry begins as Aristotle says in improvisation Every man is his own poet and in moments of strong emotion expresses himself in song A typical example is the Song of Lamech in Genesis I have slain a man to my wounding And a young man to my hurt Instances perpetually occur in the Sagas Grettir Egil Skarphedin are always singing In Kidnapped Mr Stevenson introduces The Song of the Sword of Alan a fine example of Celtic practice words and air are beaten out together in the heat of victory In the same way the women sang improvised dirges like Helen lullabies like the lullaby of Danae in Simonides and flower songs as in modern Italy Every function of life war agriculture the chase had its appropriate magical and mimetic dance and song as in Finland among Red Indians and among Australian blacks The deeds of men were chanted by heroes as by Achilles stories were told in alternate verse and prose girls like Homer's Nausicaa accompanied dance and ball play priests and medicine men accompanied rites and magical ceremonies by songs These practices are world wide and world old The thoroughly popular songs thus evolved became the rude material of a professional class of minstrels when these arose as in the heroic age of Greece A minstrel might be attached to a Court or a noble or he might go wandering with song and harp among the people In either case this class of men developed more regular and ample measures They evolved the hexameter the laisse of the Chansons de Geste the strange technicalities of Scandinavian poetry the metres of Vedic hymns the choral odes of Greece The narrative popular chant became in their hands the Epic or the mediaeval rhymed romance The metre of improvised verse changed into the artistic lyric These lyric forms were fixed in many cases by the art of writing But poetry did not remain solely in professional and literary hands The mediaeval minstrels and jongleurs who may best be studied in Leconte de Lisle's Introduction to his *Epopées Françaises* sang in

Court and Camp The poorer less regular brethren of the art harped and played conjuring tricks in farm and grange or at street corners The foreign newer metres took the place of the old alliterative English verse But unprofessional men and women did not cease to make and sing One Path For All Rowan A. Greer,J. Warren Smith,2015-03-04 In his writings and his career Gregory of Nyssa assumes many roles He is a Christian Platonist a spiritual guide for ascetics and those seeking the vision of God as well as one of those who shaped the Trinitarian doctrine of God espoused at Constantinople in 381 But he is also a popular preacher and paradoxically someone unafraid of deeper speculations regarding the meaning of the Christian ideal The translations in Part One illustrate these various concerns but are not a sufficient basis for the thesis of Part Two one that attempts to answer the question of how to describe the coherence of a thinker far from systematic One solution is to appeal to Gregory s conviction that after this world all Christians indeed all humans will be united in diversity and that this means that all are now on the one path to their destiny however much their progress may differ This answer does not pretend to solve all problems nor does it rule out other approaches to Gregory s thought But it locates Gregory s work in the liturgical and sacramental life of the church that includes ordinary as well as elite Christians *Shakespeare and the Romance Ending* R.
