**The CIA as Organized Crime** Douglas Valentine, 2016-11-28 This book provides insight into the paradigmatic approaches evolved by CIA decades ago in Vietnam which remain operational practices today in Afghanistan El Salvador Iraq Syria Yemen and elsewhere Valentine s research into CIA activities began when CIA Director William Colby gave him free access to interview CIA officials who had been involved in various aspects of the Phoenix program in South Vietnam The CIA would rescind it making every effort to impede publication of The Phoenix Program which documented the CIA s elaborate system of population surveillance control entrapment imprisonment torture and assassination in Vietnam While researching Phoenix Valentine learned that the CIA allowed opium and heroin to flow from its secret bases in Laos to generals and politicians on its payroll in South Vietnam His investigations into this illegal activity focused on the CIA s relationship with the federal drugs agencies mandated by Congress to stop illegal drugs from entering the United States Based on interviews with senior officials Valentine wrote two subsequent books The Strength of the Wolf and The Strength of the Pack showing how the CIA infiltrated federal drug law enforcement agencies and commandeered their executive management intelligence and foreign operations staffs in order to ensure that the flow of drugs continues unimpeded to traffickers and foreign officials in its employ Ultimately portions of his research materials would be archived at the National Security Archive Texas Tech University s Vietnam Center and John Jay College This book includes excerpts from the above titles along with updated articles and transcripts of interviews on a range of current topics with a view to shedding light on the systemic dimensions of the CIA s ongoing illegal and extra legal activities These terrorism and drug law enforcement articles and interviews illustrate how the CIA s activities impact social and political movements abroad and in the United

States A common theme is the CIA s ability to deceive and propagandize the American public through its impenetrable government sanctioned shield of official secrecy and plausible deniability Though investigated by the Church Committee in 1975 CIA praxis then continues to inform CIA praxis now Valentine tracks its steady infiltration into practices targeting the last population to be subjected to the exigencies of the American empire the American people Cubs Forever Bob Vorwald,2008-03-01 Cubs Forever celebrates the 60 year romance between the team the superstition and the fans It brings to life some of the great games and moments in the team s history such as Ernie Banks 500th home run the first night game at Wrigley Field and four no hitters Add in stories from the men who work behind the scenes at Wrigley and WGN plus interviews with the team s many stars over this six decade period and you have a baseball bonanza for fans of all ages
