Tuscany* Don McPherson, 2006-11-03 AUTHORS REVIEW and COMMENTS on Ah Tuscany the Enlightenment of an Expatriate Five years ago my wife Silvia and I purchased a condominium in San Gimignano This book is my story of what followed Unlike most books there is no obvious story line throughout and this presented me with the challenge of leaving the reader with what at the end coalesces into a complete story There are however two shorter story lines The first is locating purchasing improving and furnishing an apartment near San Gimignano and the second woven throughout the book concerns obtaining our permission to live in Italy official residency car ownership and registration Carta di Soggiorno citizenship and documents for a stolen car Otherwise the book is a mosaic of personal experiences and observations that encompass our living experience and in the end it becomes clear that the real story is about getting to know the customs and people sufficiently that we felt truly at home in San Gimignano For example I describe shops restaurants a visit to the mayor's office the grape harvest and wine making olive harvest and mushroom hunt and interactions with workmen our artisans I take the reader traveling to Volterra Florence Siena Certaldo and Poggibonsi and Tuscan villages We go cycling take country walks and become acquainted with ancient books the art scene sunsets and winter in San Gimignano I describe money laundering medical services doctor visits pharmacies and the payment or avoidance of taxes We learn several difficult lessons concerning government controlled services utilities banks telephone post computer connection water and traffic violations We learn the importance of notaries and town registrar anagrafe I make observations on politics TV strikes and the press on All Saints Day barbers how a condominium functions and festivals During the entire process we develop valued friendships and transition from outsiders to residents who truly belong to San Gimignano There is a separate chapter on the special issue of Tuscan Way of Life the strange dichotomy of aggressive governance vs beautiful life style and wonderfully warm friendly people and another on the history of San Gimignano My Target Audience comprises two groups those who enjoy reading about life in Italy particularly Tuscany and those adventurers who are either considering living in Italy or actually doing so Both groups and indeed all readers who enjoy travel will be entertained by many humorous and sometimes hilarious events surrounding the mysterious bureaucratic machinations of government while those thinking of living there may better prepare themselves for the adventure But all readers are sure to enjoy the pleasures of Tuscan friendliness culture and customs The living of this story has been an experience of a lifetime From friends and unknown readers alike I receive reports of pleasure enjoyment and amazement I therefore recommend the book to you and wish that many more will decide to share in my story Don McPherson click to get published <http://outskirtspress.com/cgi-agent.cgi?key=22944> [The Tuscan Voyage](#) Pasquale De Marco, In the heart of Tuscany amidst rolling hills cypress lined roads and charming hilltop towns a couple embarks on a life changing journey that will forever

Framing the Early Middle Ages Chris Wickham, 2006-11-30 The Roman empire tends to be seen as a whole whereas the early middle ages tends to be seen as a collection of regional histories roughly corresponding to the land areas of modern nation states As a result early medieval history is much more fragmented and there have been few convincing syntheses of socio economic change in the post Roman world since the 1930s In recent decades the rise of early medieval archaeology has also transformed our source base but this has not been adequately integrated into analyses of documentary history in almost any country In Framing the Early Middle Ages Chris Wickham combines documentary and archaeological evidence to create a comparative history of the period 400-800 His analysis embraces each of the regions of the late Roman and immediately post Roman world from Denmark to Egypt The book concentrates on classic socio economic themes state finance the wealth and identity of the aristocracy estate management peasant society rural settlement cities and exchange These give only a partial picture of the period but they frame and explain other developments Earlier syntheses have taken the development of a single region as typical with divergent developments presented as exceptions This book takes all different developments as typical and aims to construct a synthesis based on a better understanding of difference and the reasons for it
