**Washington** Lurana Donnels O'Malley, 2025-07-11 This book examines how early twentieth century Black theatre artists depicted national mythologies of the United States White authored pageants and plays written for the 1932 Bicentennial celebration of George Washington's birthday relegated Black Americans to the periphery through racist stereotyping Black activists Mary Church Terrell and W E B Du Bois seized the opportunity to place Black people at center stage and to revise contemporary views of Washington and of Black achievement Terrell's Historical Pageant Play Based on the Life of Phillis Wheatley and Du Bois's George Washington and Black Folk dramatize how the achievements of Black men and women fit into the US origin story Terrell's script is a biography of the life of the enslaved African poet Phillis Wheatley Du Bois's pageant is a transgressive revision of the Washington myth The book's chapters contextualize these plays within the larger Bicentennial event O'Malley also includes her edited version of Terrell's script published here for the first time This interdisciplinary book will be a valuable resource for college and university courses in American theatre and performance studies Black Studies and Women's Studies      *Lincoln and Citizenship* Mark E. Steiner, 2021-04-30 This book is about citizenship or membership in a political community and Lincoln's evolving understanding of who belonged and who didn't belong in that community between 1837 and 1865

*Lincoln's Hundred Days* Louis P. Masur, 2012-09-22 The time has come now Abraham Lincoln told his cabinet as he presented the preliminary draft of a Proclamation of Emancipation Lincoln's effort to end slavery has been controversial from its inception when it was denounced by some as an unconstitutional usurpation and by others as an inadequate half measure up to the present as historians have discounted its import and impact At the sesquicentennial of the Emancipation Proclamation Louis Masur seeks to restore the document's reputation by exploring its evolution Lincoln's Hundred Days is the first book to tell the full story of the critical period between September 22 1862 when Lincoln issued his preliminary Proclamation and January 1 1863 when he signed the final significantly altered decree In those tumultuous hundred days as battlefield deaths mounted debate raged Masur commands vast primary sources to portray the daily struggles and enormous consequences of the president's efforts as Lincoln led a nation through war and toward

emancipation With his deadline looming Lincoln hesitated and calculated frustrating friends and foes alike as he reckoned with the anxieties and expectations of millions We hear these concerns from poets cabinet members and foreign officials from enlisted men on the front and free blacks as well as slaves Masur presents a fresh portrait of Lincoln as a complex figure who worried about listened to debated prayed for and even joked with his country and then followed his conviction in directing America toward a terrifying and thrilling unknown *In Hope of Liberty* James Oliver Horton,Lois E. Horton,1998 The northern free black American community 1700 1860 gained visibility and voice on culture race and class in the colonial north It shows the evolution of family and household culture and politics as part of the African American identity Seeds of Victory James Ellman,2025-07-15 How pivotal American defeats fueled crucial victories through resilience and strategic adaptation shaping the nation s path from loss to triumph in warfare Like all armed forces the United States military while celebrated for its victories has been repeatedly defeated on the battlefield throughout its long history Unlike other nations the United States has shown a remarkable ability to bounce back from defeat to learn from the loss recover and achieve victory In this book James Ellman who has established a reputation for his reconsiderations of military history takes a close look at eight such pivot points on the ground in the air and at sea from the American Revolution through the Korean War Long Island 1776 to Trenton and Princeton 1777 Charleston 1780 to Cowpens and Guilford Court House 1781 Invasion of Canada 1812 to Battles of Lake Erie and the Thames 1813 First Bull Run 1861 to Antietam 1862 Pearl Harbor 1941 to Midway 1942 Luzon 1942 to Buna Gona 1943 Schweinfurt 1943 to the Big B 1944 Chongchon River 1950 to Operation Ripper 1951 In brisk narratives Ellman describes each battle explaining how it was fought and lost and then shifts gears to detail how leaders military as well as civilian such as George Washington Abraham Lincoln Chester Nimitz Douglas MacArthur James Doolittle and Matthew Ridgway assessed the factors that led to defeat and made changes to training tactics and strategy so that American forces entered the next battle wiser and able to win Ellman then uses this framework to evaluate the wars waged in more recent decades in Vietnam Afghanistan and Iraq Surprisingly despite the accepted consensus that these conflicts resulted in painful defeats the American military repeatedly showed its historic ability to react and recover and if not achieve victory at least stabilize the situation on the battlefield While US forces eventually pulled out of these three conflicts the overarching Cold War and War on Terror were still concluded in America s favor As this book makes clear the history of the United States at war is to a surprising degree the story of tenacity in the wake of defeat of flexibility and adaptability on the path to victory This is essential reading for understanding how battles are lost and won

Library,1866      **Abraham Lincoln** Michael Burlingame,2013-04-01 Now in paperback this award winning biography has been hailed as the definitive portrait of Lincoln In the first multi volume biography of Abraham Lincoln to be published in decades Lincoln scholar Michael Burlingame offers a fresh look at the life of one of America s greatest presidents Incorporating the field notes of earlier biographers along with decades of research in multiple manuscript archives and long neglected newspapers this remarkable work will both alter and reinforce current understanding of America s sixteenth president In volume 2 Burlingame examines Lincoln s presidency and the trials of the Civil War He supplies fascinating details on the crisis over Fort Sumter and the relentless office seekers who plagued Lincoln He introduces readers to the president s battles with hostile newspaper editors and his quarrels with incompetent field commanders Burlingame also interprets Lincoln s private life discussing his marriage to Mary Todd the untimely death of his son Willie to disease in 1862 and his recurrent anguish over the enormous human costs of the war      **Black Patriots and Loyalists** Alan Gilbert,2020-03-04 A surprising look at the roles of African Americans in the Revolutionary War An elegant and passionate writer Alan Gilbert pulls no punches Historian We think of the American Revolution as the war for independence from British colonial rule But of course that independence actually applied to only a portion of the American population African Americans would still be bound in slavery for nearly another century Drawing on first person accounts and primary sources Alan Gilbert asks us to rethink what we know about the Revolutionary War to realize that while white Americans were fighting for their freedom many black Americans were joining the British imperial forces to gain theirs Further a movement led by sailors both black and white pushed strongly for emancipation on the American side There were actually two wars being waged at once a political revolution for independence from Britain and a social revolution for emancipation and equality planting the seeds for future freedom The personal stories of those who fought on the patriots side in an all black regiment and on the loyalist side in exchange for a promise of freedom are fascinating and informative Booklist
