A History Of Christian Thought Volume Ii:

A History of Christian Thought Justo L. González, 1987 In this first of a three part series designed to display the rich variety and complexity in Christian thought both theological students and lay readers can benefit from Dr Gonzalez broad ecumenical scope and theological understanding Publisher **A History of Christian Thought** Justo L. González, 1971

A History of Christian Thought, V1-2 Juergen Ludwig Neve, Otto William Heick, 2012-09-01 In Two Volumes Volume 1 History Of Christian Doctrine Volume 2 History Of Protestant Theology *The Papers of Martin Luther King, Jr., Volume II* Martin Luther King Jr., 2023-11-15 Martin Luther King Jr s ideas his call for racial equality his faith in the ultimate triumph of justice his insistence on the power of nonviolence to bring about a major transformation of American society are as vital and timely as ever The wealth of his writings both published and unpublished are now preserved in this authoritative chronologically arranged multi volume edition Volume Two begins with King s doctoral work at Boston University and ends with his first year as pastor of the historic Dexter Avenue Baptist Church in Montgomery Alabama It includes papers from his graduate courses and a fully annotated text of his dissertation There is correspondence with people King knew in his years prior to graduate school and a transcription of the first known recording of a King sermon We learn too that Boston was where King met his future wife Coretta Scott Accepting the call to serve Dexter the young King followed the church s tradition of socially active pastors by becoming involved in voter registration and other social justice issues In Montgomery he completed his doctoral work and he and Coretta Scott began their marriage The Papers of Martin Luther King Jr represents a testament to a man whose life and teaching have had a profound influence not only on Americans but on people of all nations The Martin Luther King Jr Papers Project at Stanford University was established by the Center for Nonviolent Social Change Inc in 1984 Martin Luther King Jr s ideas his call for racial equality his faith in the ultimate triumph of justice his insistence on the power of nonviolence to bring about a major transformation of American society are as vital and timely as ever The wealth of A History of Christian Thought Volume I Dr. Justo L. Gonzalez, 2010-09-01 A treatment of the evolution of Christian thought from the birth of Christ to the Apostles to the early church to the great flowering of Christianity across the world The first volume introduces the central figures and debates culminating in the Councils of Nicea and Chalcedon among which the theologies of the early church were hammered out Volume 2 9781426721915 Volume 3 9781426721939 Systematic Theology, Volume 2, Second Edition James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of

systematic theology there is no more complete presentation in a relatively short work than this. Pastors will especially find this feature to be a real help in teaching theology. It is an indispensable contribution to the task of systematic theology. *Journal of the Evangelical Theological Society* September 1999. Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world. *The Churchman: A Journal of Anglican Theology* 1991. A gold mine of helpful material. *The Christian Century* May 29/June 5 1991. No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind boggling. *Faith and Mission* Fall 1991. Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well documented in both biblical and historical scholarship and will prove to be a classic. William Hendrickson. *Southern Baptist Theological Seminary*. One of the most comprehensive concise books of its type available, it should receive wide use in the classroom and in the study. Robert H. Culpepper. *Southern Baptist Theological Seminary*. [The Fathers Refounded](#) Elizabeth A. Clark, 2019-02-01. In the early twentieth century a new generation of liberal professors sought to prove Christianity's compatibility with contemporary currents in the study of philosophy, science, history, and democracy. These modernizing professors: Arthur Cushman McGiffert at Union Theological Seminary; George LaPiana at Harvard Divinity School; and Shirley Jackson Case at the University of Chicago Divinity School, hoped to equip their students with a revisionary version of early Christianity that was embedded in its social, historical, and intellectual settings. In *The Fathers Refounded*, Elizabeth A. Clark provides the first critical analysis of these figures' lives, scholarship, and lasting contributions to the study of Christianity. *The Fathers Refounded* continues the exploration of Christian intellectual revision begun by Clark in *Founding the Fathers: Early Church History and Protestant Professors in Nineteenth-Century America*. Drawing on rigorous archival research, Clark takes the reader through the professors' published writings, their institutions, and even their classrooms where McGiffert tailored nineteenth-century German Protestant theology to his modernist philosophies, where LaPiana, the first Catholic professor at Harvard Divinity School, devised his modernism against the tight constraints of contemporary Catholic theology, and where Case promoted reading Christianity through social scientific aims and methods. Each in his own way extricated his subfield from denominationally and theologically oriented approaches and aligned it with secular historical methodologies. In so doing, this generation of scholars fundamentally altered the directions of Catholic Modernism and Protestant Liberalism and offered the promise of reconciling Christianity and modern intellectual and social culture. [Systematic Theology, Volume 2, Second Edition](#) James Leo Garrett Jr., 2014-09-14. Rivals the major systematic theologies of this century. *Baptist History and Heritage Journal* July 1996. One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational

positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary Protestant Thought in the Nineteenth Century, Volume 2 Claude Welch, 2003-12-12 A comprehensive account of the principal Protestant theological concerns and writers from 1870 to World War I Welch discusses both major and minor thinkers placing them within such overarching themes as the nature of faith and the relationship of church and society

International Theological Commission, Vol II Catholic Church. Commissio Theologica Internationalis, 2009-01-01 This is one of a two volume collection of texts and documents issued by the International Theological Commission ITC a body of theologians that advises the Vatican's Congregation for the Doctrine of the Faith The texts and documents of the ITC address pressing theological issues drawing upon theological experts from around the world who represent differing branches of theology yet who share a common commitment to authentically Catholic theological reflection Volume 2 1986 2007 includes texts and documents exploring the following themes faith and inculturation the interpretation of dogma eschatology God the Redeemer Christianity and world religions the Church and the faults of the past the diaconal ministry human beings as the image of God and the hope for the salvation of unbaptized infants The special contribution of the Commission is to gain a hearing for the common voice of theology amid all the diversities that exist For notwithstanding the legitimate pluralism of theological cultures in the Church the unity of theology must remain and empower theologians to offer some common account of their subject In these pages therefore one will not find the exciting theses of innovative individuals If there is excitement here it lies in the discovery that even in our contemporary situation it is possible to say something together despite all our differences and so to take part together in a further exploration of the one faith of the Church All the texts which follow are the fruit of a long and often difficult dialogue In that dialogue not only have various disciplines methods and ways of thought found a common path Over and above that the wider dialogue of theologians with

the bishops as well as between bishops and the Petrine office in the Church has found a voice It is precisely for this reason that the Theological Commission represents an authentic continuation of the great experience of the Council and a clarification of its true bearing Joseph Cardinal Ratzinger from the Preface to Volume One **A History of the Ecumenical Movement, Volume 2** Harold C. Fey, 2009-12-01 Volume 2 1948 1968 first appeared in 1970 It covers the history of the World Council of Churches from its first assembly at Amsterdam to its fourth assembly at Uppsala Sweden analyzes the development of regional ecumenical organizations and recounts the impact of the Second Vatican Council on the ecumenical witness of the Roman Catholic Church Approaching the World's Religions, Volume 2 Robert Boyd, 2017-06-20 Evangelical theology strives to be evangelical conservative and contemporary In a world in which everyone is Christian evangelical theology provides a balanced position between fundamentalism and liberalism While theological debates within the family will occur to be evangelical is a breath of fresh air for many However we do not live in such a world We do find ourselves living in a secular global society It is secular because no religious organization dictates how we live our lives It is global for at least two reasons First our technology brings us immediately in contact with those faraway places Second and of more importance we can simply step outside our front doors and encounter our neighborhoods that reflect a global pluralism This raises the question how shall we then live The intent of *An Evangelical Theology of Religions* is to suggest a direction for evangelicals to think about the secular global society in which they live in a way that is not only conservative but also evangelical and contemporary The final essay strives to address the evangelical aspect of our tradition that places an emphasis on the Great Commission and the law of love **A history of Christian thought, v.2** J. L. Neve, 1943

Speaking of God in an Inhumane World, Volume 2 Christopher Rowland, 2024-10-31 This two volume collection of essays on the Bible and social justice liberation theology and radical Christianity by Christopher Rowland addresses the question raised by Gustavo Guti rrez about how we can speak of God as a loving parent in a world that continues to be so inhumane These essays by an esteemed New Testament scholar represent intellectual interests of a lifetime as he integrated exegesis of the New Testament texts in their first century contexts and located their interpretations within the quests for meaning and significance that exist within contemporary society These essays represent mostly the latter concern exploring Christian Scripture which has informed the lives of men and women down the centuries as they interpret both contexts and in doing so make a significant contribution to contextual theology that should be heard by the inhabitants of both contexts The first volume of *Speaking of God in an Inhumane World* includes essays on liberation theology and radical Christianity the second volume focuses primarily on radical Christianity and includes reflections on Gerrard Winstanley William Blake William Stringfellow and others **Medieval Paradigms: Volume II** S. Hayes-Healy, 2016-09-23 This collection of essays in two volumes explores patterns of medieval society and culture spanning from the close of the late antique period to the beginnings of the Renaissance Volume 2 analyzes of forms of devotion both popular movements and those practices and

ceremonies limited to elite groups The exploration of medieval paradigms comes to a close with a group of essays which follow the medieval patterns well past the Middle Ages even into the present The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century , **Listening Spirituality Vol II** Patricia Loring, 2009-07 The spiritual basis of the structures and practices that sustain a Quaker worshipping community the spiritual grounding and understanding of worship ministry eldering oversight and other spiritual gifts in mutual service within the meeting as spiritual formation personal transformation and transformed relationships within spiritual community communal discernment in personal matters and in the conduct of meeting business wider Quaker service adult religious education as part of spiritual formation

Religion Matters: Volume 2 P. T. Babie, Rick Sarre, 2024-07-19 This book constitutes the second volume of Religion Matters The Contemporary Relevance of Religion Springer 2020 Offering a fresh and much needed perspective it explores the role of religion in the modern neo liberal world The book acclaims that religion is a contextual and contested term which is extensively discussed in the Introduction Designed to be read selectively this book allows readers to delve into topics and traditions of specific interest without the necessity of reading the entire volume In contrast to volume 1 where contributors critically engaged with religion and various disciplines this book poses a fundamental question Can religion contribute to the discipline under consideration Authors were selected based on their ability to address this question Some chapters concluded that religion may offer very little to the discipline under consideration highlighting the value of volume 1 s critical stance on the place of religion in contemporary society However the project s overall aim remained somewhat unfulfilled leading to the creation of this second volume The primary omission from the first book was a comprehensive exploration of the sciences and health sciences which this second volume aims to rectify Furthermore additional authors were chosen to investigate the nature of connectedness facilitated by religion horizontally through membership within wider communities societies cultures or religious traditions and vertically by examining historical relationships within a particular faith tradition culture community or society This volume also broadens its focus to include non Christian perspectives Indigenous perspectives and an increased representation of female contributors Jacob Arminius Rustin E. Brian, 2015-06-25 Jacob Arminius was a Dutch theologian whose views have become the basis of Arminianism and the Dutch Remonstrant movement and are quite influential on Wesleyan and therefore Methodist theology as well Arminius attempted to reform Reformed theology and ended up lending his name to a movement that resisted some of the primary tenets of Calvinism Rustin E Brian outlines the life and theology of Arminius shedding fresh light on his life theology and writings In hopes of better understanding Arminian theology and Arminianism Brian concludes with a constructive comparison and contrast of Arminius and several prominent theological figures Pelagius John Wesley and Karl Barth Systematic Theology Francis Schussler Fiorenza, John P. Galvin, 2011-05-01 Unique among contemporary resources the landmark Systematic Theology and its distinguished contributors present the major areas or loci of Roman Catholic theology in light of contemporary developments especially the

seachange since Vatican II thought the best new historical studies of traditional doctrines and Scripture and the diverse creative impulses that come from recent philosophy and hermeneutics culture and praxis and ecumenical contacts This new volume combines and updates both previous volumes incorporates into the framework nearly twenty years of fresh thought and bibliography in each area and adds revisions to key articles to take account of a diverse fluid and postmodern situation
