A Finite Thinking

Georg Wilhelm Friedrich Hegel

A Finite Thinking:

A Finite Thinking Jean-Luc Nancy, Distinguished Professor of Philosophy Jean-Luc Nancy, 2003 This book is a rich collection of philosophical essays radically interrogating key notions and preoccupations of the phenomenological tradition While using Heidegger's Being and Time as its permanent point of reference and dispute this collection also confronts other important philosophers such as Kant Nietzsche and Derrida The projects of these pivotal thinkers of finitude are relentlessly pushed to their extreme with respect both to their unexpected horizons and to their as yet unexplored analytical potential A Finite Thinking shows that paradoxically where the thought of finitude comes into its own it frees itself not only to reaffirm a certain transformed and transformative presence but also for a non religious reconsideration and reaffirmation of certain theologemes as well as of the body heart and love This book shows the literary dimension of philosophical discourse providing important enabling ideas for scholars of literature cultural theory and philosophy A Finite Thinking Jean-Luc Nancy, 2012 Jean-Luc Nancy and the Thinking of Otherness Daniele Rugo, 2013-05-09 Jean Luc Nancy and the Thinking of Otherness is the first book in English to provide a sustained account of the relationship between Nancy Levinas and Heidegger It investigates Jean Luc Nancy's reading of Heidegger focusing on the question of Being with and starting with the problem of otherness in Heidegger the book goes on to establish a dialogue between Nancy and the philosophy of Emmanuel Levinas With intellectual agility and command of cinema literature and visual art Daniele Rugo insists on the critical significance of Nancy's project for any future philosophy attempting to define itself beyond foundational acts and according to the continuous crossings at the heart of existence By discussing Nancy alongside Heidegger and Levinas Rugo underlines the essential indecision between philosophy as literature and philosophy as the re appropriation of the question of Being Rugo offers unexpected associations which return thinking to the play of specificity rather than restricting it to the passage of abstract formulations **The Kantian Catastrophe?** Anthony Morgan, 2017-10-13 Immanuel Kant the most influential philosopher of the modern age transformed our entire conception of philosophy His radical reframing of philosophical questions placed the finitude of the human subject at the centre of philosophical enquiry and at the same time left reality in itself forever inaccessible His impact was to restrict metaphysical pretensions and even to induce real despair Famously the poet Heinrich von Kleist committed suicide in part due to the profound rupture induced by Kant's Copernican revolution and more recently the French philosopher Quentin Meillassoux has referred to it as the Kantian catastrophe This collection of lively and accessible interviews with fifteen top Kantian and post Kantian philosophers offers a balanced and wide ranging survey that takes us into the very heart of contemporary debates relating to our Kantian inheritance It questions the ever evolving legacy of this giant of modern thought a legacy that exposes the Janus faced character of philosophy as it finds itself both obsessed with establishing limits and at the same time inexorably drawn to transgress them Contributions from Lucy Allais A W Moore Stella Sandford Stephen Mulhall Joseph Schear Beatrice Han Pile Tom Sparrow Marie Eve Morin Bruno

Bosteels Adrian Johnston Simon O Sullivan John Maoilearca Catherine Malabou Graham Harman Ray Brassier **The Thought Awaits Us All** Daniela Calabrò, 2024-10-25 This volume shows how Nancy was able to deconstruct the founding sign of all metaphysics and all transcendence by redefining the concepts of existence corporeality and community opening them up to the disclosure of the outside to the exception of the world It draws on the work of the Italian philosopher Roberto Esposito and includes a dialogue between Nancy and Esposito The overcoming of the modern perspective is covered by Descartes and Hegel who are analyzed in light of Nancy This text proposes a deconstruction of the Western tradition in its philosophical aesthetic and political registers and conveys a new ontology that breaks with the categories of the One and the Multiple the Universal and the Particular in order to identify the relationship between the plural and the singular and understand what it means to be together to be in common to be in the world It is suitable for scholars researchers and students of philosophy and comparative literature Descartes: A Guide for the Perplexed Justin Skirry, 2008-02-26 Ren

Descartes is arguably the most important seventeenth century thinker and the father of modern philosophy Yet his unique method and its divergence from the method of his scholastic predecessors and contemporaries raises complex and often challenging issues Descartes A Guide for the Perplexed is a clear and thorough account of Descartes philosophy his major works and ideas providing an ideal guide to the important and complex thought of this key philosopher The book covers the whole range of Descartes philosophical work offering a thematic review of his thought together with detailed examination of the texts commonly encountered by students including the Discourse on Method and Meditations on First Philosophy This book provides a cogent and reliable survey of the philosophical trends and influences apparent in Descartes thought

Jean-Luc Nancy and Plural Thinking Peter Gratton, Marie-Eve Morin, 2012-08-09 Jean Luc Nancy is one of the leading voices in European philosophy of the last thirty years and he has influenced a range of fields including theology aesthetics and political theory This volume offers the widest and most up to date responses to his work oriented by the themes of world finitude and sense with attention also given to his recent project on the deconstruction of Christianity Focusing on Nancy's writings on globalization Christianity the plurality of art forms his materialist ontology as well as a range of contemporary issues an international group of scholars provides not just inventive interpretations of Nancy's work but also essays taking on the most pressing issues of today The collection brings to the fore the originality of his thinking and points to the future of continental philosophy A previously unpublished interview with Nancy concludes the volume **Lectures on Logic** Georg W. F. Hegel, 2008-07-02 Georg Wilhelm Friedrich Hegel gave many lectures in logic at Berlin University between 1818 and his untimely death in 1831 Edited posthumously by Hegel's son Karl these lectures were published in German in 2001 and now appear in English for the first time Because they were delivered orally Lectures on Logic is more approachable and colloquial than much of Hegel's formal philosophy The lectures provide important insight into Hegel's science of logic dialectical method and symbolic logic Clark Butler's smooth translation helps readers understand the rationality of Hegel's

often dark and difficult thought Readers at all levels will find a mature and particularly clear presentation of Hegel's systematic philosophical vision

Maurice Blondel Oliva Blanchette, 2010-04-16 French philosopher Maurice Blondel had a tremendous impact on both philosophy and religion over the first half of the twentieth century He was at once a postmodern critical philosopher and a devout traditional Catholic trying not only to reconcile these two seemingly disparate factors in his own mind but also to prove to others that the two must go together In the first critical examination of the philosopher's life Oliva Blanchette tells the story of Blondel's stormy life confronting an Academy dismissive of religion and a Religion uncomfortable with rational philosophy This book not only follows his biographical history but also presents his systematic philosophy from the beginning of his journey to the culmination found in Philosophical Exigencies of Christianity the book for which he signed the publishing contract the day before he died Maurice Blondel is part of the Ressourcement Retrieval and Renewal in Catholic Thought series edited by David L Schindler

Love's Grateful Striving M. Jamie Ferreira, 2001-06-07 In an attempt to rehabilitate Works of Love as one of Kierkegaard's most important works this text shows that Kierkegaard's deliberations on love are relevant to many themes in contemporary ethics including duty equality and mutuality

Lectures on the Philosophy of Religion Georg Wilhelm Friedrich Hegel, 2023-09-01 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988

Beyond Epistemology F.G. Weiss, 2012-12-06 This book approaches Hegel from the standpoint of what we might call the question of knowledge Hegel of course had no theory of knowledge in the narrow and abstract sense in which it has come to be understood since Locke and Kant The examination of knowledge he holds can only be carried out by an act of knowledge and to seek to know before we know is as absurd as the wise resolution of Scholasticus not to venture into the water until he had learned to swim While Hegel wrote no treatise exclusively devoted to epistemology his entire philosophy is nonetheless a many faceted theory of truth and thus our title Beyond Epistemology is meant to suggest a return to the classical meaning and relation of the terms episteme and logos I had originally planned to include a lengthy introduction for these essays setting out Hegel's general view of philosophic truth But as the papers came in it became clear that I had chosen my contributors too well indeed they have all but put me out of business In any case it gives me great pleasure to have been able to gather this symposium of outstanding Hegel scholars to provide for them a forum on a common theme of great importance and especially thanks to Arnold Miller to have Hegel himself among them Frederick G Weiss Charlottesville Va The Logic of Hegel trans from the *Etyclopaedta* by William Wallace 2nd ed

Early Modern German Philosophy (1690-1750) Corey Dyck, 2019 Early Modern German Philosophy 1690 1750 provides translations of some of the key texts of early German philosophers in many cases for the first time

Collectively the texts make a strong case for a Philosophical tradition which has typically been underappreciated until now
Phenomenology, Interpretation, and Community Lenore Langsdorf, Stephen H. Watson, E. Marya Bower, 1996-07-11 This collection examines the relationship between phenomenology interpretation and community considering the issues from several viewpoints including German idealism the discourses of the Frankfurt School and post structuralist thought

Heidegger's Interpretation of Kant Morganna Lambeth, 2023-06-15 Heidegger has a reputation for reading himself into the philosophers he interprets and his interpretation of Kant has therefore had little uptake in anglophone Kant scholarship In this book Morganna Lambeth provides a new account of Heidegger's method of interpreting Kant arguing that it is more promising than is typically recognized On her account Heidegger thinks that Kant's greatest insights are located in moments of tension where Kant struggles to articulate something new about his subject matter The role of the interpreter then is to disentangle competing strands of argument and to determine which strand is most compelling Lambeth traces Heidegger's interpretive method across his reading of Kant's Critique of Pure Reason and situates Heidegger's reconstruction of Kant's best line of argument against other post Kantian readings She finally shows how Heidegger's deep engagement with Kant sheds light on Heidegger's own philosophical views

Mind-Power Hour Part 1 Dr. Roger Duncan, 2024-09-17 This book has been my father's passion project and has taken him more than twenty five years to complete My father's dream for all humanity every living and breathing human being has been for people to understand universal principles pertaining to self health and well being Enough Stop being a human wanting The Mind Power Hour was written to empower those who truly desire to be enlightened about self Who are you This book is a journey into self discovery Human beings have all the fun What have you been training for Let's tap into your personal special and unique spirit self the mind We have all heard at one time or another that the mind is a terrible thing to waste I agree Worse than that is that the mind that is not trained is a terrible hand to bet on for everything that is important in one's life So let's train Your power everyone's superpower is one's mind thought processes Thinking thinking thinking simple as that that's all we do Train your brain to believe and achieve any and all things you think about Battles are won and lost first in the seclusion and privacy of our own minds I guarantee more wins once you decide it's a good idea to have a sharp trained mind Boxers don't just jump in the ring and start fighting they train train train and train some more I would say the game of life is worth winning So let's plan the work and work the plan Success awaits you
The Otherness of God Orrin F. Summerell, 1998 This volume offers essays on the nature of God and the fundamental tasks of philosophy and theology written by internationally recognized thinkers in the distinct fields of philosophy religious studies and theology The Otherness of God traces the lineage of its theme from Plato and Aristotle through Neoplatonic medieval and Renaissance expression and on through Reformation thought and German idealism to dialectical theology and deconstruction This

provocative collection drawn primarily from an interdisciplinary conference at the University of Virginia should attract those interested in the philosophy of religion the history of philosophy and theology and the theological interpretation of secular culture
