**Fedele Cardinale**

## A Generation:

A Generation of Love Fedele Cardinale, 2012-10-26 Does our personality originate in our mothers womb Are our most ingrained fears set off by their heartbeat as we pick up their apprehensions and fears This is a journey through Lorenzo Cardona s teenage years plagued by a deeply entrenched insecurity his fear of rejection of being the eternal unwanted creature His struggle to build an identity in the harsh reality of small village life in the heart of the South Italian peninsula where conformity is the verb Lorenzo s fear of rejection a close scrutiny of his recurrent childhood dream of drowning in dark agitated waters appears to have its origin as far back as his mother s womb as the love life of mother and son appear to be intertwined by a common destiny of emotional failure in the apotheosis of the inescapable truth that there is no absconding from our biological fate that our umbilical cord is eternal nourishing us long after being severed REVIEW A highly entertaining and witty novel with universal appeal where the supremacy of the love theme is mitigated by the light hearted tales of local myth touching premises such as love jealousy gossip and senseless rivalry served on a plate of typical and unique Mediterranean folklore told by the powerful voice of autobiographical narrative KIRAN GROODOYAL author of *Healing Express Oracle Book* *A Generation Later* James F. Eder, 1999-09-01 A Generation Later moves beyond analytical models of rural change that focus on the peasant agricultural aspect of rural communities and makes a convincing case for an approach that integrates farm and nonfarm occupations and does justice to the conditions of occupational multiplicity that characterize to an increasing extent many of the rural communities in Asia In this context it challenges conventional and simplistic peasant to proletarian views of change Rather than finding a dreary and dispirited landscape of sameness and hardship it offers some empirical support for amore optimistic view of the region s future one of growing household prosperity and widespread individual opportunity *A Generation of Mavericks* Vincent Sperando, 2018-10 Set in the back streets of Chicago A Generation of Mavericks follows a group of young adults as they struggle their way through life in a different time within a splintered society that doesn t provide any guidance on how to survive as previous generations had done Follow them as they explore unique places like Club Flexibles which was a dangerous place to be alone at times but it was easy to go with friends In the back the men would meet to tell stories of fallen women and victorious brawls that they had had and if you remained quiet against the far wall you could get close enough to hear them hoot and call out to the women on the dance floor It would have been easy to make jest of them but you d be pressed to find anyone doing it In large groups the men became more reckless and cruel and everyone kept a wary eye on them But if you kept to yourself and wore inconspicuous dark clothing there was little chance you d be bothered It was generally the na ve or the new comers who were at risk *A Generation of Spanish Poets 1920-1936* C. B. Morris, 1969-09 This critical study of the group of remarkably talented poets who flourished in Spain between the First World War and the Spanish Civil War includes copious quotations accompanied by English prose translations Mr Morris treats his poets as a group showing how they shared certain themes

and attitudes He begins with a general study of the generation as a whole and then examines the use of tradition the zest and levity of the Jazz Age the exaltation of life as a shared attitude then its converse the escape from life and finally the expression in complex imagery of personal tensions and disturbances These are often difficult poets but become less so when they are sympathetically examined in this way and in relation to earlier literary traditions Mr Morris enables the reader to take bearings and establish relationships which are enhanced by reproductions of photographs of the poets The Millennials' Quarter Life Crisis: A Generation at a Revolutionary Crossroads TaraElla, **Betraying a Generation** Patrick Ainley, 2016-04-27 Education has betrayed its promises to deliver upward social mobility and a brighter future Young people study harder but learn less running up a down escalator of devalued qualifications to become overqualified but underemployed unable to move forward with their lives From primary to post graduate schools funny phonics through endless testing to phoney apprenticeships and the world's most costly university fees Patrick Ainley explains how English education is now driven by the economy and politics dumbing down rather than wising up Addressed to teachers and students at all levels of learning it concludes by suggesting how schools colleges and universities can begin to contribute towards a more meaningful and productive society *Images for a Generation Doomed* Kylo-Patrick R. Hart, 2009-12-03 Over the past two decades independent director Gregg Araki has emerged as one of the most intriguing auteurs of contemporary U S cinema A leading figure of the New Queer Cinema movement of the early 1990s Araki is known for his innovative eye opening and at times controversial films aimed primarily at queer audiences *Images for a Generation Doomed* The Films and Career of Gregg Araki explores the films and career trajectory to date of this New Queer Cinema pioneer Offering in depth analyses of films such as *The Living End* *Totally F ed Up* *The Doom Generation* *Nowhere* and *Splendor* Kylo Patrick R Hart demonstrates how over the course of the 1990s the director's cinematic offerings became increasingly devoid of their early subversive potential Hart goes on to argue that as the 1990s progressed Araki's films were largely irrelevant to the cultural project of providing groundbreaking on screen representations of non heterosexual individuals living in the age of AIDS However Hart sees *Mysterious Skin* as evidence of Araki's successful attempt at reestablishing his cinematic and cultural relevancy in relation to the approaches and subject matter of contemporary queer cinema in the new millennium

**Generation on a Tightrope** Arthur Levine, Diane R. Dean, 2012-07-19 Today's college students feel as if they are crossing an abyss between their dreams and the reality of an uncertain future They are a generation seeking stability in a time of profound and accelerating change They want government and our other social institutions to work in a time when they're broken they cling to the American Dream in an age of diminished expectations They are walking a tightrope attempting to balance digital connectedness and personal isolation global citizenship and local vision commonality and difference in the most diverse generation in American history and a desire to be treated as mature adults while being more dependent on their parents than previous college students *Generation on a Tightrope* offers a compelling portrait of today's

undergraduate college students that sheds light on their attributes expectations aspirations academics attitudes values beliefs social lives and politics Based on research of 5 000 college students and student affairs practitioners from 270 diverse college campuses the book explores the similarities and differences between today s generation of students and previous generations The authors examine the myriad forces that have shaped these students and will continue to shape them as they prepare to meet the future The first two volumes in this series exploring the psyche of college students When Dreams and Heroes Died 1980 and When Hope and Fear Collide 1998 offered thoughtful and accurate profiles of the students of the 1980s and 1990s As Generation on a Tightrope clearly reveals today s students need a very different education than the undergraduates who came before them an education for the 21st Century which colleges and universities are ill equipped to offer and which will require major changes of them to provide Painting a realistic picture of today s college students the authors offer guidance to higher education professionals researchers practitioners policymakers employers parents and the public The book s insights can help them equip students for the world they face and the world they will help to create

Betrayal and Conviction, Memoir of a Generation Robert Wood Darby,2019-06-27 Author Robert Wood Darby was born and raised in Georgia This memoir is about the anti racism advocate growing up in the fifties and sixties and coming of age in the segregated South during the Civil Rights Movement Darby became an antiwar activist during the Vietnam War He studied at Emory University then at Tufts and Harvard in the late sixties a time of upheaval for the entire country He also chronicles his affliction with mental illness and manic depression which has gone into remission The Coming Generational Storm Laurence J. Kotlikoff,Scott Burns,2005-01-18 AS URGENT AS EVER Nonpartisan policy recommendations and personal strategies for protecting against skyrocketing tax rates reduced benefits high inflation and ruined currency Lays out in easy to understand prose why Social Security and Medicare need a comprehensive overhaul Los Angeles Times In 2030 as 77 million baby boomers hobble into old age walkers will outnumber strollers there will be twice as many retirees as there are today but only 18% more workers How will America handle this demographic overload How will Social Security and Medicare function with fewer working taxpayers to support these programs According to Laurence Kotlikoff and Scott Burns we ll see skyrocketing tax rates drastically lower retirement and health benefits high inflation a rapidly depreciating dollar unemployment and political instability But to solve a problem you must first understand it Kotlikoff and Burns take us on a guided tour of our generational imbalance first introducing us to the baby boomers and the fiscal child abuse that will double the taxes paid by the next generation There s also the deficit delusion of the under reported national debt None of this will be solved by any of the popularly touted remedies cutting taxes technological progress immigration foreign investment or the elimination of wasteful government spending So how can the United States avoid this demographic fiscal collision Kotlikoff and Burns propose bold new policies including meaningful reforms of Social Security and Medicare Their proposals are simple straightforward and geared to attract support from both political parties Kotlikoff

and Burns also offer a life jacket guidelines for individuals to protect their financial health and retirement This paperback edition has been revised and updated and includes a new foreword by the authors My Generation John Downton Hazlett,1998 John Hazlett s engaging study of writers from the 1960s demonstrates the ways in which the idea of the generation has affected autobiographical writing in this century Autobiographers from the sixties claim to speak on behalf of all members of their generation However each writer presents a unique political and personal agenda **Millennial Influence: Excelling in Life and Leading Our Generation** D'Vaughn Bell,2018-03-15 Here is a complete blueprint for managing and leading the millennial generation As we continue to take over the workforce leaders should begin to understand what makes millennials tick and why we are so different than any other generation to come before and after Why are millennials called lazy or entitled What motivated millennials How has social media transformed our way of thinking Millennial Influence covers all of the questions and more while offering the reader some history and actionable strategies to enable them to understand better and guide millennials For millennials looking to increase their influence there is information on how millennial can better communicate relate and interact with other generations to increase work productivity Millennial Influence is an excellent book for a light Sunday or lunch break read As the first book in this series my focus was on providing insight that both millennials and other generations could use today says D Vaughn Bell He explains how his motivation for the book stems from not spending a minute in college and his thirst for entrepreneurship Entrepreneurship grants us more failures than any job ever will This ideology is why entrepreneurs make for better business coaches and consultants I want my book to inspire anyone looking to start a business or exceed on the corporate ladder I may not have the experience of working directly for but have worked directly with many companies of all sizes Aside from being the first generation of digital influencers millennials are tech savvy constructive feedback thirsty little machines Once business leaders and managers can grasp this concept they can craft dominating workforces of a success driven generation There s a common misconception that millennials are lazy We re not lazy we re just more aware of what is possible and aren t settling for social security pension 401K a wide dog and a white picket fence Grab your digital copy of Millennial Influence and leverage a proven way to manage lead and work with the different generations in the workplace Major Estate and Gift Tax Issues United States.
