Parliament led to increasing confusion throughout England and a partial uprising of Catholics in the country This book describes the increasing uprising which grew throughout England as Parliament got out of control once more with extremely detailed accuracy as to just how England was early on in the seventeenth century as well as bringing an important and thoroughly philosophical character named Captain Pouch to life to organise and control the devastating protests as well as through his own negotiating skills working out ways to bring the complete uprising in England under control to everyones satisfaction     Pelham; or, The adventures of a gentleman [by E.G.E.L.
