## **A Heap Of Broken Images:**

**Quotation and Modern American Poetry** Elizabeth Gregory, 1996-07 In this volume Elizabeth Gregory addresses a number of key issues surrounding the formation of the American poetic canon Taking as her primary examples T S Eliot's *Waste Land* William Carlos Williams Paterson and selected poems by Marianne Moore she examines the ways in which modern American writers struggled with questions of literary authority and cultural identity in relation to pre existing European models Gregory focuses on these issues through analysis of the use of quotation in modern and postmodern literature a practice that was strikingly divergent from the accepted use of literary allusion Her introduction traces a history of quotation as it has been practiced in literature from classical to modern times She then focuses on the texts of Eliot Williams and Moore three central figures of American modernism whose work the author believes represents a spectrum of responses to the established European model of poetical discourse Gregory's selection of Moore also allows her to deal with feminist concerns as they emerge in the more general modernist dialogue How was a female writer to make use of a literary canon that traditionally excluded female participation The implications of Gregory's argument will surely be of especial interest to feminist scholars of American poetry Lois Parkinson Zamora University of Houston

**Men Alone** Jopi Nyman, 1997 This study examines masculinity and individualism in four American novels of the 1920s and 1930s usually regarded as belonging to the genre of hard boiled fiction The novels under study are *Red Harvest* by Dashiell Hammett *The Postman Always Rings Twice* by James M Cain *They Shoot Horses Don't They* by Horace McCoy and *To Have and Have Not* by Ernest Hemingway In this first full length study of gender in hard boiled fiction the genre is discussed as a representation of the ideologies of masculinity and individualism Hard boiled fiction is located in its historical and cultural context and it is argued that the genre with its explicit emphasis on masculinity and masculine virtues attempts to reaffirm a masculine order The study argues that this emphasis is a counter reaction to more general changes in the gender relations of the period Indeed hard boiled fiction is argued to be an attempt to reconstruct a masculine identity based on anti modern values generally accepted in the cultural context of the genre

**"Strange Prophecies Anew"** Tony Trigilio, 2000 This book revives questions of religious and political authority in poetic prophecy It argues that modern prophecy operates within a dynamic of continuity and estrangement that combines immanent and transcendent modes of representation creating a poetry that revises the very tradition that authorizes it

**Texts and Their Worlds i** Kurian, *The Intimacy of Images* Myriam Lamrani,2025-05-13 La Santa Muerte becomes a lens for understanding how Oaxacans relate to saints loved ones and other special dead In Oaxaca images of saints and loved ones as well as of victims of political or criminal violence are seemingly everywhere While Oaxacans relate to all sorts of special dead they are particularly devoted to La Santa Muerte Saint Death a female reaper like figure whose popularity has risen in tandem with violence throughout Mexico The Intimacy of Images recontextualizes Oaxacans relationships with their special dead through the lens of La Santa Muerte examining how devotees closely interact with what Lamrani terms intimate images not only devotional effigies but also photographs films tattoos and murals and even dreams and visions Though Mexicans have a well known cultural familiarity with death Lamrani argues that devotion to La Santa Muerte builds upon this intimacy even as it also participates in the production of terror and reflects political and criminal violence Ultimately Lamrani finds that these human image interactions represent more than Catholic devotion they reveal the secrets of Oaxacan political religious and social life embody changing relationships to mortality and violence and even offer insight into the practice of anthropology itself

**Postmodernity, Sociology and Religion** Kieran Flanagan,Peter C. Jupp,2016-07-27 This topical collection of eleven commissioned essays by well established contributors from sociology religious studies and theology is one of the first treatments of the relationship between postmodernity and religion from a sociological perspective The essays cover a diversity of interests but treat postmodernity in terms of its implications for the self the New Age and theology particularly Catholicism and Judaism Two of the essays are original appraisals of two important French writers on religion Jean Luc Marion and Daniele Hervieu Leger

**Reclaiming Late-Romantic Music** Peter Franklin,2014-02-15 Why are some of the most beloved and frequently performed works of the late romantic period Mahler Delius Debussy Sibelius Puccini regarded by many critics as perhaps not quite of the first rank Why has modernist discourse continued to brand these works as overly sentimental and emotionally self indulgent Peter Franklin takes a close and even handed look at how and why late romantic symphonies and operas steered a complex course between modernism and mass culture in the period leading up to the Second World War The style s continuing popularity and its domination of the film music idiom via work by composers such as Max Steiner Erich Wolfgang Korngold and their successors bring late romantic music to thousands of listeners who have never set foot in a concert hall Reclaiming Late Romantic Music sheds

new light on these often unfairly disparaged works and explores the historical dimension of their continuing role in the contemporary sound world

**Virginia Woolf** Lorraine Sim, 2016-02-11 In her timely contribution to revisionist approaches in modernist studies Lorraine Sim offers a reading of Virginia Woolf's conception of ordinary experience as revealed in her fiction and nonfiction Contending that Woolf's representations of everyday life both acknowledge and provide a challenge to characterizations of daily life as mundane Sim shows how Woolf explores the potential of everyday experience as a site of personal meaning social understanding and ethical value Sim's argument develops through readings of Woolf's literary representations of a subject's engagement with ordinary things like a mark on the wall a table or colour Woolf's accounts of experiences that are both common and extraordinary such as physical pain or epiphanic moments of being and Woolf's analysis of the effect of new technologies for example motor cars and the cinema on contemporary understandings of the external world Throughout Sim places Woolf's views in the context of the philosophical and lay accounts of ordinary experience that dominated the cultural thought of her time These include British Empiricism Romanticism Platonic thought and Post Impressionism In addition to drawing on the major novels particularly *The Voyage Out* *Mrs Dalloway* and *To the Lighthouse* Sim focuses close attention on short stories such as *The Mark on the Wall* *Solid Objects* and *Blue* nonfiction works including *On Being Ill* *Evening over Sussex* *Reflections in a Motor car* and *A Sketch of the Past* and Woolf's diaries Sim concludes with an account of Woolf's ontology of the ordinary which illuminates the role of the everyday in Woolf's ethics

Conceptions of Reality in Modern American Poetry L. S. Dembo, 1966

*Rehabilitating Literary Theory* Khaled Besbes, 2011 The present work seeks to bring literary theory in line with the most recent practical turn the humanities are witnessing When simplified succinctly presented and skillfully used in multi coded interpretation within a semiocritical framework literary theories become practical exercises in criticism not only facilitating the interpretation of literature but also making it more enjoyable and more rewarding This book is different from its counterparts in the sense that it includes an exceptionally expanded model of the practice of literary theories and replaces long and theoretical discussions with brief synopses of the examined theories It relies on less overused texts for illustration as it compiles and organizes the terms and phrases that are often used by the proponents of the discussed theories The most influential literary theories that have so far been developed in academia are included the New Criticism reader response criticism structuralism deconstruction feminism Marxism psychoanalytic criticism linguistic criticism cultural materialism new historicism postcolonialism and semiotics Through eliminating the excesses made in the name of theory this book will restore the faith of students teachers and practitioners in the useful and enduring nature of literary theory for the analysis and appreciation of literature

*The Roots that Clutch* Thomas Esposito, 2018-03-14 Would Eve object to the presentation of her original sin in Genesis 3 Could Alexander Graham Bell possibly have foreseen the enslaving power of his great invention the phone over human beings today In *The Roots that Clutch* Thomas Esposito poses such questions directly by means of letters addressed to a host of deceased

historical persons and literary characters Esposito employs an eclectic blend of humor and honest curiosity in sharing insights with figures as diverse as the Greek goddess Nike Saint Benedict the holy city of Jerusalem and Martin Luther King Jr With each letter the Cistercian monk and Catholic priest digs with the spade of his pen to unearth a dialogue on the roots or origins of realities such as sin anger prayer monasticism and his own family tree among many others Undergirding every letter is an invitation to discern the seeds of the Logos the Word made flesh planted in the soil of human thought and history By examining these particular roots of the human condition the author aims at cultivating fruitful meditations on the mysteries of God at work in every heart      The Song of the Sad Nightingale Steve Adatto,2023-12-04 This book is a sequence poem of 505 parts It took me several years to write it The poem is an old idea that I had sometime a long time ago It was inspired by some music that I used to listen to called Song of the Nightingale The idea of the universe being so dark and so cold and always being in the darkness of the nighttime made me wonder a bit for the nightingale sings its songs mostly maybe only by night So the universe could be a haunted place that nightingales wander throughout in the darkness and guarding and watching over everything where it can ultimately rule the stars and moons as it supposedly should do There are also midnight nightmares that wander throughout the stars in these enormous gatherings of birds and horses singing for someday the universe will come to its conclusion and it s all mixed in with basic modern day science aspects and things to try to be something new and it tries to explain the universe with songs of nightingales and nightmares ravens and crows and mockingbirds mixed in with the wonder of where the universe has really come from From the darkness it all has come and to the darkness it all shall return And from nowhere it has come to nowhere it will return As Einstein says I want to know how God made the universe I see my life in terms of music Alber Einstein      **A Rhapsody of Love and Spirituality** David J. Fekete,2003 Love between a man and a woman is it sacred or sinful A Rhapsody of Love and Spirituality explores Platonic eros Christian mysticism friendship religious ritual and love as people experience it turning up startling ironies and paradoxes and along the way some traditions we may find worth reclaiming      T. S. Eliot Between Two Worlds David Ward,2015-12-22 The basis of this critical examination of Eliot s work first published in 1973 is the investigation of his transmutation of this and other philosophical mythological and religious motives into the textures of his verse This book focuses on Eliot s peculiar eclectic approach to what he described as the Tradition It also recognises the fact that Eliot for all his attempts at universality was a product of time and place and gives an account of the way in which his education and experience shaped his most important interests This title will be of interest to students of literature      Routledge Library Editions: T. S. Eliot Various Authors,2022-07-30 This set reissues 10 books on T S Eliot originally published between 1952 and 1991 The volumes examine many of Eliot s most respected works including his Four Quartets and The Waste Land As well as exploring Eliot s work this collection also provides a comprehensive analysis of the man behind the poetry particularly in Frederick Tomlin s T S Eliot A Friendship This set will be of particular interest to students of literature      **Violence,**

**Narrative and Myth in Joyce and Yeats** T. Balinisteanu, 2012-11-14 How can we use art to reconstruct ourselves and the material world Is every individual an art object Is the material world an art text This book answers these questions by examining modernist literature especially James Joyce and W B Yeats in the context of anarchist intellectual thought and Georges Sorel s theory of social myth

Ecology and Modern Scottish Literature Louisa Gairn, 2008-05-01 This book presents a provocative and timely reconsideration of modern Scottish literature in the light of ecological thought Louisa Gairn demonstrates how successive generations of Scottish writers have both reflected on and contributed to the development of international ecological theory and philosophy Provocative re readings of works by authors including Robert Louis Stevenson John Muir Nan Shepherd John Burnside Kathleen Jamie and George Mackay Brown demonstrate the significance of ecological thought across the spectrum of Scottish literary culture This book traces the influence of ecology as a scientific philosophical and political concept in the work of these and other writers and in doing so presents an original outlook on Scottish literature from the mid nineteenth century to the present
