Moss, Jr., John Hope Franklin, 1994 **Children of Fire** Thomas C. Holt, 2011-09-27 Simply brilliant The first survey of African American history to rival John Hope Franklin and Evelyn Brooks Higginbotham s *From Slavery to Freedom* Henry Louis Gates Jr Ordinary people don t experience history as it is taught by historians The same people who lived through the Civil War and the eradication of slavery also dealt with the hardships of Reconstruction so why do we almost always treat them separately In *Children of Fire* renowned historian Thomas C Holt challenges this form to tell the story of generations of African

Americans through the lived experience of the subjects themselves with all of the nuances ironies contradictions and complexities one might expect Holt captures the entire African American experience from the moment the first twenty African slaves were sold at Jamestown in 1619 Each chapter focuses on a generation of individuals who shaped the course of American history hoping for a better life for their children but often confronting the ebb and flow of their civil rights and status within society Many familiar faces grace these pages Frederick Douglass W E B DuBois Martin Luther King and Barack Obama but also some overlooked ones Figures like Anthony Johnson a slave who bought his freedom in late seventeenth century Virginia and built a sizable plantation only to have it stolen away from his children by an increasingly racist court system Or Frank Moore a WWI veteran and sharecropper who sued his landlord for unfair practices but found himself charged with murder after fighting off an angry white posse Taken together their stories tell how African Americans fashioned a culture and identity amid the turmoil of four centuries of American history Provocative readable passionate Publishers Weekly [The African American Experience:a History of Black Americans](#) Quintard Taylor, *The English History of African American English* Shana Poplack,2000-01-21 Much scholarly work assumes that the structure of African American Vernacular English AAVE derives from an earlier plantation creole This volume explores an alternative hypothesis that the characteristic features were acquired from the varieties of English to which early speakers were exposed **The Covenant with Black America - Ten Years Later** Tavis Smiley,2016-01-05 In 2006 Tavis Smiley along with a team of esteemed contributors laid out a national plan of action to address the ten most crucial issues facing African Americans The Covenant which became a 1 New York Times bestseller ran the gamut from health care to criminal justice affordable housing to education voting rights to racial divides But a decade later Black men still fall to police bullets and brutality Black women still die from preventable diseases Black children still struggle to get a high quality education the digital divide and environmental inequality persist and American cities from Ferguson to Baltimore burn with frustration In short the last decade has seen the evaporation of Black wealth with Black fel low citizens having lost ground in nearly every leading economic category And so in these pages Smiley calls for a renewal of The Covenant presenting the original action plan alongside new data from the Indiana University School of Public Environmental Affairs SPEA to underscore missed opportunities and the work that remains to be done While life for far too many African Americans remains a struggle the great freedom fighter Frederick Douglass was right If there is no struggle there is no progress Now is the time to finally convert the trials and tribulations of Black America into the progress that all of America yearns for
