Alternative Medicine And Miracles A Grand Unified Theory:

Alternative Medicine and Miracles Reginald O. Crosley, 2004 From the twentieth century to the present the scientific medical establishment is taking consideration of alternative healing practices Having witnessed positive results medical researchers are facing urgent inquiries According to author Reginald O Crosley M D the exotic scientific principles revealed in quantum mechanics relativity theories strings theory and chaos theory directly correspond to alternative medicines and miraculous healings **Faith Healing** Miranda Marquit, 2006 This book explores both sides of the issue of faith healing

Shadow Medicine John S. Haller, Jr., 2014-07-08 Can Evidence Based Medicine EBM and Complementary and Alternative Medicine CAM find common ground A distinguished historian of medicine John S Haller Jr explores the epistemological foundations of EBM and the challenges these conceptual tools present for both conventional and alternative therapies As he explores a possible reconciliation between their conflicting approaches Haller maintains a healthy scientific skepticism yet finds promise in select complementary and alternative CAM therapies Haller elucidates recent research on the placebo effect and shows how a new engagement between EBM and CAM might lead to a more productive medical practice that includes both the objectivity of evidence based medicine and the subjective truth of the physician patient relationship Haller s book tours key topics in the standoff between EBM and CAM how and why the double blinded randomized clinical trial RCT came to be considered the gold standard in modern medicine the challenge of postmodern medicine as it counters the positivism of evidence based medicine and the politics of modern CAM and the rise of the National Center for Complementary and Alternative Medicine He conducts an in depth case study of homeopathy explaining why it has emerged as a poster child for CAM and assesses CAM s popularity despite its poor performance in clinical trials Haller concludes with hope showing how new experimental protocols might tease out the evidentiary basis for the placebo effect and establish a foundation for some reconciliation between EBM and CAM Close Encounters with God Dr. Reginald O. Crosley, 2014-07-09 Close Encounters with God presents a study of multiple close encounters with Yahweh the name of God in Hebrew Scripture These encounters enable us to have a clearer portrayal of the self revealed God one who is different from the conceptualized deity envisioned through such means as transcendental meditation vision quest or mystical rapture By rediscovering the true personality of the self revealed God we will be able to understand the great mysteries of the universe that have baffled mankind for millennia Why do the blameless suffer Why does evil persist in the world Why do the wicked prosper Must the chosen people suffer the destiny of martyrdom And why should Yahweh remain the hidden God **CLINICAL HYPNOSIS IN PAIN**
