The Courtly Maker Raymond Southall, 1964

Petrarch's Canzoniere in the English Renaissance Francesco

Petrarca, 2005 Seven centuries after the birth of Petrarch 1304-74 the nature and extent of his influence loom ever larger in the study of renaissance literature In this revised and expanded edition of Petrarch's *Canzoniere* in the English Renaissance Anthony Mortimer presents a unique anthology of 136 English poems together with the specific Italian texts that they translate, adapt or exploit The result with its revealing juxtapositions of major and minor figures makes fascinating reading for anyone who wants to get beyond broad generalizations about Petrarchism and see exactly what English poets made of Petrarch's celebrated sequence Reviewing the first edition Professor Brian Vickers wrote 'An ideal text book for university courses in English or Comparative Literature The critical introduction is a fresh independent and accurate survey of the role of Petrarchism in the English Renaissance our literary history is being rewritten more accurately'

Shakespeare's

Metrical Art George T. Wright, 1988-08-02 This is a wide ranging poetic analysis of the great English poetic line iambic pentameter as used by Chaucer Sidney Milton and particularly by Shakespeare George T Wright offers a detailed survey of Shakespeare's brilliantly varied metrical keyboard and shows how it augments the expressiveness of his characters stage language

Petrarchan Love and the English Renaissance Gordon Braden, 2022 Considers lyrical works and the reception of Petrarch's poetry in sixteenth and early seventeenth century England It explores these themes in the light of development of literary canons poetic imitation and production from Thomas Wyatt to William Shakespeare

Court Poetry in Late

Medieval England and Scotland Antony J. Hasler, 2011-03-10 This book explores the anxious and unstable relationship between court poetry and various forms of authority political and cultural in England and Scotland at the beginning of the sixteenth century Through poems by Skelton Dunbar Douglas Hawes Lyndsay and Barclay it examines the paths by which court poetry and its narrators seek multiple forms of legitimation from royal and institutional sources but also in the media of script and print The book is the first for some time to treat English and Scottish material of its period together and responds to European literary contexts the dialogue between vernacular and Latin matter and current critical theory In so doing it claims that public and occasional writing evokes a counter discourse in the secrets and subversions of medieval love fictions The result is a poetry that queries and at times cancels the very authority to speak that it so proudly promotes

The Meaning of Form in Contemporary Innovative Poetry Robert Sheppard, 2016-10-05 This study engages the life of form in contemporary innovative poetries through both an introduction to the latest theories and close readings of leading North American and British innovative poets The critical approach derives from Robert Sheppard's axiomatic contention that poetry is the investigation of complex contemporary realities through the means/meanings of form Analyzing the poetry of Rosmarie Waldrop Caroline Bergvall Sean Bonney Barry MacSweeney Veronica Forrest Thomson Kenneth Goldsmith Allen Fisher and Geraldine Monk Sheppard argues that their forms are a matter of authorial design and readerly engagement

Rethinking Meter Alan Holder, 1995 This study finds that in scanning poetry the commitment to the foot as a unit of measure satisfies a desire for a poem to display a system But that system is achieved only at the cost of distorting or obscuring the true stress configuration of verse lines The foot also comes into play in setting up the notion of an ideal line supposedly heard by the mind's ear and said to be in tension or counterpoint with the actual line Rethinking Meter discards this approach as removing us from our authentic experience of a poem's movement Before presenting its own view of meter the book takes up the issues of how the words of a poem are to be enunciated the place of pauses and the notion of the line as the essential formal feature marking off poetry from prose Focusing on iambic pentameter Rethinking Meter proceeds to offer a view of metrical patterns that discards the foot entirely BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The NORTON ANTHOLOGY of ENGLISH LITERATURE- , *Blinded by Her Light* Jeremy Robinson, 1991 **Lord Morley's Tryumphes of Fraunces Petrarcke** Francesco Petrarca, 1971 **Public Opinion** , 1889 **Choice** Richard K.
