Mrs. Hyde Alma H. Bond, 2000-11 Why is one marriage out of two today doomed to end in divorce My interviews with 71 divorced women searched for answers Did they love their husbands when they married Did they believe at the time that it was till death do us part Were there other lovers in the lives of the couple at the time of the divorce Is there any connection between an unhappy childhood and a failed marriage Do women tend to lose their identities in marriage To my surprise I saw the majority of interviews take on a similar shape which revealed who the women were and how the divorces fit into the pattern of their lives In my years of practice as a psychoanalyst I saw how badly people need others with whom to identify With this collection divorcees can see their own fears despair grief hopes and aspirations reflected in the lives of women passing through similar experiences I hope the fact that all the subjects came away from their divorces with greater strength insight and self esteem will serve as an inspiration to all survivors of loss and pain As Queen Isabella said in Henry V Happily a woman s voice may do some good

and beyond **Marriage Matters** Janice Crouse, 2017-07-05 In *Marriage Matters* Janice Shaw Crouse argues that marriage is a critical element in a free society and that society's most vulnerable communities especially minorities and the poor suffer the most from the nation's retreat from marriage Crouse writes that marriage advances the public interest and we should create laws and policies that support rather than undermine it She demonstrates both the public and private importance of marriage and organizes her argument in a thoughtful and logical manner Compared to other household arrangements Crouse observes marriage is by far the best for raising children and offers financial advantages as well Writing about bullying Crouse shows how the trend away from marriage has led to poor child rearing and to some of the nation's worst contemporary problems In household arrangements with an absence of traditional fathers the government has in some ways overtaken this role by creating social programs such as food stamps Social Security and Medicare Social programs are but a small part of an effective solution The groundwork for strong marriages and lasting relationships is examined in detail Crouse then discusses the role of sex in marriages and the harmful influence of casual sex The second half of the work shows how marriage matters to individuals specifically to women and children and depicts same sex marriage as a threat to the institution Other public policy issues affecting marriage are also explored **Marriage as a National Fiction** Dagmar Stöferle, 2023-02-15 There is a prehistory of the adultery novel which became a pan European literary paradigm in the second half of the 19th century In the wake of the French Revolution secular marriage legislation emerges producing a metaphorical surplus that is still effective today Using legal history and canonical literary texts from Rousseau to Goethe and Manzoni to Hugo and Flaubert this book traces how marriage around 1800 became a figure of reflection for the modern nation state In the process original contributions to the philology of the individual texts emerge At the same time law and literature are made fruitful for a historical semantics of society and community This book is a translation of an original German 1st edition *Ehe als Nationalfiktion* by Dagmar Stöferle published by J B Metzler imprint of Springer Verlag GmbH Germany part of Springer Nature in 2020 The translation was done with the help of artificial intelligence machine translation by the service DeepL.com The author with the support of Chris Owain Carter has subsequently revised the text further in an endeavour to refine the work stylistically
