A Frank O'Connor Reader:

A Frank O'Connor Reader Michael Steinman, 1994-06-01 Frank O'Connor 1903-1966 is known primarily for his short stories and fine ones they are. There are seventeen of them in this Reader and the best of them in the words of Richard Ellmann stir those facial muscles which we are told are the same for both laughing and weeping. Except for the masterpiece *Guests of the Nation* the stories included here have been out of print for twenty years and one story had been previously unpublished. But this is a Reader and it celebrates the creative diversity of one of this century's finest writers. Here one can also sample O'Connor's skillful translations of Irish poetry including *The Lament for Art O'Leary*. There are a number of self-portraits including *Meet Frank O'Connor* and *Writing a Story One Man's Way*. The final section includes a number of O'Connor's finest essays from pieces on Yeats, Joyce and Mozart to ones on English and Irish pubs and one simply titled *Ireland*. No one who does not love the sense of the past should ever come near us; nobody who does whatever our faults may be should give us the hard word.

A Companion to the British and Irish Short Story David Malcolm, Cheryl Alexander Malcolm, 2009-01-30 *A Companion to the British and Irish Short Story* provides a comprehensive treatment of short fiction writing and chronicles its development in Britain and Ireland from 1880 to the present. Provides a comprehensive treatment of the short story in Britain and Ireland as it developed over the period 1880 to the present. Comprises chapters on women's writing, Irish fiction, gay and lesbian writing and short fiction by immigrants to Britain.

Reading the Short Story Anna Wing-bo Tso, Scarlett Lee, 2019-10-31 Beginning with a brief history and evolution of the short story genre alongside an overview of the key short story writers and an explanatory chapter of literary criticism, this book aims to give readers insight into the works by canonical British, Irish and American authors including Edgar Allan Poe, James Joyce, Flannery O'Connor and more. Applying close reading skills and critical literary approaches to twelve selected short stories in English, this work conducts comparative analyses to reveal the interrelationships between the texts, the authors, the readers and the sociocultural contexts. Developed and tested in literature classes at university over several semesters, this book addresses key issues, topics and trends in the short story genre.

The Oxford History of the Irish Book, Volume V Clare Hutton, Patrick Walsh, 2011-06-23 Part of a series providing an authoritative history of the book in Ireland, this volume comprehensively outlines the history of 20th-century Irish book culture. A Reader's Companion to the Short Story in English Erin Fallon, R.C. Feddersen, James Kurtzleben, Maurice A. Lee, Susan Rochette-Crawley, 2013-10-31 Although the short story has existed in various forms for centuries, it has particularly flourished during the last hundred years. *Reader's Companion to the Short Story in English* includes alphabetically arranged entries for

50 English language short story writers from around the world Most of these writers have been active since 1960 and they reflect a wide range of experiences and perspectives in their works Each entry is written by an expert contributor and includes biography a review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory

Reading the Ground Brian John, 1996 In this comprehensive study of Thomas Kinsella's poetry Brian John explores the poet's development within both the Irish and the English contexts and defines the nature of his poetic achievement He also offers a new reading of Kinsella's evolving relationship to one of his major literary forebears W B Yeats What becomes clear is the formidable accomplishment of a poet now writing at the height of his powers whose substantial body of work warrants comparison with the grand masters of twentieth century literature in English with Yeats Joyce and Beckett

An Introduction to Literature: Reading the short story, by H. Barrows Herbert Barrows, Gordon Norton Ray, 1959

Words for Readers and Writers Larry Woiwode, 2013-04-30 From poetry to social networks writing affects us all Having taught the art of writing for years while producing literary works of national renown Larry Woiwode thus explores the mysterious power of language offering readers a diverse collection of thought provoking essays on the meaning and significance of writing In teaching the art of putting words on a page Woiwode highlights the crucial role that writing plays in communicating with others and fashioning meaning for our lives The book's 21 essays will help Christians grasp the foundational importance of writing and to be more intentional about how they use words to express their emotions desires and beliefs

Hungry Words George Cusack, Sarah Judith Goss, 2006 *Hungry Words* re-evaluates the authors and texts generally recognised as the canon of Irish literature in the light of newly identified famine discourse Each essay focuses on the ways Irish authors with varying claims to canonical status affect and are affected by the literary discourse which emerged from the Great Famine The anthology further illuminates not only the cultural impact of the famine but the nature of the canon itself and the ideologies used to determine which authors and texts best represent Ireland's cultural identity Although the Famine and its cultural aftermath in particular have become increasingly popular subjects of scholarly inquiry in the past few years most studies of Famine literature have focused exclusively on works authors and cultural experiences outside the Irish literary mainstream This oversight has perpetuated the longstanding myth that Irish authors and Irish culture have for the most part deliberately avoided engagements with the Famine *Hungry Words* will seek to dispel this myth by tracing the Famine's influence on the works of mainstream authors from throughout the nineteenth and twentieth century Through this approach the book will demonstrate that far from being ignored the legacy of the Famine has been felt explored and transformed by each generation of Irish authors since the 1840s Furthermore by focusing on authors with differing claims to canonical status the anthology as a whole will cast a critical eye on the ideologies of the Irish canon over the last 160 years

Modern Irish Writers

Alexander G. Gonzalez,1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world s greatest authors The Revival saw a reestablishment of Ireland s literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Frigl Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume

Reading for Storyness Susan Lohafer,2020-03-03 The short story has been a staple of American literature since the nineteenth century taught in virtually every high school and consistently popular among adult readers But what makes a short story unique In Reading for Storyness Susan Lohafer former president of the Society for the Study of the Short Story argues that there is much more than length separating short stories from novels and other works of fiction With its close readings of stories by Kate Chopin Julio Cort zar Katherine Mansfield and others this book challenges assumptions about the short story and effectively redefines the genre in a fresh and original way In her analysis Lohafer combines traditional literary theory with a more unconventional mode of research monitoring the reactions of readers as they progress through a story to establish a new poetics of the genre Singling out the phenomenon of imminent closure as the genre s defining trait she then proceeds to identify preclosure points or places where a given story could end in order to access hidden layers of the reading experience She expertly harnesses this theory of preclosure to explore interactions between pedagogy and theory formalism and cultural studies fiction and nonfiction Returning to the roots of storyness Lohafer illuminates the intricacies of classic short stories and experimental forms of surreal postmodern and minimalist fiction She also discusses the impact of social constructions such as gender on the identification of preclosure points by individual readers Reading for Storyness combines cognitive science with literary theory to present a compelling argument for the uniqueness of the short story
