A Fulton Sheen Reader Fulton John Sheen, 1979 *A Fulton Sheen Reader* Fulton John Sheen, 1979 *The Catholic Studies Reader* James Terence Fisher, Margaret M. McGuinness, 2011 Divided into five interrelated themes sources and contexts traditions and methods pedagogy and practice ethnicity race and Catholic studies and the Catholic imagination the editors provide readers with the opportunity to understand the great diversity within this area of study *Archbishop Fulton Sheen, the Contemporary Humanist* Emmanuel K. Ngwainmbi, Rev. Fr. John Berinyuy, 2023-08-30 This book is a theological reflection of Sheen's contribution to humanity and society It analyzes the modern person from the Catholic doctrinal perspective explores Fulton Sheen's perception of the contemporary individual and demonstrates that global economic religious and political crises cannot be resolved by focusing only on the mundane It further underscores some contemporary anthropological challenges and proposes a philosophy and theology of life that can enable contemporary humans to know themselves better and make life worth living The authors argue that advancements in science and technology have failed to prolong happiness people are still frustrated disillusioned cynical bored and suicidal This book enters the landscape of Sheen's controversial pause before he was sanctified and provides a lengthy liturgical extrapolation of Sheen's Christian anthropology wrestling with other thinkers and general concerns surrounding human angst in modern society **Heaven in the American Imagination** Gary Scott Smith, 2011-06-01 Drawing on an astounding array of sources including works of art music sociology psychology folklore liturgy sermons poetry fiction and devotional books Smith paints a sweeping provocative portrait of what Americans from Jonathan Edwards to Mitch Albom have thought about heaven Concepts of heaven he shows are ever changing constantly adapting to the spirit of the age In the colonial era heaven focused primarily on the glory of God Today many see it as a celestial entertainment center or a paradise where everyone can reach their full potential **The Cries of Jesus from the Cross** Fulton John Sheen, Archbishop Fulton Sheen, 2018 For the first time ever Archbishop Fulton Sheen's complete writings and reflections on Christ's last words have been compiled into this one book *How to Read Your Way to Heaven* Vicki Burbach, 2017-01-24 Many of us commit to some form of spiritual reading but we find that our book choices are sporadic and often based on a whim rather than following a purposeful plan Designed for individual or group settings *How to Read Your Way to Heaven* will guide your quest to delve deeper into a relationship with Christ by meditating on the written word while organizing your reading around the four pillars of the Catholic Faith the Creed the sacraments morality and prayer *How to Read Your Way to Heaven* is not merely another book to read It is designed to be an invaluable tool for guiding and organizing your reading to help you on your journey to become a saint And best of all this fully integrated do it yourself spiritual reading program that can be easily followed by the busiest of Catholics with the tightest of schedules By following this plan you'll meditate daily on Sacred Scripture and read the entirety of the Catechism over the course of the program You'll be introduced to a treasure trove of the greatest Catholic books ever written and you'll learn

prayerful reading methods such as lectio divina as well as time tested advice on where and when to read Here you ll also find a list of the favorite books by leading Catholics of our day including Bishop James Conley Fr Mike Schmitz Fr C J McCloskey Jennifer Fulwiler Peter Kreeft Patrick Coffin Karl Keating Lisa Hendey Fr Timothy Gallagher Mike Aquilina and so many more Spiritual reading arms us for battle We are called to be saints and yet daily we are bombarded by a culture that drives our minds and hearts away from the supernatural life Because what we choose to read makes a significant difference in our spiritual growth and understanding we present this structured reading guide to help you read with a purpose Truth and Responsibility: A Personalist Reading of Newman Jan Klos,2023-11-13 This book goes beyond a simple study of Newman s thought and work and seeks to apply his deductions to modern value conflicts Although it will be of particular relevance to academic readers with some prior knowledge of Newman s works it may also be of wider interest to students of history philosophy theology and spirituality More generally its unusual focus on Newman s epistemology and philosophical deductions and how these relate to present day dilemmas should also attract interest from his many non academic followers and devotees The main value of this work lies in its original approach to Newman from a Polish Personalist perspective and this rather than as another amorphous study of Newman could give it novelty value and attract real interest from Newman scholars and experts Jonathan Luxmoore Oxford based writer and Church historian How do we evaluate a human life our own life Beginning with John Henry Newman s defence of his life Jan K os in this volume sensitively explores from a personalist perspective how all our lives involve struggle with commitment responsibility and truth In its emphasis on the narrative structure of human lives the book makes a valuable contribution not just to the philosophy of personalism but to social theory overall Douglas Porpora Professor of Sociology Drexel University *Reading Culture Through Catholic Eyes* Keane, James T.,2024-12-18 *Eight Ways of Loving God* Jeanette Flood,2019-05-14 There is growing awareness that different people have different love languages What about God Does He have a love language Jeanette Flood answers this question by looking at the life and teachings of Jesus With a conversational style and a dose of good humor she describes eight love languages with fresh spiritual analogies and lessons from her own life This work reveals that being a Christian means being in a relationship of love with Love Himself Drawing on Scripture Church teachings and insights of the saints it inspires readers to follow Saint Paul s advice to the Ephesians to learn what is pleasing to the Lord Eph 5 10 Reading McLuhan Reading Paula McDowell,2023-02-21 Sixty years after Understanding Media Marshall McLuhan remains one of the best known and most influential intellectuals of the twentieth century Far beyond academia readers and non readers recognize his coinages such as the Gutenberg era the global village and the medium is the message A literary scholar by profession McLuhan was one of the first academics to recognize the new opportunities offered by radio and television to reach audiences beyond the readerships of scholarly journals His talks and appearances ushered in public intellectual debate concerning the electronic age Although his reputation waned in the 1970s the recent making available to the public of his extraordinary personal

library of some six thousand books enables new kinds of analyses of McLuhan as a reader thinker and cultural force The essays here focus not so much on his media theory per se as on the habits and practices that animated his reading and on the larger questions of what reading and not reading mean We don't need to agree with everything McLuhan says to make valuable use of his work New resources offer us an unprecedented opportunity to revisit one fallible human reader whose texts and ideas are good to think with and against This book was originally published as a special issue of the journal Textual Practice

God Speaks His Love Daniel Lloyd,2023-01-24 God Speaks His Love is an innovative Bible study based on the theme of God's love This book invites readers into a deeper encounter with God's actions which create and redeem human beings for loving relationships Each chapter follows a simple structure designed to maximize the reader's encounter with the Scriptures Chapters begin with an informational preview about select biblical texts Next reading questions help readers focus on a few ideas while reading the Scriptures Then each chapter presents and explains three major topics covered in the selections Chapters conclude with a set of reflection questions helpful for group discussion or further personal engagement God Speaks His Love is in part a response to modern claims that God stays separate from the world or remains silent in our lives In the previews and topical sections of each chapter readers are introduced to biblical historical and theological information which challenge such ideas This book explores the ways the Bible presents God's loving and healing actions as bringing human life to fulfillment

Science Facts in Bible Wisdom Harry W. Miller,2006-03-21 Unlike most books attempting to reconcile the facts of science with the wisdom of the Holy Bible Harry W Millers book Science Facts in Bible Wisdom does not waste the readers time with long convoluted arguments Instead it cuts right through to the substantive evidence to show that todays science is discovering increasingly the very truths that the Bibles wisdom has always contained citing scientists and the Bible The bottom line Truth concerning Reality both for science and the Bible is that it is not relative or divisive in nature it is instead relational and unifying Jesus Christ being the Keystone evidence of that Fact by the complementary holistic nature of his mortal human yet divine Person Thus the Bible tells us Since the creation of the world his Gods invisible nature namely his eternal power and deity has been clearly perceived in the things that have been made most particularly in the Person of Jesus Christ born of woman Romans 1 20 Science Facts in Bible Wisdom is in three parts The first two focus on sciences and the Bibles correlative information concerning the creation of the universe the human person and the emergence of the subjective consciousness with its two tracks of awareness The third part focuses upon the more intimate aspects of personal or experiential knowledge such as

prayer miracles and visions including two of the authors own as well as the documentation of near death and out of body experiences by scientists of the International Association of Near Death Studies IANDS Within the heart of each human being there resides a deep seated spiritual desire to know in both an intimate and substantive fashion that ultimate Source of their existence most often referred to as God Humanity is forever reaching out to that ultimate Source very much as Adam is in Michelangelos classic Sistine Chapel painting The Creation of Adam The NASA photo appearing on the cover of Science Facts in Bible Wisdom like Michelangelos famous painting is evidence that even with todays secular culture humanity continues to pursue its innate even if often subconscious spiritual imperative to know its Creator not just spiritually but in truth Today however the search for credible substantive evidence and that transcendental Truth God for which it speaks comes evermore frequently by way of the amazing new empirical findings of science Thus on this books cover in place of Adams arm reaching out to God we see instead the space shuttles robot arm reaching out to the visible evidence of Gods invisible nature the things that have been made Rom 1 20 As this book attempts to show truth of any kind must always rest upon relevant evidence But it can not rest upon self righteous ideologies nor the blind beliefs of the large assortment of locally popular human traditions habits Evidence and reason are always necessary whether the evidence required and the truth being pursued are of a more visible tangible kind as at a crime scene or if they are of a less visible or ethereal nature In the latter case the truth and that evidence which speaks for it must necessarily be articulated by means of an indirect analogical or symbolic form of language The only language which can in effect make known more clearly the particular nature of such mysterious invisible truths by making them more concrete to the limited cognitive scope of the human mind Such a language must be used by both science and religion The symbolic form of language favored by science is one comprised of mathematical symbols On the other hand the language favored by religion such as that used in the Holy Bible must often take on a metaphorical or figurative form in order to make those spiritual things that can not now be seen more concrete to the human understa

The Rise of Liberal Religion Matthew Hedstrom, 2013 Winner of the Frank S and Elizabeth D Brewer Best First Book Prize of the American Society of Church History Society for U S Intellectual History Notable Title in American Intellectual History The story of liberal religion in the twentieth century Matthew S Hedstrom contends is a story of cultural ascendancy This may come as a surprise most scholarship in American religious history after all equates the numerical decline of the Protestant mainline with the failure of religious liberalism Yet a look beyond the pews into the wider culture reveals a more complex and fascinating story one Hedstrom tells in The Rise of Liberal Religion Hedstrom attends especially to the critically important yet little studied arena of religious book culture particularly the religious middlebrow of mid century as the site where religious liberalism was most effectively popularized By looking at book weeks book clubs public libraries new publishing enterprises key authors and bestsellers wartime reading programs and fan mail among other sources Hedstrom is able to provide a rich on the ground account of the men women and organizations that drove religious liberalism s cultural rise in the 1920s 1930s and 1940s Critically by the post WWII period the religious middlebrow had expanded beyond its Protestant roots using mystical and psychological spirituality as a platform for interreligious exchange This compelling history of religion and book culture not only shows how reading and book buying were critical twentieth century religious practices but also provides a model for thinking about the relationship of religion to consumer culture more broadly In this way The Rise of Liberal Religion offers both innovative cultural history and new ways of seeing the imprint of liberal religion in our own times
