A Funny Thing Happened on the Way to the Senate Wyman Spano, Nona Yates, 2010-07-15 The Franken Coleman campaign saga really begins with the tragic plane crash resulting in the death of Senator Paul Wellstone That moment provided Norm Coleman his second opportunity for major political reinvention the first being when he switched parties Following the tragedy Coleman shifted gears to run a kinder gentler series of television ads that hardly mentioned his new opponent Walter Mondale Meanwhile when Republicans accused Democrats of turning the Wellstone memorial service into a carefully choreographed political rally Franken was outraged He immediately set upon a mission to unseat Coleman which ended up with their eventual head to head run in 2008 The unprecedented recount and legal drama that ultimately decided the election was an appropriate coda to what had already been an extraordinary Minnesota Senate race

A Funny Thing Happened on the Way to Communism Antonio C. Abaya, 1987 A Right to Discriminate? Andrew Koppelman, Tobias Barrington Wolff, 2009-07-28 Should the Boy Scouts of America and other noncommercial associations have a right to discriminate when selecting their members Does the state have a legitimate interest in regulating the membership practices of private associations These questions raised by *Boy Scouts of America v Dale* in which the Supreme Court ruled that the Scouts had a right to expel gay members are at the core of this provocative book an in depth exploration of the tension between freedom of association and antidiscrimination law The book demonstrates that the right to discriminate has a long and unpleasant history Andrew Koppelman and Tobias Wolff bring together legal history constitutional theory and political philosophy to analyze how the law ought to deal with discriminatory private organizations *Building the Federal*

Schoolhouse Douglas S. Reed, 2014 Creating a truly national school system has over the past fifty years reconfigured local expectations and practices in American public education Through a 50 year examination of Alexandria Virginia this book reveals how the education state is nonetheless shaped by the commitments of local political regimes and their leaders and constituents

Collected Works on Religious Liberty, Vol. 1 Douglas Laycock, 2010 One of the most respected and influential scholars of religious liberty in our time Douglas Laycock has argued many crucial religious liberty cases in the U S appellate courts and Supreme Court His

noteworthy scholarly and popular writings are being collected in four comprehensive volumes under the title Religious Liberty This first volume gives the big picture of religious liberty in the United States fitting a vast range of disparate disputes into a coherent pattern from public school prayers to private school vouchers to regulation of churches and believers Laycock s clear overviews provide the broad historical helpful context often lacking in today s press Book Review Index ,1985 Every 3rd issue is a quarterly cumulation

Masters of Illusion Frank S. Ravitch,2007-04 Many legal theorists and judges agree on one major premise in the field of law and religion that religion clause jurisprudence is in a state of disarray and has been for some time In Masters of Illusion Frank S Ravitch provocatively contends that both hard originalism a strict focus on the intent of the Framers and neutrality are illusory in religion clause jurisprudence the former because it cannot live up to its promise for either side in the debate and the latter because it is simply impossible in the religion clause context Yet these two principles have been used in almost every Supreme Court decision addressing religion clause questions Ravitch unpacks the various principles of religion clause interpretation drawing on contemporary debates such as school prayer and displaying the Ten Commandments on courthouses to demonstrate that the neutrality principle does not work in a pluralistic society When defined by large overarching principles of equality and liberty neutrality fails to account for differences between groups and individuals If however the Court drew on a variety of principles instead of a single notion of neutrality to decide whether or not laws facilitated or discouraged religious practices the result could be a more equitable approach to religion clause cases

The Politics of Population Stanley Johnson,2013-11-05 The International Conference on Population and Development in Cairo in 1994 represented a remarkable watershed Not only did it produce an unprecedented degree of agreement among the 179 countries and thousands of non governmental organizations taking part it also created a wide ranging Programme of Action which for the first time offers real chances of progress by putting population policies at the heart of the struggle for social development This book recounts what actually happened in Cairo and how it was achieved The early chapters look in some detail at the preparations for Cairo in the context of over three decades of attempts to integrate population development and environmental issues Focusing on the key controversial questions including abortion contraception and adolescent sex it examines the ways in which attempts were made to reconcile opposing positions Setting the discussion in a much wider context it argues that Cairo witnessed a quantum leap in the way the population issue is seen and the need to give them control over their own lives central to the discussion about population resources and development The Programme of Action which emerged from the conference particularly the parts dealing with gender issues included here in appendices is the most forward looking ever adopted As a whole the Programme is probably one of the most important social documents of our time This book captures both the drama and the detail of its creation Stanley Johnson edited The Population Problem 1974 and is the author of World Population and

the United Nations 1987 and World Population Turning the Tide 1994 as well as numerous other books including eight novels Originally published in 1995 **Virgin or Vamp** Helen Benedict, 1993-09-09 The national press has recently lavished coverage on several major sex related scandals the Clarence Thomas Anita Hill hearings the William Kennedy Smith rape trial and the Mike Tyson case With each event came lurid stories pitting either a loose or a virginal woman against an unwilling or monstrous man Such extreme coverage argues Helen Benedict perpetuates myths that are harmful to the victims of these crimes and sometimes to the accused With the rise in reported rapes more such myth mongering stories are bound to be seen in the future In *Virgin or Vamp* Benedict addresses the press's tendency to misrepresent rape denigrate victims and invade the privacy of its subjects while also pointing out the press's critical role in informing and educating the public In this timely book Benedict draws on her experience as a reporter and professor of journalism to examine the print press's treatment of four prominent sex crimes from the past decade the Rideout marital rape trial in Oregon the Big Dan's pool table gang rape in New Bedford Massachusetts the Preppy Murder in New York and the Central Park jogger rape By analyzing the language of the original news stories and interviewing the original reporters Benedict identifies the press's tendency to label victims as either virgins or vamps a practice she condemns as misleading and harmful For example she finds that the press worked so hard at portraying Jennifer Levin the victim of the Preppy Murder as a man chasing vamp that it made her seem as responsible for her death as was her killer Robert Chambers Likewise Benedict shows how the press depicted Greta Rideout as a hysterical wife who accused her husband of rape for revenge rather than as a victim of domestic battery who eventually escaped the truth of the case Benedict also looks at other factors that perpetuate the misunderstanding of rape For instance she shows how the New York press presented the Central Park jogger rape case as motivated by racism because of its unwillingness to consider rape an issue of gender She also addresses our inherent language bias more positive words exist to describe men than women the press's tendency to use sexually suggestive language to describe crime victims and its preference for crimes against whites In her conclusion Benedict analyzes the William Kennedy Smith rape case and argues that the debate over naming victims is misconceived in light of the press's current lack of understanding about rape More than a critique about the way the print press covers sex crimes *Virgin or Vamp* also reveals the roots of rape coverage in the days of lynching and shows how deep traditionalist views of women still run Benedict concludes with both practical and radical suggestions of how reporters can challenge such views by covering these increasingly common crimes without further harming the victims the defendants or public understanding The Oxford Handbook of Transnational Feminist Movements Rawwida Baksh-Soodeen, Wendy Harcourt, 2015 The Oxford Handbook of Transnational Feminist Movements explores the historical political economic and social contexts in which transnational feminist movements have emerged and spread and the contributions they have made to global knowledge power and social change over the past half century The publication of the handbook in 2015 marks the fortieth anniversary of

the United Nations International Women's Year the thirtieth anniversary of the Third World Conference on Women held in Nairobi the twentieth anniversary of the Beijing Declaration and Platform for Action and the fifteenth anniversaries of the Millennium Development Goals and of UN Security Council Resolution 1325 on women peace and security The editors and contributors critically interrogate transnational feminist movements from a broad spectrum of locations in the global South and North feminist organizations and networks at all levels local national regional global and global wider civil society organizations and networks governmental and multilateral agencies and academic and research institutions among others The handbook reflects candidly on what we have learned about transnational feminist movements What are the different spaces from which transnational feminisms have operated and in what ways How have they contributed to our understanding of the myriad formal and informal ways in which gendered power relations define and inform everyday life To what extent have they destabilized or transformed the global hegemonic systems that constitute patriarchy From a position of fifty years of knowledge production activism working with institutions and critical reflection the handbook recognizes that transnational feminist movements form a key epistemic community that can inspire and provide leadership in shaping political spaces and institutions at all levels and transforming international political economy development and peace processes The handbook is organized into ten sections each beginning with an introduction by the editors The sections explore the main themes that have emerged from transnational feminist movements knowledge theory and praxis organizing for change body politics health and well being human rights and human security economic and social justice citizenship and statebuilding militarism and religious fundamentalisms peace movements UNSCR 1325 and postconflict rebuilding feminist political ecology and digital age transformations and future trajectories

Could It Happen Here? Michael Adams, 2017-09-26 From award winning author Michael Adams *Could It Happen Here* draws on groundbreaking new social research to show whether Canadian society is at risk of the populist forces afflicting the rest of the world In vote after shocking vote Western publics have pushed their anger to the top of their countries political agendas The votes have varied in their particulars but their unifying feature has been rejection of moderation incrementalism and the status quo Britons opted to leave the European Union Americans elected Donald Trump Far right populist politicians channeling anger at out of touch elites are gaining ground across Europe Amid this roiling international scene Canada appears placid at least on its surface As other societies retrench the international media have taken notice of Canada's welcome of Syrian refugees its half female federal cabinet its acceptance of climate science and mixed efforts to limit its emissions the absence of a prominent hard right ethno nationalist movement After a year in power the centrist federal government continues to enjoy majority approval suggesting an electorate not as bitterly split as the ones to the south or in Europe As sceptics point out however Brexit and a Trump presidency were unthinkable until they happened Could it be that Canada is not immune to the same forces of populism social fracture and backlash that have afflicted other parts Our largest and most cosmopolitan city elected Rob Ford

Conservative Party leadership hopeful Kellie Leitch proposes a Canadian test for immigrants and has called the Trump victory exciting Anti tax demonstrators in Alberta chanted lock her up in reference to Premier Rachel Notley an elected leader accused of no wrongdoing only policy positions the protesters disliked In Could It Happen Here pollster and social values researcher Michael Adams takes Canadians into the examining room to see whether we are at risk of coming down with the malaise affecting other Western democracies Drawing on major social values surveys of Canadians and Americans in 2016 as well as decades of tracking data in both countries Adams examines our economy institutions and demographics to answer the question could it happen here **Thoughts** Stephen Yablo,2008-11-27 In these twelve essays Stephen Yablo presents a modern day examination of Cartesian themes in the metaphysics of mind including mental physical dualism the possibility of disembodied existence conceivability as a guide to possibility the nature of solipsistic content and how the mind affects the course of physical events *The Thirty Years' Wars* Andrew Kopkind,1996-11-17 This volume represents the 30 years aftershocks of the cataclysmic battles of the 1960s as recorded by one of the major journalists of that generation A chronicle of political and cultural life from 1965 until Andrew Kopkind s death in October of 1994 it tracks the black civil rights movement the New Left Prague in the wake of Soviet invasion and Moscow during the Soviet collapse Woodstock drug wars blue collar attitudes Christian soldiers and gay soldiers As a gay man Kopkind understood that there is no pure realm of the personal and his writing captures history as it happened *Religious Liberty, Vol. 1* Douglas Laycock,2010-02-22 The Collected Works on Religious Liberty comprehensively collects the scholarship advocacy and explanatory writings of leading scholar and lawyer Douglas Laycock illuminating every major religious liberty issue from both theoretical and practical perspectives This first volume gives the big picture of religious liberty in the United States It fits a vast range of disparate disputes into a coherent pattern from public school prayers to private school vouchers to regulation of churches and believers Laycock clearly and carefully explains what the law is and argues for what the law should be He also reviews the history of Western religious liberty from the American founding to Protestant Catholic conflict in the nineteenth century using this history to cast light on the meaning of our constitutional guarantees Collected Works on Religious Liberty is unique in the depth and range of its coverage Laycock helpfully includes both scholarly articles and key legal documents and unlike many legal scholars explains them clearly and succinctly All the while he maintains a centrist perspective presenting all sides believers and nonbelievers alike fairly *A Funny Thing Happened on the Way to the School Library* Larry A. Parsons,1990 Collection of humorous stories quotes and anecdotes about the school librarians **The Manuscript Inventories and the Catalogs of Manuscripts, Books, and Periodicals: Book catalog, Education of women** L-Har Arthur and Elizabeth Schlesinger Library on the History of Women in America,1984
