A General Survey of the History of the Canon of the New Testament Brooke Foss Westcott, 1896 **A General Survey of the History of the Canon of the New Testament** Brooke Foss Westcott, 1881 **A General Survey of the History of the Canon of the New Testament** Brooke Foss Westcott, 1855 **A general survey of the history of the canon of the New Testament** Brooke Foss Westcott (Bishop of Durham.), 1889 *A General Survey of the History of the Canon of the New Testament* B. F. Westcott, 2005-06-08 **A General Survey of the History of the Canon of the New Testament** Brooke Foss Westcott (Bishop of Durham.), 1855 General Survey of the History of the Canon of the New Testament During the First Four Centuries Brooke Foss Westcott (Bishop of Durham.), 1855 **General Survey of the History of the Canon of the New Testament During the First Four Centuries** Brooke Foss Westcott (Bishop of Durham.), 1866 The Old Testament Canon of the New Testament Church Roger T. Beckwith, 2008-11-01 This new study of the Old Testament canon by Roger Beckwith is on a scale to match H E Ryle's classic work which was first published in 1892 But Beckwith has the advantage of writing after the Qumran and other discoveries and he has also made full use of all the available sources including biblical manuscripts and rabbinical and patristic literature taking into account the seldom studied Syriac material as well as the Greek and Latin material The result of many years of study this book is a major work of scholarship on a subject which has been neglected in recent times It is both historical and theological but Beckwith's first consideration has been to make a thorough and unprejudiced historical investigation One of his most important concerns and one that is crucial for all students of Judaism and Christians in particular is to decide when the limits of the Jewish canon were settled In the answer to this question lies an important key to the teaching of Jesus and his apostles and the resultant beliefs of the New Testament church Furthermore any answers to questions about the state of the canon in the New Testament period would help to open a way through the present ecumenical and interfaith impasse on the subject With its meticulous research and evenhanded approach this book is sure to become the starting point for study of the Old Testament canon in the years to come **The New Testament in the original Greek, the text revised by B.F. Westcott and F.J.A. Hort** Brooke Foss Westcott (bp. of Durham), 1881 **An Introduction to the New Testament** Raymond E. The First Edition of the New Testament David Trobisch, 2000 Publisher description

A General Survey of the History, of the Canon, of the New Testament, 1881 (Classic Reprint) Brooke Foss Westcott, 2016-06-16 Excerpt from *A General Survey of the History of the Canon of the New Testament 1881* My object in the present Essay has been to deal with the New Testament as a whole and that on purely historical grounds The separate books of which it is composed are considered not individually but as claiming to be parts of the Apostolic heritage of Christians And thus reserving for another occasion the inquiry into their mutual relations and essential unity I have endeavoured to connect the history of the New Testament Canon with the growth and consolidation of the Catholic Church and to point out the relation existing between the amount of evidence for the

authenticity of its component parts and the whole mass of Christian literature However imperfectly this design has been carried out I cannot but hope that such a method of inquiry will convey both the truest notion of the connexion of the written Word with the living body of Christ and the surest conviction of its divine authority Hitherto the co existence of several types of Apostolic doctrine in the first age and of various parties in Christendom for several generations afterwards has been quoted to prove that our Bible as well as our Faith is a mere compromise About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
