The Irish Voice in America Charles Fanning, 2014-07-11 In this study Charles Fanning has written the first general account of the origins and development of a literary tradition among American writers of Irish birth or background who have explored the Irish immigrant or ethnic experience in works of fiction The result is a portrait of the evolving fictional self consciousness of an immigrant group over a span of 250 years Fanning traces the roots of Irish American writing back to the eighteenth century and carries it forward through the traumatic years of the Famine to the present time with an intensely productive period in the twentieth century beginning with James T Farrell Later writers treated in depth include Edwin O Connor Elizabeth Cullinan Maureen Howard and William Kennedy Along the way he places in the historical record many all but forgotten writers including the prolific Mary Ann Sadlier The Irish Voice in America is not only a highly readable contribution to American literary history but also a valuable reference to many writers and their works For this second edition Fanning has added a chapter that covers the fiction of the past decade He argues that contemporary writers continue to draw on Ireland as a source and are important chroniclers of the modern American experience **A Voice of...**

Democracy Joseph P. Hester, 2023-03-24 About the Book The development of a moral democracy in America was undertaken amidst war and colonial disagreement This was just the beginning as America s founders embodied democracy within a Constitution including procedures for making future adjustments laws as needed Early on historians called this the great experiment Today the foundations of this experiment are under attack and not with physical violence only or just from without but coming from a distorted ideology emerging within America s own borders Value confusion and value polarization have many in their grips as the shade of reasoning appears to have been lowered making room for half truths and outright lies And Americans can t neglect their own responsibilities reflective morality consists not only of forming judgments of value but of setting forth the reasons for one s judgments A vibrant democracy depends on this But are most prepared and even if they are will they be willing participants About the Author Joseph P Hester earned his Ph D in Philosophy from the University of Georgia in 1973 where he held a teaching assistantship in the Department of Philosophy and a research assistantship with the Georgia Studies of Creative Behavior With an interest in pre college philosophy and while teaching at Campbell

University he made a shift to public education. He then completed two years of postdoctoral studies in education earning both teaching and administrative certifications in several different areas. Hester spent 37 years in college and public school education. He served as an adjunct professor at Lenoir Rhyne and Appalachian State Universities from 1978-1998 teaching both philosophy and graduate courses in education. Since 2010 he has served on the editorial board for the Journal of Values based Leadership for which he is a frequent contributor.

Generation X Professors Speak Elwood Watson, 2013-03-22 While the Baby Boomer generation has consistently commanded widespread attention both scholarly and popular little has been written about Generation X the 46 million Americans born between the mid 1960s and late 1970s. But with Baby Boomers now moving into retirement members of Generation X have come to the forefront of American society. Consequently understanding Generation X and the potential impact of the independent sometimes rebellious spirit that characterizes it is critical. In *Generation X Professors Speak* Voices from Academia Elwood Watson has assembled a unique collection of thematically arranged essays by academics that offers insights into the issues conflicts and triumphs that epitomize this often overlooked generation. One essayist writes about her determination to achieve her career goals without sacrificing time with her family while another speaks about being a stay at home dad and teaching part time at a university. Another essay covers disabilities depression and mental illness pointing to the sympathetic approach Gen Xers tend to take toward individuals often marginalized by society. The acceptance of interracial marriage on the part of members of Generation X is engagingly presented by an ivy league educated white man married to a woman of African descent. And the role religion plays in the lives of Gen Xers is movingly expressed by an essayist whose commitment to his spiritual faith have allowed him to combat racial social family personal and academic issues. These and the other essays in this collection passionately and sometime provocatively cover topics ranging from career class family life health music and physical disabilities to race religion and sexuality. Together the essays define the characteristics and demonstrate the diversity of Generation X and will appeal to scholars students and others interested in social history psychology gender studies and popular culture.

Werner's Voice Magazine Edgar S. Werner, 1898 *Speak Plainly God* Arden Christopherson, 2009 Originally I had planned on naming this book *Ninety Days to Glory*. By revelation of the Holy Spirit I was told to name the book *Speak Plainly God* as God would use my book to answer the cry of many to learn how to hear Him speak plainly in their daily lives. The greatest miracle I personally received was at the end of my own ninety day transformation. A miracle occurred in heaven that was shared by others as a witness to God's commitment and love for those who overcome the obstacles of this world. Jesus appeared to me in the form of the Morning Star. The events that followed have led to the writing of this book. If you seek Him with an open mind and heart He has promised through scripture to appear to you as well. II Peter 1:19-21 Verse 19: And we have the word of the prophets made more certain and you will do well to pay attention to it as to a light shining in a dark place until the day dawns and The Morning Star rises in your hearts. Verse 21: For prophecy never had its origin in the will of man but men spoke

from God as they were carried along by the Holy Spirit Revelation 22 16 Verse 16 I Jesus have sent my angel to give you this testimony for the churches I am the Root and the Offspring of David and the Bright Morning Star Revelations 2 26 28 Verse 26 To him who overcomes and does my will to the end I will give authority over the nations Verse 28 I WILL ALSO GIVE HIM THE MORNING STAR
