The Sherpas of the Himalayas Manis Kumar Raha, Palash Chandra Coomar, Sudip Bhui, 2016-01-01

The present book is a detailed first of its kind study of the Sherpas inhabiting Darjeeling District of West Bengal and South District of Sikkim. This ethnographic study among the Sherpas of these two areas was undertaken by the authors because firstly the Sherpas here have very interesting culture and secondly these people here are very little known. All detailed studies so far published are on the Sherpas of Nepal. So people know about the Sherpas of Nepal but not about them living in Darjeeling and Sikkim. From this detailed study the readers of this book, particularly those who are interested about the people of the Himalayas and of North East India, will get a comprehensive idea about the life and activities of these inhabitants of the Himalayas. Moreover, in this book a comparison between their society and culture and those of their congeners in Nepal has also been made. As a result the readers will get a complete life sketch of these people from this book. This book will also help in formulating and undertaking development programmes among them and also in the areas they live.

This pioneering work documents cultural and religious sites across the Tibetan Plateau and its bordering regions from the Paleolithic Era to today. Western fascination with Tibet has soared in recent decades yet this historic and globally celebrated region has barely been mapped. With this groundbreaking atlas Karl E. Ryavec sweeps aside the image of Tibet as Shangri La, offering a comprehensive vision of the region as it really is. The product of twelve years of research and eight more of mapmaking, the results are absolutely stunning. A Historical Atlas of Tibet ranges through the five main periods in Tibetan history, offering introductory maps of each followed by details of western, central and eastern regions. It beautifully visualizes the history of Tibetan Buddhism, tracing its spread throughout Asia with thousands of temples mapped both within Tibet and across North China and Mongolia all the way to Beijing. There are maps of major polities and their territorial
