A Guest In The House Of Israel Post Holocaust Church Theology:

A Guest in the House of Israel Clark M. Williamson, 1993-01-01 Williamson challenges churches and theologians to become aware of the inherited ideology of anti Judaism that has distorted their teaching even on such key matters as Jesus the Scriptures the church and God and suggests a radical constructive alternative to the teaching of contempt **Church and Israel after Christendom** Scott Bader-Saye, 2005-01-31 Two seismic events mark the twentieth century as one of crisis for the Church The first is the demise of the Christendom paradigm that positioned the Church as spiritual sponsor of Western Civilization The second is the Holocaust the horrors of which have prompted both the Roman Catholic and Protestant churches to repudiate the teachings and attitudes undergirding their dark history of Jewish persecution The cumulative effect of these two events is that Christians have been called to rethink their own doctrines and practices especially with regard to the Church's prior conviction that it had replaced Israel in God's plan In his pathbreaking new work *Church and Israel After Christendom* Scott Bader Saye contends that a renewed understanding of Israel might provide resources to envision a faithful post Christendom Church Unlike theologians such as John Milbank and Stanley Hauerwas who have pointed to the Greek polis as a model for renewing ecclesiology the author suggests that it is not to Aristotle but to Abraham that the church should look in order to articulate and incarnate a faithful alternative to the voluntarism and violence of modernity The doctrine of election is the linchpin linking a renewed understanding of Israel with a renewed vision of the post Christendom Church By recovering a doctrine of election that is both non supersessionist and fully Trinitarian Christians may recover their political calling to embody a way of life shaped by covenant freedom and messianic peace

One Gospel Many Ears Ronald J. Allen, Joseph R. Jeter, Every time a congregation gathers for worship many different people from different points in life with different needs and perspectives come together each refracting messages through their own lenses Each person processes communication in ways that are influenced by age gender race personality type ethnicity education and social and economic background Jeter and Allen explore how these factors affect the ways in which members of the congregation receive and process sermons and how the preacher can optimize the opportunity for each to hear and understand the gospel and one another *The Ten Commandments for Jews, Christians, and Others* Roger Van Harn, 2007-08-28 In this book eminent Jewish and Christian scholars come together to illuminate the Ten Commandments Roger Van Harn has arranged the volume so that writers from both traditions dialogue over each of the Ten Words A Christian or a Jew writes a penetrating essay about one of the commandments followed by a shorter response from a member of the other tradition all done remarkably without sacrificing either Jewish or Christian identity Unique for its authentic interfaith dialogue on dogmatic matters *The Ten Commandments for Jews Christians and Others* offers pertinent guidelines for believing Jews and Christians today with the goal of stimulating deeper conversation between the two groups As Van Harn says Listening to one another may hold pleasant surprises that open us to new possibilities *Making Memory* Alana

M Vincent, 2014-11-27 The twentieth century has been called a century of horror Proof of that designation can be found in the vast and ever increasing volume of scholarly work on violence trauma memory and history across diverse academic disciplines This book demonstrates not only the ways in which the wars of the twentieth century have altered theological engagement and religious practice but also the degree to which religious ways of thinking have shaped the way we construct historical narratives Drawing on diverse sources from the Hebrew Bible to Commonwealth war graves from Greek tragedy to post Holocaust theology Alana M Vincent probes the intersections between past and present memory and identity religion and nationality The result is a book that defies categorization and offers no easy answers but instead pursues an agenda of theological realism holding out continued hope for the restoration of the world Discerning the Divine Barry L. Callen, 2004-01-01 An ideal introduction to Christian theology Discerning the Divine presents the doctrine of God as the most important subject in Christian believing and living Chapters discuss the complex God question and the task of Christian theology Includes a glossary of terms *Johannine Social Identity Formation after the Fall of the Jerusalem Temple* Christopher A. Porter, 2021-10-25 In *Johannine Social Identity Formation after the Fall of the Jerusalem Temple* Christopher Porter reads the Fourth Gospel through the lens of social identity theory as means of reconciling the social dislocation and trauma of the destruction of the Jerusalem temple Analysing the Fourth Gospel in conversation with other temple removed texts of Qumran Philo and Josephus the gospel's intent to renegotiate cultic life without the temple can be seen Through this analysis it is argued that the Fourth Gospel primarily functions as an intra mural Jewish text attempting to negotiate the formation of a Jesus follower social identity in direct continuity with earlier Jewish shared social narratives Finally this work reviews the Johannine Community as an outcome of the Gospel identity formation The Hermeneutical Spirit Amos Yong, 2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author's previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context Paul's Conundrum Amy Karen Downey, 2011-01-01 Was Paul an anti Semite

Was Paul a self hating Jew Was Paul misunderstood and wrongly accused This is the debate that has been raging for almost two millennia Paul s conundrum seeks to answer these questions through an analysis of his two most controversial passages 1 Thessalonians 2 13 16 and Romans 9 1 5 Amy Downey has sought to reconcile these passages through a conservative evangelical approach that not only considers the Jewish man Paul but also Paul the Apostle of Messiah Jesus Downey considers the historical setting of the two passages analyzes the exegesis of the passages in question and seeks to respond to three separate but unique theological controversies that arise out of these letters She finds defective three modern positions 1 1 Thess 2 13 16 as a post Pauline interpolation likely expressive of Paul s anti semitism 2 the modern post Holocaust theory of dual covenants according to which Gentiles are saved through Jesus and the Jews through the Law of Moses hence all national Israel will be eschatologically saved and 3 replacement theology i e God has rejected the Jews as His chosen people and replaced them with believing Gentiles traceable to the Epistle of Barnabas and Ignatius of Antioch and in effect bringing the spiritual genocide of the Jewish people and making Rom 9 1 5 inexplicable Hopefully by the end of this book the reader will be left with only one question Just how far was Paul willing to go to realize the salvation of the Jewish people Downey opts instead for ethnic Israel s place in the covenant and for salvation solely through the death and resurrection of the Messiah for both Jews and Gentiles thus laying the foundation for urgently needed present day Christian witness to the Jewish people

Preaching the Gospels Without Blaming the Jews Ronald James Allen, Clark M. Williamson, 2004-01-01

In this commentary on the Gospel readings in the Revised Common Lectionary Allen and Williamson call attention to ways in which the lections are continuous with the theology values and practices of Judaism and reflect critically on the caricatures in the readings They explain the polemics in their first century setting but criticize them historically and theologically They also suggest ways that preachers can help their congregations move beyond these contentious themes to a greater sense of kinship and shared mission with Judaism

BOOK JACKET *A Feminist Companion to Reading the Bible* Athalya Brenner, Carole Fontaine, 2013-08-16 This valuable resource both presents and demonstrates the numerous developments in feminist criticism of the Bible and the enormous range of influence that feminist criticism has come to have in biblical studies The purpose of the book is to raise issues of method that are largely glossed over or merely implied in most non feminist works on the Bible The editors have included broadly theoretical essays on feminist methods and the various roles they may play in research and pedagogy as well as non feminist essays that have direct bearing on the methods or subject matter that feminists use as well as reading that illustrate the variety of methodological strategies adopted by feminist scholars Some 30 scholars from North America and Europe have contributed to this Companion

Jews and Christians Together A.

Christian van Gorder, Gordon Fuller, 2020-08-06 Rabbi Gordon Fuller and Dr Christian van Gorder are committed to helping people of both faith traditions gain as far as is possible a participant s appreciation of those from the other community This means addressing misconceptions and misrepresentations as well as challenging widely held assumptions Jews and

Christians Together delves into the strained relationship between these two faith communities and exposes why these communities need to come to a better understanding and appreciation of the other Events such as the attack on the Tree of Life Synagogue in Pittsburgh Pennsylvania demonstrate why society must address and foil anti Semitism and anti Judaism wherever and whenever such views appear The efforts of Fuller and van Gorder to explore these issues with their own faith communities can provide a helpful starting point to confront trends of increasing hate and bigotry towards Jews today Fuller and van Gorder ask us to acknowledge the marred history of Christianity and anti Semitism so that we can explore healthy Jewish Christian dialogue and gain a shared and constructive mutual respect **God as Loving Grace** Barry L.

A. Sweeney,2010-10-01 Biblical Studies Biblical texts create worlds of meaning and invite readers to enter them When readers enter such textual worlds which are often strange and complex they are confronted with theological claims With this in mind the purpose of the Interpreting Biblical Texts series is to help serious readers in their experience of reading and interpreting by providing guides for their journeys into textual worlds The controlling perspective is expressed in the operative word of the title interpreting The primary focus of the series is not so much on the world behind the texts or out of which the texts have arisen as on the worlds created by the texts in their engagement with readers Although these books of the prophets are based upon the careers and experiences of some of the most talented and provocative individuals of their times the books must be read first as literature Each book displays its own unique organization literary characteristics and theological outlook in presenting the prophets In the case of Jeremiah interpreters must even consider two distinctive forms of the book in the Hebrew Bible and the Greek Septuagint By guiding the reader through the literary structure and language of each of the prophetic books as well as the social roles of the individual prophets this volume opens the reader to greater understanding and appreciation of the prophets of Israel and Judah Fact packed and crystal clear Marvin Sweeney s

Interpreting Biblical Texts The Prophetic Literature invites readers to tour the landscape of ancient Israel's Latter Prophets corpus Sweeney serves as a first rate guide equipping readers with basic knowledge to grasp and grapple with the literary legacies of the canonical prophets True to the series title he interprets texts with an eye to major dynamic themes in Jewish and Christian traditions The volume proves a reliable guidebook for readers wishing not only to survey but also to engage in dialogue with ancient Israel's canonical prophets Katheryn Pfisterer Darr Professor of Hebrew Bible Boston University The aim of the series Interpreting Biblical Texts is pedagogical This well written easy to follow and coherent book serves its purpose well More importantly it certainly invites and guides its readers in the enterprise of interacting with the prophetic books in a way that is informed by recent academic scholarship on this literature Ehud Ben Zvi History and Classics Interdisciplinary Program of Religious Studies University of Alberta This is a new and interesting approach to the prophetic literature which will be illuminating for theological reflection in our own post Holocaust era John J Collins Holmes Professor of Old Testament Yale Marvin A Sweeney is Professor of Hebrew Bible Claremont School of Theology and Professor of Religion at Claremont Graduate University

Has God Only One Blessing? Mary C. Boys, 2000 Are we rivals for God's love Dramatic changes in theological thought about Judaism have not yet filtered down to most Christians This compelling book puts the academic scholarship into an accessible narrative form Foremost the book challenges Christians to re-examine their traditional belief that Christianity has fulfilled and therefore replaced Judaism It also details the anti-Jewish bias in history literature and liturgy yet does it without reducing such attitudes to simplistic hate An eye-opening read Has God Only One Blessing summarizes the Church's shared history with Judaism Church treatment of Jews over time and its role in the Holocaust suggests more sensitive and productive ways for Christians to relate to Jews today shows how encounters with Judaism affect the way Christians think teach and preach about life Both absorbing and enjoyable this book is for o DREs o adult ed classes o catechists o religious educators o pastoral staff o liturgy committees o preachers o church historians o interfaith workers o all serious Christians o and also all serious Jews

Making Wise the Simple Johanna W. H. van Wijk-Bos, 2005-09-14 Too long restricted to children's storybooks and cinematic extravaganzas the Torah comprising the first five books of the Bible is an underappreciated mother lode of divine instruction vitally important for Christians and the church Convinced that both those who take the Torah too literally and those who neglect it are guilty of a naive simplicity Johanna van Wijk Bos presents guidelines to help ordinary Christians recover this treasure in their faith and practice Having lived in the Netherlands during the Nazi occupation van Wijk Bos recognizes that after the attempted annihilation of the Jews from Christian Europe it cannot be business as usual for Christianity In light of the Holocaust Christians must commit themselves to the restoration of just relations between Christians and Jews This commitment to address all that fractures human relations undergirds van Wijk Bos's call for Christians to reengage the Torah Making Wise the Simple points out how God's care for and engagement with the whole world in the Torah set the tone for the entire biblical story The book pays

special attention to how our treatment of strangers lies at the heart of the Torah's teaching. Without attempting a purely Jewish reading of the Torah, van Wijk Bos reclaims the Torah as a vibrant word for the Christian community in covenant with God. Written in a personal style conversant with current scholarship but sprinkled with anecdotes, this book is for everyone who has a hunger and enthusiasm for what the biblical text may convey: the courage to ask disturbing questions of the text and an openness to old words that may bring forth new things, perhaps even making one wise.

On the Way to Death Arthur Roy Eckardt, *On the Way to Death* completes Eckardt's astonishing trilogy on the interrelationship of comedy, death, and God. It addresses itself to the question of death as the basic incongruity of life. Here is opened to human view the final divine comedy, a total reversal of the traditional roles assigned to God and humankind, a comical denouncement of the terror of death. *On the Way to Death* follows *Sitting in the Earth and Laughing* and *How to Tell God From the Devil* to complete A. Roy Eckardt's trilogy on comedy, the devil, and God. Søren Kierkegaard attests that it is only by the deepest suffering that one acquires true authority in the use of the comic. Composed within this frame of reference, the foundation of this volume is its analysis of the terror of death for human beings. In this context, Eckardt maintains that the all-decisive truth is that humankind never asked to be but has been thrown into existence. Accordingly, it is immoral or even diabolical to blame human beings for the terrible evils of life, including the specter of death. Human beings are proximately responsible for evil but never ultimately responsible.

According to the Scriptures Paul Matthews Van Buren, 1998. This challenging work by a notable theologian explores the origins of the Christian gospel in Israel's scriptures and calls for a reevaluation of the Old Testament and its role in the church. Paul van Buren defends the view that the early gospel arose when the disciples discovered in the story of the binding of Isaac (Gen 22) words and images that allowed them to turn the crucifixion of Jesus and following events into the realities of Good Friday and Easter. The final statement of van Buren's respected career, *According to the Scriptures* offers hope that Jewish and Christian communities can be drawn closer through mutual respect for each other's interpretive traditions.

The Community of the Weak Hans-Peter Geiser, 2013-03-28. Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale. Both in the academy and in the public square, as well as in the manifold local and pastoral moments of ministry and community social activism, the social, the postmodern, and the theological intermingle in engaging and border-crossing ways. *The Community of the Weak* presents a new kind of jazzy fundamental theology with a postmodern touch, using jazz as a metaphor, writing ethnographically messy texts out of the personal windows of lived experiences, combining fragments of autobiography with theological reconstruction. A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts. The author proposes a systematic and fundamental theology that is more jazzy, global, and narrative, deeply embedded in pastoral ministry to tell its postmodern story.
