**Orit Sutton**

## **A Guide For Single Parents:**

*Be a Great Single Parent* Suzie Hayman, 2010-11-26 *Be a Great Single Parent Teach Yourself* offers a step by step sensible and jargon free guide to all the things that most concern you from what being a single parent means to you and your child emotionally how to cope with the practical realities day to day and how to socialise with parents like yourself and benefit from the many support networks available There will be plenty of expert emotional support and useful advice for fathers mothers and other family members whatever their domestic situation and relevant do s don ts and further resources throughout NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the authors many years of experience TEST YOURSELF Tests in the book and online to keep track of your progress EXTEND YOUR KNOWLEDGE Extra online articles at [www.teachyourself.com](http://www.teachyourself.com) to give you a richer understanding of navigating the role of single parent THINGS TO REMEMBER Quick refreshers to help you remember the key facts

*The Smart & Easy Guide To Single Parenting* Jasmine Williams, 2013-10-22 Anyone who has a child knows that parenting is one of the hardest jobs there is Today s parent faces more struggles and pressures than ever before and more and more households are single parent households which make this already tough job even more of a challenge *The Smart Easy Guide to Single Parenting* provides an honest assessment of the societal changes in family structure the unique challenges that face single parents as well as how to better manage those challenges and reduce the stresses of raising a child on one s own At the outset the guide discusses the changing definition that the term single parent has seen over time What follows is the evolution of the increasing inclusiveness of the term At one point in time a single parent was one who s partner had left them or died consequently leaving them to manage the child rearing and provision of financial security on their own This definition has expanded and now includes the following populations Divorced parents Widows or widowers Parents who s spouses are overseas or otherwise not in the home for military service or work Young or unwed mothers Surrogates or single foster or adoptive parents The guide also describes how the concept of the family has evolved over time For many many years it was more common than not for extended families to live together This meant multiple generations under one roof Parents children grandparents aunts uncles and cousins living together was not at all out of the ordinary Over time this began to change and the nuclear family became the norm The nuclear family is what is often viewed as the traditional family with father mother and children all living under the same roof While to many this is still the ideal situation more and more parents are finding themselves having to manage child rearing on their own as single parents *The Smart Easy Guide to Single Parenting* discusses the risk factors that are often inherent for single parents and their children Both single parents AND their children are at greater risk for certain issues as a result of the added stress that managing this burden alone have on people s lives For the child risk factors of being raised by a single parent include Risk of neglect or abuse Risk of poverty Risk of poor diet

and health Lack of role models or consistent authority figures Reduced academic abilities For the single parent risk factors include Excessive stress Financial strain Poor health and diet Increased change of chemical dependency Lack of interpersonal relationships Effective Strategies of Single Parents While the guide does touch on the many risk factors and difficulties that single parents and their children face it does not by any means provide a grim outlook for all single parents and their children The guide provides a wealth of realistic relatable advice that can help the single parent Since financial security is one of the biggest problems facing single parents the guide places a good deal of emphasis on getting one's finances under control and creating a realistic budget For some there are many aspects of their finances that can be downsized for easier management Time is the other key problem facing most single parents The guide provides a number of key tips for better time management so as to allow the single parent to reduce their stress without faltering on their obligations as a parent and breadwinner While parenting is never easy being a single parent can be an incredibly daunting challenge In The Smart Easy Guide to Single Parenting we are shown how the concept of the family has evolved and how a single parent is defined The guide also touches on the unique challenges facing both the single parent and their child The guide also gives down to earth advice on how single parents can reduce their stress and make their situation as manageable as possible

The Single Parent Reference Guide Mar-yoi Collier,2014-01-11 A Single parent needs a guide This book is a reference for the single parent A tool for inspiration and direction Information and help for single parents ,1983 For Single Parents Rossana Condoleo,2014-03-13 Are you a SINGLE MOM DAD wanting more HAPPINESS LOVE in your life Then you need to read this book Being single and parenting at the same time is no longer a far fetched idea Our day and age have seen numerous parents making a living on their own The fine art of juggling kids work social life and prospective dating occasions have become the topic of many books on the market while online dating sites have increasingly been introducing support and functionality to accommodate members with children Life as a single parent has long since lost its title of being the epitome of loneliness and nor should it be labeled as such any longer Your happiness should not be dictated by the relationships in your life or the lack thereof We as single parents are entitled to as much joy and satisfaction in life as any other person I for one consider myself a single mother of a cheerful joyous 8 year old daughter as a living testimony of this fact I have discovered that finding joy and happiness as a single parent is not only possible but rather easy when you approach it with the right attitude This book is my contribution to the single parent community a guide to happiness and love It is packed with tailored tips that will point your mind in the right direction and shape your attitude To alleviate depression and hurt all you need is to discover a different perspective on life and re evaluate your ideas of happiness And that is what this book aims to achieve This book is NOT about parenting Although it will not teach you how to treat your children it will certainly clear your mind of hurtful thoughts creating more room for you to figure such methods out in your own time The book starts off with a definition of true happiness and also discusses the traps that people fall into soon after becoming single

It then proceeds to lead you through the entire process of transformation one aspect of life at a time It tackles problems at the roots and solves it there This book is packed with suggestions of small changes that you can implement in your life that will combine and build up to produce big rewards and permanent results Also included is a section on online dating with topics such as getting more clicks on online dating sites making it through the first date analyzing your feelings falling in love all over again and ensuring you have the right state of mind when making important choices Getting to know your new love while supporting your little one through the process is a tall order and this book will help you navigate the waters However I believe that once you start the journey towards regaining happiness in every part of your life you will become increasingly more prepared to date a new partner This book is partly a reflection of my personal journey through the process of single parenting and is sure to inspire you to attain new levels of joy in the lives of you and your children My aim is to see you rising up from your living room couch feeling refreshed and inspired ready to start the process of change and revitalize your emotional state Join me on this journey to rediscover and see what the right attitude can bring you about in terms of HAPPINESS LOVE

**Single Mom: Strong, Solo & Thriving (The Real-Life Parenting Guide Every Single Mom Needs)** Luisa Lorek, 2025-07-27 Are you a single mom wondering if you re doing enough strong enough or just plain exhausted You re not alone and you don t have to figure it all out by yourself Strong Solo Thriving is the real life parenting guide every single mom has been searching for Written by Luisa Lorek a mother of three and parenting coach this compassionate honest and empowering book answers the 10 most common questions single moms ask from handling co parenting challenges to managing money stress setting boundaries and rebuilding self confidence Inside this supportive guide you ll find Real life parenting advice from a mom who s walked the same road Evidence based tips for handling tantrums guilt and daily overwhelm Tools for emotional resilience mindful discipline and calm parenting routines Encouragement for rebuilding confidence and creating connection with your kids Whether you re newly navigating single parenting managing everyday chaos solo or just need to feel seen and supported this book offers practical tools that truly work Strong Solo Thriving is more than a book it s a hug in written form With a warm mom to mom tone it provides real life parenting advice grounded in psychology and heart You ll come away feeling more confident less alone and better equipped to raise emotionally healthy kids on your own terms If you re searching for realistic single parenting tips calm in the chaos or just need to know you re doing okay this is the book for you

How to Parent Alone Joan Bel Geddes, 1974

**Parenting for Single Mothers** Jamie Tyler, 2015-03-18 Parent effectiveness training for mothers With the changing social dynamics in the society it is only natural to expect motherhood to progress and develop In today s world single moms are not only a common but also an encouraging phenomenon This allows single women the autonomy to create their own families On the flipside there is an overall lack of proper guidance on being a single mother which is frustrating and disappointing Single parenting can be tricky especially if you are not in it by choice If you have had a spouse or a partner who helped you with

raising the kids but circumstances force you to do the job on your own then it can be frustrating and extremely demanding This is why Parenting for Single Mothers Being a Good Mom and Raising Great Kids is an ideal guide for single mothers Through this book you can learn the best possible emotional financial and social setting to bring up healthy and smart children You will learn How to be prepared as a single mother parent Being a great parent at every stage in your child s life How to deal with the issue of absent parent from your child children s life Tips suggestion for running yours household efficiently and within your budget Dealing with financial security and financial needs of your child children Introducing the new man in your life to your child children     How to Be a Happy Single Mother, an Inspirational Guide to Parenting Alone Orit Sutton,2009-08 Practical advice uplifting poetry and inspirational quotes fill this wonderful little guide that will help single mothers cope with the emotional rollercoaster and sheer exhaustion of raising a child alone Drawing from personal experience the author shares the laughter heartaches failures and triumphs of being a single parent and offers much comfort and support to turn difficult situations into positive challenges Genuine and heartwarming How to be a Happy Single Mother encourages women to take control of their lives creating happiness for themselves and their children     *Raising Great Kids on Your Own* David Frisbie,Lisa Frisbie,2007-03-01 One parent households frame the new landscape of American family life But raising kids alone is hard work and single parenting is a struggle for most David and Lisa Frisbie provide a practical and proactive plan single moms or single dads can use to nourish their own souls maintaining a vibrant faith in God and a vital connection to family and friends nurture their children empowering kids to successfully process the trauma of divorce manage their households as they assume roles and tasks that may lie well outside their comfort zone build a future they can enjoy making choices about education careers finances and relationships The Frisbies constant travel and ongoing counseling ministry provide a rich reservoir of effective strategies and ideas Moms and dads who parent alone will find confidence and hope from this manageable and optimistic approach     **The Complete Guide to Understanding the Single Parent** Nikki Covington,2010-08 When was the last time someone offered you truly thoughtful good advice and not just his or her own two cents When was the last time someone has offered to give you a break from your kids Are you stuck in a situation that you can t seem to get out of and need help trying The Complete Guide to Understanding the Single Parent is not only for you it s for anyone who is or knows a single parent This complete guide provides the helpful advice encouragement and support you need to bull Find time to relax before you lose your mind bull Learn how not to lose your mind bull Brush that heap of judgment off your shoulder bull Get out of debt bull And generally learn that you re not alone in your struggles Understanding the single parent is easy once you ve been there Go there with author Nikki Covington from one single parent to another Take your life to the next level     **Single Parents** Sarah Edwards,2014 Bringing up children is hard enough when you have a partner but when you are on your own things can be twice as difficult Being a single parent can feel like you have no one to turn to for support and help and you can feel totally isolated Written by a single parent this

book provides you with all the advice and support you need to get your life back on track Its easy to read style guides you through a series of steps to help you cope with being a single parent from breaking the news to your children and managing the home to controlling the family finances and dealing with new relationships Practical strategies will also offer solutions that will make your life easier happier and less stressful proving that it is possible to achieve a balance between household chores and relaxation
