If your life is not as it should be or if you are tired of dealing with certain people, then it is time for a good self-examination. Discover why you attract the same kind of relationships. Find out how to balance work and family so that your vitality is not depleted. Find out how to become a more supportive leader. A toxic relationship, no matter if they appear in your personal or professional life, is your test of the dark night of the soul. Let's explore what could be getting in the way of living free of generational and habitual cycles that cause chaos. This book is filled with relatable stories and self-help exercises to help you bridge over to your highest good. *Living a Life of Inner Harmony* MD Sharr, 101-01-01 This book offers a gentle guide for anyone seeking calm amid life's constant pressures. It recognizes the hectic pace and emotional struggles many face daily: stress, conflict, regret, and doubt, and shows that inner peace is not reserved for mystics or quiet retreats. Instead, peace can be nurtured in ordinary moments through small, mindful choices. Each chapter explores themes like gratitude, hope, kindness, patience, and letting go, offering practical reflections and exercises to help readers transform negative emotions and build resilience. The book encourages readers to engage actively, applying lessons at work, home, or in relationships. It acknowledges life's challenges while affirming our capacity for calm and compassion. Over time, these small steps foster a steady center of peace, enabling clearer perception, stronger connections, and a more balanced life. This is not a quick fix but a supportive companion on a journey toward greater harmony and inner strength. *The Human Race is God Too! Also [YourName]*. Fisher, 2025-04-24 Emotional Harmony is about learning how to choose one's attitude not simply as a conscious behavioral choice but as a hardwired neurological response to any given set of circumstances Life is messy and many people particularly those with addiction and codependency problems were never given the tools to negotiate that messiness Since Kent Fisher and Michelle Rappaport opened their therapeutic practice almost twenty years ago they have seen thousands of people who have spent their whole lives emotionally deregulated responding to life with either aggression or passivity Their job is to teach these people how to live within the emotional regulated space of choice and repair Drawing on their private practice reconstruction experiences and the research of Patrick Carnes Dan Siegel Sharon Stanley and others Kent and Michelle have developed a process of repair and renegotiation of the past and a harmonious way to respond to the present With the SomEx model change happens through 5 simple actions that evolve through the therapeutic relationship For therapist and client alike Emotional Harmony is the first book to merge the science of somatic therapies with the real world applications of experiential healing By integrating the left brain's meaning making and rationalization of our life experience with the right hemisphere's somatic processing of trauma and its consequences we move from that messy life story into the deep repair
