Scouse, Choppers & Space Hoppers - A Liverpool Life of Happy Days and Hard Times Crissy Rock, 2018-09-06 Rather than focusing on the tragic events of her upbringing Crissy uses this evocative characterful book to paint a vivid picture of what it was to grow up working class Liverpool in the 1960s and 1970s From the docks to the Cavern Club this is a fond glimpse into the heartbeat of the North West in a time where community hard work and family mattered most **Nomance** T J Price, 2013-04-18 Carla the florist is surrounded by the duplicitous and the craven and that's just her flowers The human beings are infinitely worse especially the men There's Gwynne her oafish and cold hearted brother Gerald the suave and sophisticated doctor whose hidden agenda is unspeakable and finally there's David the handsome dashing lawyer whose deceit hurts most of all If only God weren't a fictional character then surely they'd get their just deserts except it is only through their perfidy that love finds a way into her world **The In-Factor Model** Pedro Briceno, Aleida Heinz, 2013-08-20 Have you ever wondered if the Internet can really damage a relationship Have you ever wondered whether there is a risk in having cyber friends when you are committed to someone Has your significant other ever cheated on you with someone on the Internet Based on a study of sexual behavior of women and men in open and in closed relationships The In Factor Model can show you the unconscious process people follow online Our findings seek to make you aware of the risk that cyber friends and the Internet can bring to a relationship as well as provide you with a notion of what committed adults are doing online Moreover if someone cheated on you with a cyber friend this book may help you understand how and why What's more professionals working with couples and committed individuals can benefit from this book since it shows the process that people follow online Clinicians can understand explain and come up with strategies for each level of the process to help their clients that go through infidelity online in a simple and clear way If you are interested in the magic of the Internet then this handy book is for you www.amorsex.com *Only for the Eye of a Friend* Annis Boudinot Stockton, 1995 Known among the Middle Atlantic intelligentsia and literati as a witty and versatile writer considered by George Washington and the Chevalier de La Luzerne a gracious and elegant host Annis Boudinot Stockton 1736-1801 wrote over a hundred poems on the most important political and social issues of her day Only for the Eye of a Friend brings back into public view the works of a poet whose published works and manuscripts earned her in her day a wide audience among colonists and international readers alike The quality and quantity of Stockton's literary output makes her an apt counterpart to the seventeenth century predecessor Anne Bradstreet and the nineteenth century poet Emily Dickinson Carla Bley Amy C. Beal, 2011-10-01 This is the first comprehensive treatment of the remarkable music and influence of Carla Bley a highly innovative American jazz composer pianist organist band leader and activist With fastidious attention to Bley's diverse compositions over the last fifty years spanning critical moments in jazz and experimental music history Amy C Beal tenders a long overdue representation of a major figure in American music Best known for her jazz opera *Escalator over the Hill* her role in the Free Jazz movement of

the 1960s and her collaborations with artists such as Jack Bruce Don Cherry Robert Wyatt and Pink Floyd drummer Nick Mason Bley has successfully maneuvered the field of jazz from highly accessible tradition based contexts to commercially unviable avant garde works Beal details the staggering variety in Bley s work as well as her use of parody quotations and contradictions examining the vocabulary Bley has developed throughout her career and highlighting the compositional and cultural significance of her experimentalism Beal also points to Bley s professional and managerial work as a pioneer in the development of artist owned record labels the cofounder and manager of WATT Records and the cofounder of New Music Distribution Service Showing her to be not just an artist but an activist who has maintained musical independence and professional control amid the profit driven corporation dominated world of commercial jazz Beal s straightforward discussion of Bley s life and career will stimulate deeper examinations of her work **Stolen Innocence; Let the Healing Begin**
