A Future Together Observations And Recommendations:

Reconsidering the Institutions of Canadian Federalism J. Peter Meekison, Hamish Telford, Harvey Lazar, 2004 Beginning with an examination of the role of traditional institutions such as Parliament Cabinet the Supreme Court and political parties Canada State of the Federation 2002 affirms the long held belief that these bodies do not provide effective forums for interregional bargaining creating a void that has been filled at least in part by executive federalism Contributors conclude that the performance of traditional institutions taken as a whole has deteriorated over the last several decades placing more pressure on the processes of executive federalism The Case for Centralized Federalism Gordon DiGiacomo, Maryantonett Flumian, 2010-11-09 The Case for Centralized Federalism and its sister volume The Case for Decentralized Federalism are the outcome of the Federalism Redux Project created to stimulate a serious and useful conversation on federalism in Canada They provide the vocabulary and arguments needed to articulate the case for a centralized or a decentralized Canadian federalism In The Case for Centralized Federalism an array of experts condemns the federal government s submissiveness in its dealings with the provinces and calls for a renewed federal assertiveness They argue that the federal government is best placed to create effective policy support democracy and respond to issues of national importance **Welfare State and Canadian Federalism** Keith G. Banting, 1987 The first edition of The Welfare State and Canadian Federalism focused on the impact of federalism on social policy during a period of economic growth and expanding social expenditures The revised edition extends the analysis by asking how the federal system has shaped the social policy response to neo conservatism recession and restraint It analyses policy trends in detail examines the implications of constitutional changes including the Charter and highlights the continuing role of federalism *The Other Macdonald Report* Daniel Drache, Duncan Cameron, 1985-01-01 In 1982 the Macdonald Commission began its 20 million mission to find a consensus on Canada s future The commission held hearings in 28 towns and cities met with 700 concerned parties and assembled nearly 40 000 pages of testimony In his Report Commission chair Donald S Macdonald announced Canada must make a leap of faith and embrace free trade with the U S apparently signalling the victory of a globalizing corporate vision of the country s development The Other Macdonald Report reopens the debate presenting twenty key submissions to the Commission by organizations such as the Canadian Conference of Catholic Bishops the United Auto Workers the National Action Committee on the Status of Women the Canadian Mental Health Association and the National Farmers Union Together these groups offer a vision of Canada where human needs take priority over capital and technology The Other Macdonald Report offers alternatives to the corporate vision for Canada s future alternatives forged during the vibrant free trade debates of the mid 1980s Science and Observation Recommendations for Future NASA Carbon Cycle Research , 2002 **Federalism and the Constitution of Canada** David E. Smith, 2010-10-30 The Canadian system of federalism divides the power to govern between the central federal parliament and the provincial and territorial legislative

assemblies In what can be seen as a double federation power is also divided culturally between English and French Canada The divisions of power and responsibility however have not remained static since 1867 The federal language regime 1969 for example reconfigured cultural federalism generating constitutional tension as governments sought to make institutions more representative of the country s diversity In *Federalism and the Constitution of Canada* award winning author David E Smith examines a series of royal commission and task force inquiries a succession of federal provincial conferences and the competing and controversial terms of the Constitution Act of 1982 in order to evaluate both the popular and governmental understanding of federalism In the process Smith uncovers the reasons constitutional agreement has historically proved difficult to reach and argues that Canadian federalism in practice has been more successful at accommodating foundational change than may be immediately apparent
