The Regional Travel Guide for Western Nigeria (Ibadan, Ogun) (Nigeria) YouGuide Ltd,      **Republic of Biafra: Once Upon a Time in Nigeria** Onyema G. Nkwocha,Onyema Nkwocha,2010 Not quite four months after the Western Region s election of October 10 1965 did the localized mayhem in that Region find its way furiously into the center of the nation on January 15 1966 It was like a whirl wind of nothing but anarchy and lawlessness The serious aftermath of the marred and rigged election was that it acted as the last straw that broke the Carmel s back providing immediate reason for the army to overthrow the government of Dr Nnamdi Azikiwe Anarchy ensued a counter coup led to the death of Major General Ironsi Callous barbarous massacre of thousands of easterners in the North followed With their lives in jeopardy easterners fled for safety to eastern region refugee crisis followed To guarantee their safety easterners seceded from Nigeria and on May 30th 1967 formed an independent and sovereign nation of the Republic of Biafra Determined to bring Easterners back on July 6 1967 Nigeria invaded Biafra waged a gruesome thirty month civil war against Biafra Nigeria blockaded Biafra on land sea and air to prevent food from entering Biafra A malnutrition disease Kwashiorkor that caused the deaths of thousands of

Biafrans followed Nigeria bombed Biafran civilians killing thousands On January 12 1970 the war ended leaving more than three million people dead in a war that was totally avoidable *Nigeria's Aborted 3Rd Republic and the June 12 Debacle: Reporters' Account* Deba Uwadiae, Emeka Nwosu PhD, Segun Olanipekun PhD, Abiodun Adeniyi PhD, 2022-03-31 Let s be clear Nigeria s Aborted 3rd Republic and The June 12 Debacle Reporters Account is by no means a definitive account of the controversial transition to civil rule programme of General Babangida or for that matter that of the annulled June 12 presidential election But it is a fascinating collection that reminds us about the forces that shaped the past and may be responsible for Nigeria s present dilemma **The State of the American Mind: Stupor and Pathetic Docility Volume**

**Ii** Amechi Okolo, 2010-06-11 This book *The State of the American Mind Stupor and Pathetic Docility Volume One* begins to unravel some of the most obvious perplexing embarrassing and enduring problems and contradictions of American history and sociology viz how could the American revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up establishing the most vicious exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement etc Further how could men of such great wisdom and intellect like George Washington James Madison Thomas Jefferson and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil because they had variously experienced white servitude and slavery themselves collude to establish and institutionalize the horrible system of Negro chattel slavery in America and also disenfranchised over 90 percent of people of their own race actions that racism could not explain The structural institutional slavery system they established and the resultant consequent racism hobbles America today as it did in the past and forced Eric Holder the Attorney General to declare that America is a nation of cowards when it comes to race discussions Thus this book starts with serious critical discussions of race in America and reveals what no textbook has ever done viz that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains Further the book also shows the year Black slavery started something almost all textbooks got wrong It also shows who was the fi rst Black slave in America something no textbook ever mentions It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward This book therefore shatters the two dominant themes of Americas history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom as Harvard educated President Obama famously told us in his race speech Thus the crowning lesson of this book in addition to discussing some critical policy issues like education health care etc is that it discovers the centripetal force of the American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry their universal history and experience of servitude bond indentures and

slavery Nothing is more universal more common and more shared in American history and sociology than the fact that most of our ancestors black and white were servants bond indentures and slaves who were dominated and super exploited by few overlords Colonial America was the preferred dumping ground for British outcasts rejects criminals masterless class vagabonds bond indentures slaves etc until 1776 when Australia replaced America as the British dump for its rejects and surplus citizens Thus that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good powerful achieving citizens do not normally emigrate to new uncharted lands
