A Golden Story:

A Story of the Golden Age James Baldwin, 2020-09-28 To the simple hearted folk who dwelt in that island three thousand years ago there was never a sweeter spot than sea girt Ithaca Rocky and rugged though it may have seemed yet it was indeed a smiling land embosomed in the laughing sea There the air was always mild and pure and balmy with the breath of blossoms the sun looked kindly down from a cloudless sky and storms seldom broke the quiet ripple of the waters which bathed the shores of that island home On every side but one the land rose straight up out of the deep sea to meet the feet of craggy hills and mountains crowned with woods Between the heights were many narrow dells green with orchards while the gentler slopes were covered with vineyards and the steeps above them gave pasturage to flocks of long wooled sheep and mountain climbing goats On that side of the island which lay nearest the rising sun there was a fine deep harbor for there the shore bent inward and only a narrow neck of land lay between the eastern waters and the western sea Close on either side of this harbor arose two mountains Neritus and Nereius which stood like giant watchmen overlooking land and sea and warding harm away and on the neck midway between these mountains was the king s white palace roomy and large with blossoming orchards to the right and the left and broad lawns in front sloping down to the water s edge Here many hundreds of years ago lived Laertes a man of simple habits who thought his little island home a kingdom large enough and never sighed for a greater Not many men had seen so much of the world as he for he had been to Colchis with Jason and the Argonauts and his feet had trod the streets of every city in Hellas Yet in all his wanderings he had seen no fairer land than rocky Ithaca His eyes had been dazzled by the brightness of the Golden Fleece and the kings of Argos and of Ilios had shown him the gold and gems of their treasure houses Yet what cared he for wealth other than that which his flocks and vineyards yielded him There was hardly a day but that he might be seen in the fields guiding his plough or training his vines or in his orchards pruning his trees or gathering the mellow fruit He had all the good gifts of life that any man needs and for them he never failed to thank the great Giver nor to render praises to the powers above His queen fair Anticleia daughter of the aged chief Autolycus was a true housewife overseeing the maidens at their tasks busying herself with the distaff and the spindle or plying the shuttle at the loom and many were the garments rich with finest needlework which her own fair fingers had fashioned *THE*

Ron Hubbard, 2011-10 Fanner Marston was raised a slave as a child became a petty street thief as a teen and now masters his own craft and crew as a grown man He's also gone completely mad Driven by privation with a vicious greed and slaving lust for power Marston alone of forty men has survived the perilous trek through a blistering desert to the magical city of Parva where legend says a secret awaits which will give him absolute control over the Universe However Marston finds the key to all power is not at all what he expected The Golden Dawn and Other Stories May Wentworth, 1870 **A Story of the Golden Age of Greek Heroes** James Baldwin, 2023-12-29 YOU have heard of Homer and of the two wonderful poems the Iliad and the Odyssey which bear his name No one knows whether these poems were composed by Homer or whether they are the work of many different poets And in fact it matters very little about their authorship Everybody agrees that they are the grandest poems ever sung or written or read in this world and yet how few persons comparatively have read them or know any thing about them except at second hand Homer commences his story not at the beginning but in the midst of things hence when one starts out to read the Iliad without having made some special preparation beforehand he finds it hard to understand and is tempted in despair to stop at the end of the first book Many people are therefore content to admire the great masterpiece of poetry and story telling simply because others admire it and not because they have any personal acquaintance with it Now it is not my purpose to give you a simplified version of the Iliad or the Odyssey There are already many such versions but the best way for you or any one else to read Homer is to read Homer If you do not understand Greek

you can read him in one of the many English translations You will find much of the spirit of the original in the translations by Bryant by Lord Derby and by old George Chapman as well as in the admirable prose rendering by Butcher and Lang but you can get none of it in any so called simplified version My object in writing this Story of the Golden Age has been to pave the way if I dare say it to an enjoyable reading of Homer either in translations or in the original I have taken the various legends relating to the causes of the Trojan war and by assuming certain privileges never yet denied to story tellers have woven all into one continuous narrative ending where Homer's story begins The hero of the Odyssey a character not always to be admired or commended is my hero And in telling the story of his boyhood and youth I have taken the opportunity to repeat for your enjoyment some of the most beautiful of the old Greek myths If I have now and then given them a coloring slightly different from the original you will remember that such is the right of the story teller the poet and the artist The essential features of the stories remain unchanged I have all along drawn freely from the old tragedians and now and then from Homer himself nor have I thought it necessary in every instance to mention authorities or to apologize for an occasional close imitation of some of the best translations The pictures of old Greek life have in the main been derived from the Iliad and the Odyssey and will I hope help you to a better understanding of those poems when you come to make acquaintance directly with them Should you become interested in the Story of the Golden Age as it is here related do not be disappointed by its somewhat abrupt ending for you will find it continued by the master poet of all ages in a manner both inimitable and unapproachable If you are pleased with the discourse of the porter at the gate how much greater shall be your delight when you stand in the palace of the king and hearken to the song of the royal minstrel
