

A GUIDE TO THE DEVELOPMENT OF SPECIAL WEAPONS AND TACTICS TEAMS

JOHN A. KOLMAN, B.S., M.A.

Lieutenant, Los Angeles County Sheriff's Department

With a Foreword by

PETER J. FITCHES

*Sheriff, County of Los Angeles
Los Angeles, California*

In this book, a police officer experienced in the organization, training and operation of special weapons and tactics (SWAT) teams shows his colleagues how it's done. He shows them how to plan and train, how the team, how to select team personnel and how to equip the team. He details the training of team members in all essential areas: from firearms and chemical agents to physical conditioning, responsive defense and high performance driving. He discusses hostage negotiations and negotiator training, markers, suspect responses to tactical situations, and addresses current trends and legal considerations in the special weapons and tactics field. Following the text, he provides valuable appendices on hand-to-hand combat, negotiation and procedures, physical preliminary test results, medical considerations for training, sample training exercises, and a list of manufacturers of relevant products.

A Guide To The Development Of Special Weapons And Tactics Teams:

A Guide to the Development of Special Weapons and Tactics Teams John A. Kolman, 1982 This text discusses the organization manning and training of a highly disciplined Special Weapons and Tactics SWAT team outlines necessary equipment and weapons and illustrates tactical procedures for hostage taking and barricaded suspect incidents A SWAT team should be organized only if the need and resources exist Smaller departments can organize as needed teams while larger departments may prefer full time teams Team members should include a commander team leader scout backup marksman spotter gasman and paramedics Because team members must be mentally stable able to work well in teams and in good physical shape the guide advises screening applicants on the basis of years of duty personality test scores physical condition and past performance Background investigations should be conducted for applicants who pass these tests Equipment needs for individual members and the team as a whole include rifles and sidearms gas masks grenades knives radios lights battering rams and public address systems as well as special uniforms and headgear The team's logistical superiority depends on regular testing of equipment and training in its use Training exercises should cover team movement firearms and use of chemical agents freeway and street procedures rappelling rope climbing descending team driving and hostage incident and barricade simulations A suggested 1 week training program is presented SWAT Teams Robert L. Snow, 2013-11-11 **The Management of Police Specialized Tactical Units** Tomas C. Mijares, Ronald M. McCarthy, 2020-11-30

A major responsibility of the leadership of any specialized police unit is the awareness of endlessly changing societal legal and managerial developments that affect operations This third edition of The Management of Police Specialized Tactical Units represents a significant updating and expansion of each of the chapters from previous editions In addition to explaining the steps for developing and maintaining a realistic and effective response to increasingly violent levels of crime this edition discusses the social political and technological matters that must be continuously identified defined and resolved prior to the implementation of any substantive or procedural change in tactical policy and practice Legal and operational guidelines are provided to help tactical leaders to develop their leadership abilities and tactical success thereby enhancing the tactical unit's ability to safeguard the public The authors make extensive use of the latest court decisions to provide the legal bases for operations as well as recent case histories to illustrate the various aspects of organizational management These case histories do much more than summarize the sequence of events They also point out what was learned from the successes and failures alike Of particular interest is the new material on how the range of activities assigned to tactical units has expanded dramatically since September 11 2001 and how the law enforcement community has been forced to respond to its newest critics Emphasis is placed on how decision makers must not only be organizational managers and administrators but also on how they should possess a firm grasp of confrontation tactics and leadership principles SNI National Criminal Justice Reference Service (U.S.), National Criminal Justice Reference Service
