Reference Sources for Canadian Literary Studies Joseph Jones, 2005-01-01

Reference Sources for Canadian Literary Studies offers the first full scale bibliography of writing on and in the field of Canadian literary studies. Approximately one thousand annotated entries are arranged by reference genre with sub groupings related to literary genre.

Canadian Reference Sources Mary E. Bond, Martine M. Caron, 1996. This bibliography cites those Canadian and foreign reference sources that describe Canadian people, institutions, organizations, publications, art, literature, languages, and history. It lists books of a general nature as well as works in the disciplines of history and the humanities. These large divisions are then broken down by subject, genre, type of document, and province or territory. Titles of national, provincial, territorial, or regional interest are included in every subject area when available. The contents of the book are indexed four ways: by name, title, French subject, and English subject. And to facilitate browsing, the major reference books, those dealing with more than one subject or a large geographical region, are also cross-referenced. Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages. Entries for unilingual works include citation in the language of the publication and a bilingual annotation. The annotations are descriptive and provide information on the content, arrangements, and indexing of works, the availability of non-print formats, previous editions, and title changes, and related works. Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers.

Dictionary of Canadian Biography / Dictionnaire Biographique Du Canada Frances G. Halpenny, Jean Hamelin, 1983-11. Tracing Your Belfast Ancestors Chris Paton, 2023-05-04. An indispensable genealogy guide to the Northern Irish capital's rich history and ancestral records. The city of Belfast has seen its fair share of history across the centuries. From its humble beginnings as a medieval settlement on the River Lagan, it grew into a corporation town in the seventeenth century and expanded dramatically when it became a city in 1888. Along the way, it has experienced the darkest of times, including the Belfast Blitz and the recent Troubles, as well as some of the most enlightened developments across Ireland and the UK. In *Tracing Your Belfast Ancestors*, genealogist and author Chris Paton returns to the city of his own birth, delving into its history and genealogical resources. Paton covers the city's most extensive archives, libraries, and museums and offers a detailed overview of the records generated by those who came before. He expertly steers the reader towards centuries of ancestral exploration, both through online resources and within the city of
