Northup, 1993 This study examines the 1892 revision of the Book of Common Prayer historically focusing on its reflection of the issues confronting the Church in the late 19th century and on the process by which it was adopted It attempts to uncover the place of the revision in the evolving self understanding of the Episcopal Church The 1892 revision represented a stunning departure from previous attitudes about the immutability of the prayer book helped redefine the Church's ethos at the start of a new century and was the sine qua non for future revision The Barmen Declaration as a Paradigm for a Theology of the American Church Robert T. Osborn, 1991 The volume aims to clarify the struggle for truth and identity of the American church as the church of Jesus Christ and to help facilitate a successful outcome by reflecting on the nature of the church in the light of the Barmen Declaration The book takes a traditional linguistic approach to theology concerned with the phenomenon of the Christian church and what it means for it to be the church **The Theological Significance of Jesus' Temple Action in Mark's Gospel** Emilio G.
