A Hero In His Time:

The Brood of Time Terence Barnett Magness, 2009 What would two literary geniuses have in common especially when they come from entirely different social backgrounds and societies and a different point in time Many as this unique analysis of Shakespeare and Tolstoy shows The book has two parts the first is on Leo Tolstoy and the second on William Shakespeare and runs to a total of 470 pages The author analyses these literary figures through their personalities and their respective works through their internal turmoil and torment as moral beings wrestling with the vicissitudes and inequities of life These literary giants consciences and actions are examined in minute detail from the perspective of the Law of Karma as it is understood in Buddhism Theravada Buddhism to be precise The stories that these writers told bespeak of their own trials and tribulations foibles and insecurities of life as well as their struggle with social issues of the day Whereas Tolstoy being an aristocrat was prepared to speak his mind loud and clear about the injustices of his society and be ridiculed for his views and his own actions in contrast Shakespeare wasn't prepared to do so largely because of his relatively low social status which obliged him to suck up to the aristocratic and royal classes It was a matter of earning a living for Shakespeare at the pleasure of the powers that were otherwise he won't have survived and prospered financially There are interesting instances where the author highlights similarities between the two historical literary figures and explained why Tolstoy disdained Shakespeare for example for his inability to speak his mind and the hypocrisy of his works characters Also surprisingly to many Tolstoy even disdained his early works War and Peace and Anna Karenina in the twilight of his life Why The analyses present such an interesting insight into the lives of these two great literary giants as to keep one not only entertained but intrigued as to how karma had wrought their lives and how karma molded them so how karma has made Tolstoy so different from his antecedent self Shakespeare if one accepts that Tolstoy was a chip of the old English block but that the genius of his pen remained as finely tuned and accomplished as he was in his previous life as the celebrated English Bard

Lermontov's Narratives of Heroism Vladimir Golstein, 1998 This is the first study of Russian writer Mikhail Lermontov 1814-41 that attempts to integrate the in depth interpretations of all his major texts including his famous A Hero of Our Time the novel that laid the foundation for the Russian psychological novel Lermontov's explorations of the virtues and limitations of heroic self-reliant conduct have subsequently become obscured or misread This new book focuses upon the peculiar disturbing and arguably most central feature of Russian culture its suspicion of and hostility toward individual achievement and self-assertion The analysis and interpretation of Lermontov's texts enables Golstein to address broader cultural issues by exploring the reasons behind the persistent misreading of Lermontov's major works and by investigating the cultural attitudes that shaped Russia's reaction to the challenges of modernity *Heroes of Time Legends: Murdoch's Shadow* Wayne D. biography, mythology, and geography William Smith,1853 [History of the Reformation in the Sixteenth Century and in the Time of Calvin \(Complete\)](#) Jean Henri Merle d'Aubigne,1849-01-01 Facts alone do not constitute the whole of history any more than the members of the body form the complete man There is a soul in history as well as in the body and it is this which generates vivifies and links the facts together so that they all combine to the same end The instant we begin to treat of Geneva which through the ministry of Calvin was to become the most powerful centre of Reform in the sixteenth century one

question starts up before us What was the soul of the Reformation of Geneva Truly salvation by faith in Christ who died to save truly the renewal of the heart by the word and the Spirit of God But side by side with these supreme elements that are found in all the Reformations we meet with secondary elements that have existed in one country and not in another What we discover at Geneva may possibly deserve to fix the attention of men in our own days the characteristic element of the Genevese Reform is liberty Three great movements were carried out in this city during the first half of the sixteenth century The first was the conquest of independence the second the conquest of faith the third the renovation and organisation of the Church Berthelier Farel and Calvin are the three heroes of these three epics Each of these different movements was necessary The bishop of Geneva was a temporal prince like the bishop of Rome it was difficult to deprive the bishop of his pastoral staff unless he were first deprived of his sword The necessity of liberty for the Gospel and of the Gospel for liberty is now acknowledged by all thoughtful men but it was proclaimed by the history of Geneva three centuries ago But it may be said a history of the Reformation has no concern with the secular political and social element I have been reproached with not putting this sufficiently forward in the history of the Reformation of Germany where it had relatively but little importance I may perhaps be reproached with dwelling on it too much in the Reformation of Geneva where it holds a prominent place It is a hard matter to please all tastes the safest course is to be guided by the truth of principles and not by the exigencies of individuals Is it my fault if an epoch possesses its characteristic features if it is impossible to keep back the secular without wronging the spiritual element To cut history in two is to distort it In the Reform of Geneva and especially in the constitution of its church the element of liberty predominates more than in the Reforms of other countries We cannot know the reason of this unless we study the movement which gave birth to that Reform The history of the political emancipation of Geneva is interesting of itself liberty it has been said has never been common in the world it has not flourished in all countries or in all climates and the periods when a people struggles justly for liberty are the privileged epochs of history One such epoch occurred at the commencement of modern times but strange to say it is almost in Geneva alone that the struggles for liberty make the earlier decades of the sixteenth century a privileged time It is in this small republic that we find men remarkable for their devotion to liberty for their attachment to law for the boldness of their thoughts the firmness of their character and the strength of their energy In the sixteenth century after a repose of some hundreds of years humanity having recovered its powers like a field that had long lain fallow displayed almost everywhere the marvels of the most luxuriant vegetation Geneva is indeed the smallest theatre of this extraordinary fermentation but it was not the least in heroism and grandeur and on that ground alone it deserves attention

The Death of Tolstoy William S. Nickell, 2011-08-15 In the middle of the night of October 28 1910 Leo Tolstoy the most famous man in Russia vanished A secular saint revered for his literary genius pacificism and dedication to the earth and the poor Tolstoy had left his home in secret to embark on a final journey His disappearance immediately became a national sensation Two days later he was located at a monastery but was soon gone

again When he turned up next at Astapovo a small remote railway station all of Russia was following the story As he lay dying of pneumonia he became the hero of a national narrative of immense significance In The Death of Tolstoy William Nickell describes a Russia engaged in a war of words over how this story should be told The Orthodox Church which had excommunicated Tolstoy in 1901 first argued that he had returned to the fold and then came out against his beliefs more vehemently than ever Police spies sent by the state tracked his every move fearing that his death would embolden his millions of supporters among the young the peasantry and the intelligentsia Representatives of the press converged on the stationhouse at Astapovo where Tolstoy lay ill turning his death into a feverish media event that strikingly anticipated today's no limits coverage of celebrity lives and deaths Drawing on newspaper accounts personal correspondence police reports secret circulars telegrams letters and memoirs Nickell shows the public spectacle of Tolstoy's last days to be a vivid reflection of a fragile anxious empire on the eve of war and revolution Shakespeare and His Times Nathan Drake,1838
