Almost A Gentleman Vol II An Autobiography 1955 1956:

1956 and All that Dan Rebellato, 1999 It is said that British Drama was shockingly lifted out of the doldrums by the revolutionary appearance of John Osborne's *Look Back in Anger* at the Royal Court in May 1956 But had the theatre been as ephemeral and effeminate as the Angry Young Men claimed Was the era of Terence Rattigan and Binkie Beaumont as repressed and closeted as it seems In this bold and fascinating challenge to the received wisdom of the last forty years of theatrical history Dan Rebellato uncovers a different story altogether It is one where Britain's declining Empire and increasing panic over the problem of homosexuality played a crucial role in the construction of an enduring myth of the theatre By going back to primary sources and rigorously questioning all assumptions Rebellato has rewritten the history of the Making of Modern British Drama

Homintern Gregory Woods, 2017-11-21 A landmark account of gay and lesbian creative networks and the seismic changes they brought to twentieth century culture In a hugely ambitious study which crosses continents languages and almost a century Gregory Woods identifies the ways in which homosexuality has helped shape Western culture Extending from the trials of Oscar Wilde to the gay liberation era this book examines a period in which increased visibility made acceptance of homosexuality one of the measures of modernity Woods shines a revealing light on the diverse informal networks of gay people in the arts and other creative fields Uneasily called the Homintern an echo of Lenin's Comintern by those suspicious of an international homosexual conspiracy such networks connected gay writers actors artists musicians dancers filmmakers politicians and spies While providing some defense against dominant heterosexual exclusion the grouping brought solidarity celebrated talent and in doing so invigorated the majority culture Woods introduces an enormous cast of gifted and extraordinary characters most of them operating with surprising openness but also explores such issues as artistic influence the coping strategies of minorities the hypocrisies of conservatism and the effects of positive and negative discrimination Traveling from Harlem in the 1910s to 1920s Paris 1930s Berlin 1950s New York and beyond this sharply observed warm spirited book presents a surpassing portrait of twentieth century gay culture and the men and women who both redefined themselves and changed history
