

ALONE AGAINST THE ATLANTIC

THE STORY OF
THE FIRST MAN
TO CROSS THE
ATLANTIC OCEAN
ALONE IN A
ROWING BOAT

BY FRANK PAGE

Alone The Observer Of The Singlehanded Transatlantic Race

Mark Steyvers

Alone The Observer Of The Singlehanded Transatlantic Race:

Alone: The Observer Book of the Singlehanded Transatlantic Race Daniel Gilles, 1977 Alone Against the Atlantic Frank Page, 1980-01-01 **Sailing Alone** Richard J. King, 2023-09-07 An exceptional book Sailing Alone belongs on the very small shelf of the true classics of the sea Peter Nichols author of *Sea Change* and *A Voyage for Madmen* Colourful and inventive The Times Sailing on a boat by yourself out at sea and out of sight of land can be exhilarating or terrifying compelling or tedious sometimes it can be all of these things just in one morning It is an adventure at odds with our normal sociable lives carried out floating on a medium wholly inimical to our existence But the deep ocean is also a remarkable place on which to think Richard King's enormously engaging and curious new book is about the debt we owe to solo sailors women and men young and old who have set out alone Spending weeks and months alone slowly quietly and close to the ocean surface is to create the world's largest laboratory an endlessly changing capricious and startling place in which to observe oneself the weather the stars and myriad sea creatures from the tiniest to the most massive and threatening This is a book for anyone who is fascinated by sailing solitude and the vast seas that cover so much of our planet **Salt in Their Veins** Aditya Basu, 2025-05-12 *Salt in Their Veins* The Defiant Women Who Ruled the High Seas unveils the extraordinary lives of women mariners who shattered gender biases and claimed their rightful place on the world's oceans From legendary pirates who defied societal norms to trailblazing naval commanders who led with unparalleled courage and tactical brilliance this meticulously researched volume explores the captivating biographies of women who navigated both treacherous waters and deeply ingrained prejudices throughout maritime history The pages of this groundbreaking book illuminate stories long obscured by time and bias tales of remarkable women whose names deserve to stand alongside the most celebrated male seafarers Delve into the remarkable story of Jeanne de Clisson the 14th century Lioness of Brittany who transformed from noblewoman to feared pirate commander after her husband's execution wreaking havoc on French shipping for thirteen years with her distinctive black fleet Follow the journey of Grace O'Malley the formidable 16th century Irish pirate queen who commanded a fleet of ships and hundreds of men negotiating directly with Queen Elizabeth I when her son was captured Discover how 18th century pirates Anne Bonny and Mary Read escaped societal constraints through seafaring careers that led them to become two of history's most notorious female buccaneers The narrative extends beyond piracy to celebrate women who achieved incredible feats of endurance and skill including the pioneering circumnavigators who challenged conventional wisdom about women's capabilities at sea Meet Jeanne Baret who in the 1760s became the first woman to circumnavigate the globe though she had to disguise herself as a man to secure a position as assistant to the expedition's naturalist Contemplate the sheer determination of Kay Cottee who in 1988 became the first woman to sail solo non stop and unassisted around the world enduring 189 days of isolation and extreme conditions *Salt in Their Veins* also honours modern pioneers women like Commander Sarah West appointed in 2012 as the first female commander of a major Royal Navy

warship Captain Wendy Lawrence one of NASA's first female shuttle commanders who began her career as a naval aviator and Dr Sylvia Earle the legendary oceanographer whose deep sea explorations have expanded our understanding of the world's oceans. These women's accomplishments are all the more remarkable when viewed against the backdrop of maritime superstition and opposition they faced. For centuries women were considered bad luck aboard ships believed to anger the sea itself yet these determined individuals found ways to circumvent these prejudices through disguise, exceptional competence or sheer force of will. The book examines how these pioneers navigated not only harsh oceanic conditions but also legal barriers designed specifically to exclude them from maritime professions. Through engaging storytelling and comprehensive historical context this book celebrates the unwavering spirit of women who broke barriers on every ocean and in every maritime profession demonstrating conclusively that the call of the sea knows no gender. Their courage to lead whether commanding powerful warships undertaking solo global journeys by sail or oar or pioneering deep ocean exploration reminds us that determination, skill and passion can overcome even the most entrenched societal limitations. By bringing these remarkable stories to light *Salt in Their Veins* not only honours forgotten maritime heroines but also inspires future generations of women to pursue their own oceanic adventures and careers confident in the knowledge that they stand on the shoulders of extraordinary female mariners whose saltwater legacy flows through maritime history like a powerful unstoppable current.

Subject Catalog, 1978 Library of Congress, 1978 **Cruising World**, 2007-08 [Cruising World](#), 1981-01 **Cruising World**, 1982-07 *Cruising World*, 1980-01 *Cruising World*, 1982-07 **Cruising World**, 1983-07 **Spinoff**, 1981 *Spinoff* 1981 James J. Haggerty, 1981 *South African Scope*, 1968 [Cruising World](#), 1989-01 **Vigilance and Performance in Automated Systems/Vigilance et Performance de l'Homme dans les Systèmes Automatisés** A.
