no qualitative change so necessary today It continues to maintain the myth that there is no alternative to its own policies and practices There is thus an urgent need to alternative ideas and practices to address people s needs The progressive librarianship movement is taking up this challenge It has also been active in Kenya and Britain but its work is not widely know The Kenyan movement differed from the others in that it grew within the underground political movement in the 1980s the December Twelve Movement Mwakenya Using original documents this book records this hidden history In the process it examines key concepts such as the role of libraries and the relevance of service Linking library work with the wider social and political concerns the book explores issues such as politics of information the role of activism and neutrality in library work It offers an alternative approach to librarianship to the training of librarians and to organisational change to make libraries more relevant to people s lives
