Wolstenholme, Maeve O'Connor, 2009-09-16 The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia in which groups of leading scientists from a range of topics across biology chemistry and medicine assembled to present papers and discuss results The Novartis Foundation originally known as the Ciba Foundation is well known to scientists and clinicians around the world The Ethics of Sex and Alzheimer's John Portmann, 2013-07-18

A growing epidemic Alzheimer's punishes not only its victims but also those married to them This book analyzes how Alzheimer's is quietly transforming the way we think about love today Without meaning to become rebels many people who find themselves married to Alzheimer's deflate the predominant notion of a conventional marriage By falling in love again before their ill spouse dies those married to Alzheimer's come into conflict with central values of Western civilization personal sexual familial religious and political Those who wait sadly for a spouse's death must sometimes wonder if the show of fidelity is necessary and whom it helps Most books on Alzheimer's focus on those who have it as opposed to those who care for someone with it This book offers a powerful and searching meditation on the extent to which someone married to

Alzheimer's should be expected to suffer loneliness. The diagnosis of dementia should not amount to a prohibition of sexual activity for both spouses. Portmann encourages readers to risk honesty in assessing the moral dilemma using high profile cases such as Nancy Reagan and Justice Sandra Day O'Connor to illustrate the enormity of the problem. Ideal for classes considering the ethics of aging and sexuality.

The Aging Family Terry Hargrave, Suzanne Midori Hanna, 2013-06-17 As the population of the United States ages and the lifespan increases so does the number of living generations. The mental health care delivery system therefore faces new challenges. The United States is heading into the 21st century with multigenerational families now commonplace with up to four or five generations co-existing at the same time. And each generation is forced to deal with its own developmental transitions as well as complex cross-generational issues. When a therapist steps into this situation his or her role has to take on board the complexity of the whole family system. This text highlights the issues that hold families together and often tear them apart. It offers core perspectives that seek to make the work of intervention easier and more effective for the clinician. Whether the therapist is called upon to intervene on behalf of elder members to deal with issues such as depression or to step in when younger members are trying to determine how best to provide eldercare the perspectives presented in *The Aging Family* aim to enrich the strategies used.

Neither Married Nor Single Dr. David Kirkpatrick, 2018-01-26 When Dr. David Kirkpatrick's wife was diagnosed with Alzheimer's disease in 2007 their lives and their marriage would change forever. In an honest, uplifting and sometimes heartbreaking account of loving a partner with dementia Dr. Kirkpatrick creates a clear guide for others in similar circumstances. He shares his perspective both as a loving and grief-stricken husband coping with a profound change in his marriage and as a geriatric psychiatrist doing everything he can for his wife while continually learning throughout that experience. Dr. Kirkpatrick tackles the tough questions about caretaking, grief, loss, love and sex for those whose partners have dementia. When is the right time to find or even to begin considering a care home for your loved one? How can you navigate the complexities of your changing sexual relationship with an Alzheimer's partner? When is it appropriate for you to consider new relationships? With wisdom and compassion Dr. Kirkpatrick reflects on these questions and more. Whether your partner has been recently diagnosed or has been living with dementia for many years *Neither Married Nor Single* will help lead you to effective strategies for living and loving in an Alzheimer's marriage and for dealing with the changes ahead. And it will help you remember that you are not alone.

Alzheimer's Disease Treatment and Family Stress Enid Light, Barry Lebowitz, 1990 *Sanctuary in the Midst of Alzheimer's* Dr. Elizabeth A. Young, 2015-01-31 When a spouse is diagnosed with Alzheimer's disease chances are the husband or wife has suspected something is not right for some time. Denial, embarrassment, the decision to tell others and additional issues some that feel too private to share can have a significant impact on the marriage. Spouses often look to their church for emotional, physical and spiritual support however research shows that most churches are not well equipped to minister to those caring for a spouse with Alzheimer's. *Sanctuary in the Midst of Alzheimer's* is a resource for both spouses and

their churches encouraging congregations to walk in the shoes of a spousal caregiver while providing the opportunity for spouses to find meaning and a sense of peace in their role as a caregiver
