Unidentified Flying Object for Contemporary Architecture
Beatrice Lampariello, Andrea Anselmo, Boris Hamzeian, 2022-10-18

The first monographic publication focused on the Florentine UFO group 1968 1978 that conducts a historical analysis of its work reveals its close relationship with the contemporary artistic literary and architectural avant garde and finally investigates its legacy for the contemporary project The contemporary context is defined by a unique conjuncture On one hand we witness the revival of the Radical Architecture that from the avant garde experiments of the origins recovers creative processes and iconographic fragments while nullifying the original ideological and political values On the other hand we see social protests in defense of fundamental rights of democracy as in 1968 With these premises Architecture is now reinvestigating those ephemeral experiments that have endured half a century as new stone monuments capable of indicating new perspectives for both research and design Placing UFO group one of the authors of those still poorly known monuments at the core of the contemporary debate means investigating their formal and seductive aspects but also the ideological political and social values with which objects installations and happenings have been innervated transforming them into devices of an architecture nourished by literature art and political commitment for the foundation of an eloquent and activist project even more radical than the well known Superstudio and Archizoom The collaboration between Beatrice Lampariello an architecture historian specialized in the 1960s and 1970s and False Mirror Office a group of historians and designers engaged in the rediscovery of UFO group lead to a monograph focused on the UFO s work and an evaluation of their legacy relative to contemporary architecture This monograph is composed of three sections 1 History a first ever study of UFO by False Mirror Office via analysis of all archival and bibliographic sources as well as a series of interviews with UFO members and a collection of its writings published and unpublished for the first time translated into English 2 Context composed of essays by historians and architectural theorists Beatrice Lampariello Simon Sadler Anna Rosellini Giovanni Galli Jacopo Galimberti intended to place UFO s work in the context of the avant garde that influenced its work from the experience of Florentine Radical Architecture to Umberto Eco s theories on semiotics and the American experiences between Pop Art Video Art and Happening 3 Legacy articulated through graphic contribution and essays by young designers as False Mirror Office Parasite 2 0 Point Supreme Jimenez Lai Andrew Kovacs Adam Nathaniel Furman Traumnovelle ab Normal and Peter Behrbohm to investigate UFO s legacy relative to the
