**Anne E. Duggan Ph.D., Donald Haase
Ph.D., Helen J. Callow**

Albert Wesselski And Recent Folk Tale Theories:

Albert Wesselski and Recent Folktale Theories, Albert Wesselski and Recent Folk-tale Theories Emma Emily Kiefer, 1973 *Fairy Tales from Before Fairy Tales* Jan M. Ziolkowski, 2010-02-01 Explores the links between tales preserved in Latin from the Middle Ages and classic fairy tales from the collections of the Brothers Grimm and Hans Christian Andersen

A Handbook of Philippine Folklore Mellie Leandicho Lopez, 2006 The voluminous book provides a range of international theories and methodologies in analytical folklore investigations and a classification scheme based on genre is offered as the system of taxonomy for Philippine traditional materials Lopez counts on the regional folklorists to refine the classification according to the texts of their respective areas The different genres too are explained and examined in another part of Lopez's study The reader will definitely find interesting and useful the illustrative examples for each genre **Why**

Fairy Tales Stick Jack Zipes, 2013-09-13 In his latest book fairy tales expert Jack Zipes explores the question of why some fairy tales work and others don't why the fairy tale is uniquely capable of getting under the skin of culture and staying there Why in other words fairy tales stick Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre Why Fairy Tales Stick contains two chapters on the history and theory of the genre followed by case studies of famous tales including Cinderella Snow White and Bluebeard followed by a summary chapter on the problematic nature of traditional storytelling in the twenty first century **Folktales and Society** Linda

Dégh, 1989 A study of the Szeklers and their folktales **Albert Wesselski and Recent Folktale Theories** Emma Emily Kiefer, 1973 A discussion of the various outstanding theories as to the origin nature dissemination of the folktale The author has made Wesselski the center of the study as he was the most polemical the most individual Studies in Jewish and World

Folklore Haim Schwarzbaum, 2015-09-25 No detailed description available for Studies in Jewish and World Folklore **The Study of American Folklore** Jan Harold Brunvand, 1968 *The Oxford Companion to Fairy Tales* Jack Zipes, 2015 This Oxford companion provides an authoritative reference source for fairy tales exploring the tales themselves both ancient and modern the writers who wrote and reworked them and related topics such as film art opera and even advertising **The Cinderella Cycle** Anna Birgitta Rooth, 1980 **Orality and Literacy** Keith Thor Carlson, Kristina Fagan, Natalia

Khanenko-Friesen, 2011-04-30 Orality and Literacy investigates the interactions of the oral and the literate through close studies of particular cultures at specific historical moments Rejecting the great divide theory of orality and literacy as separate and opposite to one another the contributors posit that whatever meanings the two concepts have are products of their ever changing relationships to one another Through topics as diverse as Aboriginal Canadian societies Ukrainian Canadian narratives and communities in ancient Greece Medieval Europe and twentieth century Asia these cross disciplinary essays reveal the powerful ways in which cultural assumptions such as those about truth disclosure performance privacy and

ethics can affect a society's uses of and approaches to both the written and the oral The fresh perspectives in Orality and Literacy reinvigorate the subject illuminating complex interrelationships rather than relying on universal generalizations about how literacy and orality function **Folktales of Newfoundland** P.D. J.D.A. Widdowson, Herbert

Halpert, 2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province The intention was to collect as broad a spectrum of traditional material as possible and Folktales of Newfoundland is notable not only for the number and quality of its narratives but also for the format in which they are presented A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator's language In addition Newfoundland has preserved many aspects of English and Irish folk tradition some of which are no longer active in the countries of their origin Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland the researchers set out to discover if this was in fact the case *Tales of magic, tales in print* Willem De Blecourt, 2021-06-15 Since the beginning of the nineteenth century folklorists and the general public in their wake have assumed the orality of fairy tales Only lately have more and more specialists been arguing in favour of at least an interdependence between oral and printed distribution of stories This book takes an extreme position in that debate as far as Tales of magic is concerned the initial transmission proceeded exclusively through prints From a historical perspective this is the only viable approach the opposite assumption of a vast unrecorded and thus inaccessible reservoir of oral stories presents a horror vacui Only in the course of the nineteenth century when folklorists started collecting in the field and asked their informants for fairy tales was this particular genre incorporated into a then feeble oral tradition Even then story tellers regularly reverted to printed texts Every recorded fairy tale can be shown to be dependent on previous publications or to be a new composition constructed on the basis of fragments of stories already in existence Tales of magic tales in print traces the textual history of a number of fairy tale clusters linking the findings of literary historians on the sixteenth to eighteenth centuries to the material collected by nineteenth and twentieth century field workers While it places fairy tales as a genre firmly in a European context it also follows particular stories in their dispersion over the rest of the world **Southern Folklore Quarterly**, 1948 Includes section Book reviews

Folktales and Fairy Tales Anne E. Duggan Ph.D., Donald Haase Ph.D., Helen J. Callow, 2016-02-12 Encyclopedic in its coverage this one of a kind reference is ideal for students scholars and others who need reliable up to date information on folk and fairy tales past and present Folktales and fairy tales have long played an important role in cultures around the world They pass customs and lore from generation to generation provide insights into the peoples who created them and offer inspiration to creative artists working in media that now include television film manga photography and computer games This second expanded edition of an award winning reference will help students and teachers as well as storytellers writers and creative artists delve into this enchanting world and keep pace with its past and its many new facets Alphabetically

organized and global in scope the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter The four volume collection covers national cultural regional and linguistic traditions from around the world as well as motifs themes characters and tale types Writers and illustrators are included as are filmmakers and composers and of course the tales themselves The expert entries within volumes 1 through 3 are based on the latest research and developments while the contents of volume 4 comprises tales and texts While most books either present readers with tales from certain countries or cultures or with thematic entries this encyclopedia stands alone in that it does both making it a truly unique one stop resource **Przekładaniec, numer 22-23. Baśń w przekładzie** ,2010 Folklore Jan Harold Brunvand,1976 **The Hebrew Folktale** Eli Yassif,2009-04-16 The most comprehensive account of its subject now available this impressive study lives up to the encyclopedic promise of its title Choice The Hebrew Folktale seeks to find and define the folk elements of Jewish culture Through the use of generic distinctions and definitions developed in folkloristics Yassif describes the major trends structural thematic and functional of folk narrative in the central periods of Jewish culture **Kentucky Folklore Record** ,1966
