The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Aldous Huxley, from Poet to Mystic Jerome Meckier, 2011 Aldous Huxley began as a poet He perfected the voice of the modern satirical poet of ideas who used art against itself to produce a parodic poetry of breakdowns collapses stalemates and dead ends best suited to the apparent pointlessness of the post war era His cleverest most irreverent poems

are contrapuntal they in effect silence venerable poets and cancel traditional formats Huxley's poetic personas either fail to preserve conventional forms or purposely sabotage them By 1920 Huxley became the parodic equivalent of the formative intelligences i.e. Dante Goethe and Lucretius who once synthesized their respective eras positively In this book author Jerome Meckier explicates most of Huxley's poems including *Leda* his masterpiece an ironical modern myth Meckier traces Huxley's development in terms of the poets he inserted in five of his eleven novels along with their poems These poets mostly fail as poets their different stances falling apart one after another But Huxley began to detect a spiritual significance underlying the creative urge This allowed him to rehabilitate many of the Romantic and Victorian poets he formerly ridiculed as frauds and liars Eventually he celebrated mystical contemplation as silent poetry positing a utopia in which everyone is a poet to the limits of his or her potentiality Huxley became the perennial philosopher a neo Brahmin the sage like figure he initially personified parodically His paradigmatic career took him from a Pyrrhonic silencing of outmoded poems and poets to the advocacy of a poetry of silence Series Human Potentialities Studien zu Aldous Huxley zeitgenössischer Kultur Studies in Aldous Huxley Contemporary Culture Vol 11 *Modernism and the Aristocracy* Adam Parkes, 2023 The early twentieth century saw a radical redrawing of Britain's social and political map as its hereditary aristocracy was pushed from the centre to the margins of the nation's affairs This book traces the literary consequences of the modernist preoccupation with aristocracy that this social change inspired *Aldous Huxley 2009* James Sexton, 2011-03-30 Aldous Huxley Annual is the official organ of the Aldous Huxley Society at the Center for Aldous Huxley Studies in Munster Germany The Society publishes essays on the life times and interests of Aldous Huxley and his circle Volume 9 is the first to have a Guest Editor Professor James Sexton Sexton opens this issue with *A New Huxley Miscellany* which is followed by a selection of lectures from the Fourth International Aldous Huxley Symposium held in Los Angeles in July August 2008 The issue closes with the first Peter Edgerly Firchow Memorial Prize Essay by Brian Smith of Suffolk University Series Aldous Huxley Annual Vol 9

Aldous Huxley Annual. Volume 12/13 (2012/2013) Bernfried Nugel, Jerome Meckier, 2014-11-20 Volume 12/13 of the Aldous Huxley Annual begins with a discussion of a lecture Huxley gave in Italian an appraisal of his never completed project of a novel on Catherine of Siena and his recently re-discovered drawings for *Leda* Further critical articles on particular aspects of Huxley's work follow together with the second Peter Edgerly Firchow Memorial Prize Essay by Hisashi Ozawa of King's College London A painting by Carolyn Mary Kleefeld ushers in the second part of the book which contains a selection of papers from the Oxford Symposium held in 2013 Series Aldous Huxley Annual Vol 12/13 Subject Literary Criticism Art

The Oxford English Literary History: Volume 10: 1910-1940: The Modern Movement Chris Baldick, 2005-11-10 This exciting new volume provides a freshly inclusive account of literature in England in the period before during and after the First World War Chris Baldick places the modernist achievements of Virginia Woolf T.S. Eliot and James Joyce within the rich context of non-modernist writings across all major genres allowing high literary art to be read against the background of

low entertainment Looking well beyond the modernist vanguard Baldick highlights the survival and renewal of realist traditions in these decades of post Victorian disillusionment Ranging widely across psychological novels war poems detective stories satires and children s books The Modern Movement provides a unique survey of the literature of this turbulent time

Aldous Huxley's Short Fiction Andrija Matić, 2024-04-13 Aldous Huxley s Short Fiction analyzes Huxley s short stories within a modernist context highlighting that he shared more characteristics with distinguished modernists than is usually believed The book also explores other features of Huxley s short stories focusing on themes such as consumerism mainstream education shallow intellectualism women s emancipation toxic masculinity and sensational journalism themes that correspond with both Huxley s time and our world and position him among the most prophetic authors of the twentieth century This study demonstrates that Huxley s short fiction can provide answers to questions that remain confusing or partially explained in the research on Huxley s work It illustrates the constants and changes in Huxley s opinions on organized religion mysticism and the relation between sexuality and spirituality while also clarifying Huxley s political opinion which is often misunderstood due to his advocacy of pacifism Finally the in depth interpretations of Huxley s short stories reveal the dynamics of his literary style especially his complex humor and irony areas he developed more than any other modernist author of short fiction

Aldous Huxley Between East and West , 2021-11-01 Although the title of this volume is Aldous Huxley between East and West the order of the articles found within goes from West to East which naturally imitates Huxley s own progress especially since he went to the trouble of stepping out as far West as possible before starting for the East Indeed one could argue that he was already on his way there before he left for California a continuous journey perhaps since from the Californian shores of the Pacific the East is the further West After the Introduction which places Huxley between East and West the book starts with a consideration of Huxley s family connections then goes onto his earliest fictions his interest in science and the issue of modernity and his experiments with drama and their inherent philosophical concerns The poetry with which he began his writing career is then viewed as a link between his earlier Western self and his later Oriental interests suggesting that the latter was always inherent in the former A number of considerations of the Utopian themes in Huxley s middle and later fiction leads the volume to a climax with four articles surveying the foibles and the wisdom of Huxley s encounter with Eastern religious thought and philosophy his misunderstandings as well as ours of what actually he had learned and wished to pass on to the Western world
