Craft Of Musical Composition Two Exercises In Two Part Writing

Paul Hindemith

Craft Of Musical Composition Two Exercises In Two Part Writing:

The Craft of Musical Composition Paul Hindemith, 1941 **The Craft of Musical Composition** Paul Hindemith, 2020-10-29 Originally published in the 1940s Paul Hindemith's remarkable textbooks are still the outstanding works of their kind. In contrast to many musical textbooks written by academic musicians, these were produced by a man who could play every instrument of the orchestra, could compose a satisfying piece for almost every kind of ensemble, and who was one of the most stimulating teachers of his day. It is therefore not surprising that many years later these books should remain essential reading for the student and the professional musician. **The Craft of Musical Composition** Paul Hindemith, 1948 **The Craft of Musical Composition: Exercises in two-part writing. English translation by Otto Ortmann** Paul Hindemith, 1970 **The Craft of Musical Composition** Paul Hindemith, 1948 *The Craft of Musical Composition* Paul Hindemith, 1970 In contrast to many musical textbooks written by academic musicians, these were produced by a man who could play every instrument of the orchestra, could compose a satisfying piece for almost every kind of ensemble, and who was one of the most stimulating teachers of his day. It is therefore not surprising that nearly forty years later these books should remain essential reading for the student and the professional musician. Back cover **The Craft of Musical Composition** Paul Hindemith, 2024-09-04 Originally published in the 1940s Paul Hindemith's remarkable textbooks are still the outstanding works of their kind. In contrast to many musical textbooks written by academic musicians, these were produced by a man who could play every instrument of the orchestra, could compose a satisfying piece for almost every kind of ensemble, and who was one of the most stimulating teachers of his day. It is therefore not surprising that many years later these books should remain essential reading for the student and the professional musician. Parts 1 and 2 of *Unterweisung im Tonsatz* were already translated into English during Hindemith's lifetime when he was in exile in America during the Nazi era. The long-awaited translation of Part 3 with exercises for three-part composition completes the English edition. *The Craft of Musical Composition* **The Craft of Musical Composition: Exercises in two-part writing** Paul Hindemith, 1970 *The Craft of Musical Composition, Book 2: Exercises in Two-part Writing* Paul Hindemith, 1941 *The Craft of Musical Composition: Theoretical part. [4th ed.]-Bk. 2. Exercises in two-part writing. [1st ed., c1941]* Paul Hindemith, 1945 *Exercises in two-part writing* Paul Hindemith, 1942 *A Question of Balance* Taylor Aitken Greer, 2023-12-22 One of this century's most influential musical intellectuals takes center stage in Taylor Greer's meticulously wrought study of Charles Seeger 1886-1979. Seeger left an indelible mark in the fields of musicology, music criticism, ethnomusicology, and avant-garde musical composition, but until now there has been no extended appreciation and critique of Seeger's work as a whole, nor has an accessible guide to his texts been available. Exploring the entire corpus of Charles Seeger's writing, *A Question of Balance* highlights the work of those persons who most influenced him, especially Henri Bergson, Bertrand Russell, and Ralph Perry. Invited to inaugurate the music department at the University of California's Berkeley campus in 1912, Seeger became keenly

aware of his deficiencies in general education and put himself on a rigorous regimen of intellectual development that included studying history anthropology political theory and philosophy For the remainder of his life his ideas about music heavily influenced the development of ethnomusicology and systematic musicology Charles Seeger is perhaps best known as the father of the folk singers Pete Mike and Peggy Seeger and as the husband of the innovative American composer Ruth Crawford This book makes clear that Seeger was an extremely important thinker and educator in his own right Seeger s intellectual curiosity was as eclectic as it was enthusiastic and Greer skillfully weaves together the connections Seeger made between music the humanities and the sciences The result is a luminous tapestry depicting Seeger s ideal schemes of musicology At the same time it reflects the turbulence and vitality in American musical life during the early decades of the century One of this century s most influential musical intellects takes center stage in Taylor Greer s meticulously wrought study of Charles Seeger 1886-1979 Seeger left an indelible mark in the fields of musicology music criticism ethnomusicology and avant

Music in German Philosophy Stefan Lorenz Sorgner, Oliver Fürbeth, 2011-01-15 Though many well known German philosophers have devoted considerable attention to music and its aesthetics surprisingly few of their writings on the subject have been translated into English Stefan Lorenz Sorgner a philosopher and Oliver Fürbeth a musicologist here fill this important gap for musical scholars and students alike with this compelling guide to the musical discourse of ten of the most important German philosophers from Kant to Adorno Music in German Philosophy includes contributions from a renowned group of ten scholars including some of today s most prominent German thinkers all of whom are specialists in the writers they treat Each chapter consists of a short biographical sketch of the philosopher concerned a summary of his writings on aesthetics and finally a detailed exploration of his thoughts on music The book is prefaced by the editors original introduction presenting music philosophy in Germany before and after Kant as well as a new introduction and foreword to this English language addition which places contemplations on music by these German philosophers within a broader intellectual climate

The Craft of Musical Composition Paul Hindemith, 1941 **Catalog of the Clarence V. Mader Archive, Music Library, University of California at Los Angeles**, 1980 *The International Cyclopedia of Music and Musicians* Oscar Thompson, 1975 **The Craft of Musical Composition: Theoretical part. English translation by Arthur Mendel** Paul Hindemith, 1945 **The Cambridge Companion to Composition** Toby Young, 2024-05-30 This wide ranging guide offers insights for musicians and students on how to be a composer *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1971 **Paul Hindemith** Stephen Luttmann, 2013-01-11 Paul Hindemith A Research and Information Guide is an annotated bibliography concerning both the nature of primary sources related to the composer and the scope and significance of the secondary sources which deal with him his compositions and his influence as a musician and teacher The second edition includes research published since the publication of the first edition and provides electronic resources
