and spiritual pioneer Dr David R Hawkins offers insights into the illusory nature of existence and how to realize a state of higher consciousness In this new book derived from Dr David Hawkins s popular Way to God lecture series he explores perception and illusion how the truth becomes distorted and ultimately the root of consciousness In Part One Dr Hawkins explains how the ego functions in society and that the world out there is a projection of what is within us He confirms that everything is happening on its own and everything is perfect right now He also discusses quantum mechanics and how what you hold in mind tends to manifest In addition he talks about why people don t change even after hearing spiritual truths and how to alleviate this problem In Part Two Dr Hawkins discusses the time honored tradition of meditation which he informs us is our natural state Instead of covering the numerous styles of meditation he delves into the essence of the meditation process itself He talks about how we can obtain the benefits of meditation without going through formal renunciation Dr Hawkins explains two valuable ways of meditating which he experienced himself He also tells us of the various ways to transcend the mind to become aware of the presence of God
