African American Army Officers of World War I Adam P. Wilson, 2015-04-29 In April 1917 Congress approved

President Woodrow Wilson's request to declare war on the Central Powers thrusting the United States into World War I with the rallying cry "The world must be made safe for democracy." Two months later 1,250 African American men, college graduates, businessmen, doctors, lawyers, reverends, and non-commissioned officers volunteered to become the first blacks to receive officer training at Fort Des Moines, Iowa. Denied the full privileges and protections of democracy at home, they prepared to defend it abroad in hopes that their service would be rewarded with equal citizenship at war's end. This book tells the stories of these black American soldiers' lives during training in combat and after their return home. The author addresses issues of national and international racism and equality and discusses the Army's use of African American troops, the creation of a segregated officer training camp, the war's implications for civil rights in America, and military duty as an obligation of citizenship.

A Fragile Freedom Erica Armstrong Dunbar, 2008-10-01

Chronicling the lives of African American women in the urban north of America, particularly Philadelphia during the early years of the republic, *A Fragile Freedom* investigates how they journeyed from enslavement to the precarious state of free persons in the decades before the Civil War.

Entrepreneurship and Self-Help among Black Americans John Sibley Butler, 2012-02-01

Since its publication in 1991, *Entrepreneurship and Self-Help among Black Americans* has become a classic work influencing the study of entrepreneurship and, more importantly, revitalizing a research tradition that places new ventures at the very center of success for black Americans. This revised edition updates and enhances the work by bringing it into the twenty-first century. John Sibley Butler traces the development of black enterprises and other community organizations among black Americans from before the Civil War to the present. He compares these efforts to other strong traditions of self-help among groups such as Japanese Americans, Jewish Americans, Greek Americans, and exciting new research on the Amish and the Pakistani. He also explores how higher education is already a valued tradition among black self-help groups such that today their offspring are more likely to be third and fourth generation college graduates. Butler effectively challenges the myth that nothing can be done to salvage America's underclass without a massive infusion of public dollars and offers a fresh perspective on those community-based organizations and individuals who act to solve local social and economic problems.

Business is War-The Unfinished Business of Black America Darren J. Perkins,

Emily D. West and the "Yellow Rose of Texas" Myth Phillip Thomas Tucker, 2014-02-07

For the first time, the true story of The Yellow Rose of Texas is told in full, revealing a host of new insights and perspectives on one of America's most popular stories. For generations, the Yellow Rose of Texas has been one of America's most popular western myths, growing larger over time and little resembling the truth of what happened on April 21, 1836, at the battle of San Jacinto, where a new Texas Republic won its independence. The woman who has been popularly connected to the story was an ordinary but also quite remarkable free black woman from the North, Emily D. West. This work reconstructs her experience, places it in full context, and explores the evolution of a most fanciful myth.

courses race and ethnicity courses **What Is America?** Vanester Pugh,2013-05-31 As I was growing up as a child in a remote hamlet in South Georgia in the early 1920s I was always on the verge of blowing my mind when I would try to fathom the unfathomable That is what I would see from day to day was a stark and ever present reality of a rigid line of demarcation of racism an impregnable wall of separation between black Americans and white Americans in a socalled land of the free and home of the brave The country was as dark as a stormy midnight It was so lightless that black Americans could not behold even a dim glow of freedom justice and equality However white citizens could cross the line of separation at their pleasure and demean and trample upon the rights of black citizens without any consideration of punishment On the other hand black citizens had been harshly schooled and mandated over the years to tolerate racism and its pernicious and uncivilized side effects in order to survive Therefore it was almost impossible for black Americans to find any moral or ethical ground to put their weight upon in a nation that was always teetering on the brink of imminent moral bankruptcy because of its gross inhumanity to black Americans bona fide citizens of the United States And for an eternity of 188 years the United States several parcels of disproportional wayward and incongruous commonwealths was bare of a moral compass nil of empathy and compassion and as inflexible as steel against the civil rights of black Americans The country was so vile that it became ashamed of its own vileness and tried to hide its foulness behind the fig leaves of lofty and sublime words and phrases such as One nation under God indivisible with liberty and justice for all and with Gods endowment of Life Liberty and the pursuit of Happiness for all men and women who are created in the image and likeness of God **The Politics & Poetics of Black Film** David C. Wall,Michael T. Martin,2015-10-20 Written and directed by two white men and performed by an all black cast Nothing But a Man Michael Roemer 1964 tells the story of a drifter turned family man who struggles with the pressures of small town life and the limitations placed on him and his community in the Deep South an area long fraught with racism Though unmistakably about race and civil rights the film makes no direct reference to the civil rights movement Despite this intentional absence contemporary audiences were acutely aware of the social context for the film s indictment of white prejudice in America To help frame and situate the film in the context of black film studies the book gathers primary and secondary resources including the original screenplay essays on the film statements by the filmmakers and interviews with Robert M Young the film s producer and cinematographer and Khalil Gibran Muhammad the Director of the Schomburg Center for Research in Black Culture *The Gilded Age & Progressive Era* Elisabeth Israels Perry,Karen Manners Smith,2006-10-30 More than 250 entries provide information on a wide range of topics related to the Gilded Age and Progressive Era covering the economic political and cultural changes and expansions that took place from 1877 to 1920 Hog and Hominy Frederick Douglass Opie,2008-10-08 Opie delves into the history books to find true soul in the food of the South including its place in the politics of black America NPR org Frederick Douglass Opie deconstructs and compares the foodways of people of African descent throughout the Americas interprets the health legacies of black culinary traditions
