Bioengagement Nigel M. de S. Cameron, Scott E. Daniels, Barbara White, 2000 **Bioengagement** Nigel M. de S. Cameron, Scott E. Daniels, Barbara Jean White, 2000 **The New Testament and Bioethics** R. Dennis Macaleer, 2014-01-01

Beauchamp and Childress's *Principles of Biomedical Ethics* is a well accepted approach to contemporary bioethics. Those principles are based on what Beauchamp and Childress call the common morality. This book employs New Testament theological themes to enhance the meaning of those principles of bioethics. The primary New Testament text for this study is the twin commands from Jesus to love God and love one's neighbor. The three theological themes developed from this study: the image of God, the covenant, and the pursuit of healing, are deeply embedded in the New Testament and in the ministry of Jesus. Three contemporary bioethics principles are used for this dissertation based on The Belmont Report. They are the principles of respect for persons, justice, and beneficence. In each case, the theological themes are shown to enhance the meaning of these bioethics principles. Each of the three principles, as understood through the three theological themes, is applied to a current bioethics issue to demonstrate the efficacy of this approach. The three current issues addressed are the withdrawal or withholding of life-sustaining treatment, the distribution of health care in the United States, and the use of palliative care.

The Savvy Christian's Guide to Life Tracey Lawrence, 2011-02-21. *The Savvy Christian's Guide to Life* tackles 40 life issues for Christians and provides a quick-hitting and creative tutorial that includes a powerful overview of the topic, followed by keen insights from a variety of experts, case studies, practical solutions, and action steps. Topics include: Dialoging with people of other faiths, Counseling someone who is suicidal, Starting and incorporating a new ministry, Parenting a rebellious kid, Being generous even when money is tight, Bringing up spirituality with non-Christians in a natural and non-threatening manner, Discovering individual talents, purpose, and calling in life, and much more.

Biomedical Ethics and the Church Roland Chia, 2010 [Politics for the Greatest Good](#) Clarke Forsythe, 2010-06. With a level-headed voice, leading policy strategist Clarke Forsythe speaks clearly into the fray of political striving. Here he campaigns for a recovery of a rich understanding of the virtue of prudence and for its application by policymakers and citizens to contemporary public policy. As Forsythe explains, prudence in its classical sense is the ability to apply wisdom to right action. In this book, he explores the importance of applying the principles of prudence, taking account of limitations in a world of constraints, and striving to achieve the greatest measure of justice under current circumstances to the realm of politics, especially that of bioethics. In particular, Forsythe applies these concepts to the ongoing debate among pro-life advocates regarding gradual versus radical change as the most effective way to achieve political and legislative goals. Drawing on the Bible, philosophy, and the wisdom of historical figures such as Abraham Lincoln and William Wilberforce, he makes a strong case for a strategy of seeking to achieve the maximal change possible at a given time or political prudence. As such, it has broad implications for political scientists and strategists both within and beyond the pro-life context.

Pro-Life Pulpit

Stephen Tu, 2011-05-23 Over one million unborn children are intentionally aborted every year in North America Voiceless and helpless their blood cries out Will those of us who serve as pastors and preachers respond from our pulpits Silence is not an option We cannot keep quiet while thousands of our neighbors made in the image of God are being led to the slaughter every day But neither should we condemn and vilify those who are complicit in their deaths A truly pro life pulpit ministry opposes the injustice of abortion with truth courage and understanding Tears mingled with hope overflowing with grace After all the Christian faith is rooted in the good news of a Messiah who was once an embryo Nine months before he was born Jesus was conceived by the Holy Spirit and for the next forty weeks he lived and grew in the womb of an unwed teenaged mother He is at the heart of our preaching and this book will show you how to confront the sin of abortion by proclaiming the God who became abortable in order to save sinners *Principles of Health Care Ethics* Richard Edmund Ashcroft, Angus Dawson, Heather Draper, John McMillan, 2015-08-12

Edited by four leading members of the new generation of medical and healthcare ethicists working in the UK respected worldwide for their work in medical ethics *Principles of Health Care Ethics* Second Edition is a standard resource for students professionals and academics wishing to understand current and future issues in healthcare ethics With a distinguished international panel of contributors working at the leading edge of academia this volume presents a comprehensive guide to the field with state of the art introductions to the wide range of topics in modern healthcare ethics from consent to human rights from utilitarianism to feminism from the doctor patient relationship to xenotransplantation This volume is the Second Edition of the highly successful work edited by Professor Raanan Gillon Emeritus Professor of Medical Ethics at Imperial College London and former editor of the *Journal of Medical Ethics* the leading journal in this field Developments from the First Edition include The focus on Four Principles Method is relaxed to cover more different methods in health care ethics More material on new medical technologies is included the coverage of issues on the doctor patient relationship is expanded and material on ethics and public health is brought together into a new section

Theological Bioethics Lisa Sowle Cahill, 2005-11-16 The field of bioethics was deeply influenced by religious thinkers as it emerged in the 1960s and early 1970s Since that time however a seemingly neutral political liberalism has pervaded the public sphere resulting in a deep suspicion of those bringing religious values to bear on questions of bioethics and public policy As a theological ethicist and progressive Catholic Lisa Sowle Cahill does not want to cede the religious perspective to fundamentalists and the pro life movement nor does she want to submit to the gospel of a political liberalism that champions individual autonomy as holy writ In *Theological Bioethics* Cahill calls for progressive religious thinkers and believers to join in the effort to reclaim the best of their traditions through jointly engaging political forces at both community and national levels In Cahill's eyes just access to health care must be the number one priority for this type of participatory bioethics She describes a new understanding of theological bioethics that must go beyond decrying injustice beyond opposing social practices that commercialize human beings beyond painting a vision of a more egalitarian future

Such a participatory bioethics she argues must also take account of and take part in a global social network of mobilization for change it must seek out those in solidarity those involved in a common calling to create a more just social political and economic system During the past two decades Cahill has made profound contributions to theological ethics and bioethics This is a magisterial and programmatic statement that will alter how the religiously inclined understand their role in the great bioethics debates of today and tomorrow that yearn for clear thinking and prophetic wisdom

Perspectives on Science and Christian Faith ,2002 **Bioethics and the Christian Life** David VanDrunen,2009-10-07 Just about everyone will face a difficult bioethics decision at some point In this book a theologian ethicist and lawyer equips Christians to make such decisions based on biblical truth wisdom and virtue Though a relatively new discipline bioethics has generated extraordinary interest due to a number of socially pressing issues Bioethics and the Christian Life places bioethics within the holistic context of the Christian life both developing a general Christian approach to making bioethics decisions and addressing a number of specific controversial areas of bioethics Clear concise and well organized the book is divided into three sections The first lays the theological foundation for bioethics decision making and discusses the importance of wisdom and virtue in working through these issues The second section addresses beginning of life issues such as abortion stem cell research and infertility treatments The third section covers end of life issues such as living wills accepting and refusing medical treatment and treatment of patients in permanent vegetative states

Colson,Robert George,2013-05-29 In this six session small group Bible study DVD digital video sold separately Doing the Right Thing from Chuck Colson Robert George and an all star panel examines how ethical and character issues relate to life at home school and the workplace Doing the Right Thing explores the ethical and moral breakdown hitting culture from all sides Through panel discussions interviews and live student questions it raises ethical issues in a non condemning but challenging way stimulating thought discussion and action This Participant Guide encourages viewers to examine themselves and how ethical and character issues relate to their lives at home school and the workplace As a result of this discussion and self examination participants will exhort each other and promote an ethic of virtue in their spheres of influence and in the culture at large This examination of ethics consists of six sessions each designed to last approximately one hour Each session consists of thirty minutes of video and thirty minutes of discussion Session topics include How did we get into this mess Is there truth a moral law we all can know If we know what is right can we do it What does it mean to be human Ethics in the market place Ethics in public life Designed for use with the Doing the Right Thing Video Study sold separately

[Forthcoming Books](#) Rose Arny,2000 *The End* Mark Hatch,2006-10-06 A few vocal futurists have publicly admitted that we are likely to destroy ourselves by the year 2050 Many more admit that for the first time in human history we cannot confidently predict the broad outlines of the human condition a mere 50 years from now Here is a fascinating look at why many of today s scientists and futurists believe the end

is near and how that should inform our Christian journey Pointing out that secular and Christian observers can already see that we have entered the final season this resource explores credible doomsday scenarios and compares those theories with the biblical indicators of the very last days This is a call to live our lives with commitment and consistency in light of the end s reality and proximity [MHR](#) ,1987 **Medical Humanities Review** ,2001 [Current Contents.
