Kansas Populism O. Gene Clanton, 2021-10-08 Because Kansas has been called the leading Midwestern Populist state and the Midwestern phrase was the principle one of this significant movement in American history this first comprehensive history of the Kansas People s party its leaders and their thoughts and actions is an important addition to Populist historiography Through this study of the leadership as well as a complete and personal background analysis of the Populist and Republican members of five Kansas legislatures the author helps to place Populism within its proper historical context

Although Kansas Populism is shown to have had a retrogressive strain the pervasive force of the movement is revealed as a constructive and progressive response to the technological achievements that had revolutionized agriculture and industry over the course of the nineteenth century Their answers were not always commendable but the Populists were the first political activists to come to grips in an effective manner with the problems created by the continuing economic revolution that uniquely characterizes modern history and they were intent on demonstrating apparently that the purification of politics was not an iridescent dream In the dialogue which they conducted in the program which they advance they assisted in launching a progressive quest that continues in our own time Undertaken with the objective of testing recent controversial interpretations of the Populist movement this book according to one reader far surpasses studies of Populism in other states done long ago and innocent of modern methods It contains passages almost epigrammatic in their perceptiveness and is notable for the author's fairness in dealing with the evidence In fact the breadth of research and the extensive annotation and bibliographical material included make this volume an important source in itself

Papers of John C. Calhoun John C. Calhoun, 1969-09 The Forced Removal of American Indians from the Northeast David W. Miller, 2011-10-10 Between the settlement of the Pilgrims in New England in 1620 and the 1850s native Indians were forced to move west of the Mississippi River In the process they surrendered mainly reluctantly their claims to 412 000 square miles of land east of the Mississippi River and north of the Ohio River and the Mason Dixon Line Relying on the words of those involved and pertinent documents this study gives insight into the thoughts and attitudes of those demanding the movement and the efforts of the Indians to remain The changes in governmental policies that came about as a result of the Revolutionary War are noted as is the incremental weakening of the Indians as the avalanche of settlers moved west Attention is given to the policies of George Washington and his secretary of war Henry Knox in the early years of the United States

The Biographical Dictionary of Women in Science Marilyn Ogilvie, Joy Harvey, 2003-12-16 Volume 2 of 2 *John J. Pershing and the American Expeditionary Forces in World War I, 1917-1919* John T. Greenwood, 2025-01-07 General of the Armies John J. Pershing 1860-1948 had a long and decorated military career but is most famous for leading the American Expeditionary Forces in World War I He published a memoir *My Experiences in the World War* and has been the subject of several biographies but the literature regarding this towering figure and his enormous role in the First World War deserves to be expanded to include a collection of his wartime correspondence Carefully edited by John T. Greenwood volume 4 of *John J. Pershing and the American Expeditionary Forces in World War I 1917-1919* covers the period of March 21-May 19 1918 when General Pershing faced continuing controversies with the British and French political and military leaders who desperately sought American manpower to replace their mounting losses Pershing's plans to build the AEF were disrupted after the long anticipated German grand offensive struck the British front on the Somme on March 21 1918 followed by a second German offensive on April 9 The German push radically transformed the Allied situation changing the entire strategic orientation in the west

within weeks Under pressure to ensure the survival of the Allied coalition and in discussion with Secretary of War Newton D Baker and Gen Tasker Bliss Pershing set aside his plans for an independent American army under U S command and offered his available forces whether fully trained or not to Prime Minister Georges Clemenceau and Gen Ferdinand Foch In meetings with Foch and Gen Philippe P tain on May 18 and 19 respectively Pershing once again stressed his plans for an American sector and the two French generals agreed to the formation of such an army on the front once the present emergency had passed Pershing s letters during this period convey a long and arduous struggle to build an American army at the front Together these volumes of wartime correspondence provide new insight into the work of a legendary soldier and the historic events in which he participated World Communism, 1964-1969, a Selected Bibliography United States.
