Biographical Sketchbook Of Early Hong Kong:

Early China Coast Meteorology P. Kevin MacKeown, 2011-01-01 Numerous personality clashes and financial and other intrigues surrounded the early efforts to set up an Observatory in Hong Kong Blending personalities politics and practicalities of studying the weather this entertaining book provides valuable and informative insights into the public and private controversies growing out of responses to and responsibilities involved in the protection of life and property This portrait is set firmly in the context of the history of Hong Kong as British colony on the China Coast and its role as a burgeoning commercial port within the trading complex of the Empire It brings to life many of the people and institutions in Hong Kong and elsewhere on the development of meteorology on the China Coast Dr William Doberck who became the founding director of the new Observatory played a crucial role in its development during most of forty years covered by this story Doberck was an astronomer with little interest in meteorology and a penchant for not suffering gladly those whom he considered to be his inferiors a source of much of the dissension and adversarial positions that characterized his career In the early years of Doberck s tenure many trials and tribulations arose from conflicts between his views on his work and those of a less than enlightened but firmly entrenched Colonial Administration Other key players added to the mix include the local print media local businesses and the shipping fraternity whose ongoing dissatisfaction stemmed from conflicting perceptions and expectations on all sides In assessing the achievements of the Observatory in its early decades the study of typhoons has central importance In recounting Doberck s less than stellar contributions in this regard he narrative follows many snippets of scandal concerning Doberck and his often cantankerous relationship with his employers and the other stakeholders in the Colony In later chapters the author explores the complex dynamics of the contentious interactions between Doberck and the Jesuits in charge of the Manila and Zikawei Observatories The storms that rage in the narrative as well as the tragedy of the very real storm of 1906 illustrate the drama that played out both locally and internationally in terms of jealousies rivalries and many attendant charges and counter charges animating the controversy The depiction of Doberck s eventual departure and succession story offer insight into the largely uncredited contribution of his sister to the meteorological work of the Observatory for around 40 years Under Doberck s successors Figg and Claxton the Observatory enjoyed a resurgence of influence in meteorology in the China coast region P Kevin MacKeown is retired professor of physics at the University of Hong Kong

The Taking of Hong Kong Susanna Hoe, Derek Roebuck, 2013-10-11 Relations between Britain and China have for over 150 years been inextricably bound up with the taking of Hong Kong Island on 26 January 1841 The man responsible Britain s plenipotentiary Captain Charles Elliot was recalled by his government in disgrace and has been vilified ever since by China This book describes the taking of Hong Kong from Elliot s point of view for the first time through the personal letters of himself and his wife Clara and shows a man of intelligence conscience and humanitarian instincts The book gives new insights into Sino British relations of the period Because these are now being re assessed both historically and for the future

revelations about Elliot's role intentions and analysis are significant and could make an important difference to our understanding of the dynamics of these relations. On a different level the book explores how Charles the private man with his wife by his side experienced events rather than how Elliot the public figure reported them to the British government. The work is therefore of great historiographical interest.

Hong Kong's Transition to Chinese Rule Ralf

Horlemann, 2003-09-02 Following the return of Hong Kong to Chinese sovereignty it appears that the high degree of autonomy promised to Hong Kong is limited in many ways. China's reservations about the development of democracy in Hong Kong lies at the heart of the problem. The conceptual inadequacies set out in the Basic Law Hong Kong's mini constitution show a correlation between a lack of democracy and a loss of autonomy. This book argues that genuine autonomy from the central government in Beijing is impossible without a democratic system in Hong Kong. Developments since the handover have however demonstrated that democratic trends have been halted and even reversed and that democracy is not likely to be established in Hong Kong in the near future.

Power and Charity Elizabeth Sinn, 2003-10-01 Through the history of a charitable institution the Tung Wah Hospital Elizabeth Sinn reshapes and greatly deepens our understanding of the evolving interactions between the Chinese community in Hong Kong and the colonial rulers. She traces the rise to power of the Chinese merchants who organized and operated the Hospital and the complex relationships that the Hospital developed with the colonial regime. Mainland Chinese officials and the Chinese people of Hong Kong. As the first organized merchant elite recognized by the colonial government the Tung Wah Hospital Committee played a crucial political role in nineteenth century Hong Kong mediating between ordinary Chinese and the colonial administration. Elizabeth Sinn's classic and pioneering study shows the great extent to which the Hospital's history is the history of Hong Kong itself. The author highlights the problems encountered by the Hong Kong government in managing a foreign population and the role of the Chinese local elite in a colonial situation while also exploring the complex but fascinating relations between the Chinese residents in Hong Kong and Chinese officials on the Mainland and between Hong Kong and other Chinese communities. Based on primary source materials this is an original and refreshing contribution to the study of Hong Kong and modern Chinese history which reveals and discusses many fundamental issues that are entirely relevant today. In a new preface to this paperback edition Dr Sinn reconsiders her work in the light of subsequent research on Hong Kong's history and connects it to recent developments in international scholarly work especially with respect to the study of philanthropy and to ideas of world history. An excellent blend of history and ethnography *Power and Charity* is one of the best books available on the everyday practice of colonialism in British Hong Kong. Sinn provides unique insights into a system that is fast becoming a distant memory. This book is required reading for anyone interested in colonialism medical history or urban anthropology. James L. Watson Professor of Anthropology Harvard University. Dr Sinn's book is essential reading for anyone wishing to understand Hong Kong society and politics in the nineteenth century. Ian Scott Journal of the Hong Kong Branch of the Royal Asiatic Society. Dr Sinn's book

is a fascinating and awesomely researched account of the Chinese community's efforts to hold its own in a foreign dominated enclave Philip Snow Far Eastern Economic Review **Free Trade's First Missionary** Philip Bowring, 2014-08-01 Reformer intellectual colonial governor Sir John Bowring 1792 1872 was the archetype of the ambitious men who made Britain the leading global power in the 19th century Born to a modest trading family he showed an aptitude for languages which led him to literature then to radical politics in the struggles for liberty in France Spain and Greece Taken up by the philosopher Jeremy Bentham he became a figure in the literary world But his emphasis was on action rather than theories He became a high profile advocate of free trade and a liberal foe of Karl Marx As member of parliament he supported full suffrage and other radical causes He modernized Britain's public accounts invented the florin as a first step to decimalization and became an industrial entrepreneur Losing his money in the 1848 slump he took a job as consul in Canton which led to the governorship of Hong Kong As Britain's plenipotentiary in East Asia he negotiated a key treaty with King Mongkut of Siam but also started a war with China His term as Governor of Hong Kong 1854 59 was plagued with problems But there as elsewhere he left a legacy of liberal ideas Bowring's impact was spread over so many fields that his name has been eclipsed by those with a narrower focus This book brings his life and disparate achievements together with a particular emphasis on his role in promoting free trade and his much criticized career in Asia John Bowring 1792 1872 was one of the most interesting and influential of Hong Kong's Governors The career of this polymath exemplified an understanding of the relationship between economic and political freedom This scholarly and very readable biography written by one of Asia's most distinguished journalists shows how free trade became part of Hong Kong's DNA Chris Patten Governor of Hong Kong 1992 97 Biographers shun polymaths As a linguistic genius free wheeling entrepreneur hymnist colonial governor Oriental plenipotentiary and the champion of self determination freedom of conscience and above all free trade Bowring has had to wait nearly 150 years for a comprehensive but candid account that does justice to his extraordinary range of achievements That it comes from a kinsman with an equal breadth of vision is an added bonus John Keay author of China A History and The Honourable Company A History of the English East India Company One hundred and forty years after his death John Bowring finally has the biography his eventful and enterprising life deserves From the pages of this fast paced and well written biography Bowring emerges not as the heinous villain who tricked Britain into launching a nasty imperialist war against China in 1858 but as a multifaceted character dedicated to political reform religious freedom and above all free trade Philip Bowring acknowledges that John Bowring was vain prone to overhasty action and lacking in judgment but also that he lived his life by the ideas for which he stood had an astonishing command of foreign languages was a dedicated family man and made an impact throughout East and Southeast Asia which is still felt in many ways today This is a remarkable book on a remarkable life Hans van de Ven Professor of Modern Chinese History Cambridge University **Streets** Jason Wordie, 2007-01-01 The book starts with a district familiar to all visitors Tsim Sha Tsui but then moves into the hinterland of

Kowloon taking the reader and walker far beyond the well known streets of tourist oriented shops and hotels Streets Exploring Kowloon like its companion Streets Exploring Hong Kong Island guides the reader with maps and travel information to take 45 walks throughout Kowloon each along a specific street pointing out historically and culturally important sites but also the curious and the intriguing Strong to Save: Maritime Mission in Hong Kong from Whampoa Reach to the Mariners' Club Stephen Davies,2017-07-19 Tracing its origins back to 1822 in Whampoa the Mariners Club in Hong Kong was established to meet a specific need for an Anglo Chinese society defined by that most dubious of activities seafaring Its creation was anything but straightforward and in this can be seen the mutable and often tortuous relations between the various religious bodies the local population the transient sailors the emerging captains of industry and the growing regulatory reach of the colonial government The club evolved through many embodiments and witnessed the growth of Hong Kong from a collection of mat sheds on the foreshore through colony to its current status Throughout its turbulent past it has been occasionally marginalized but has always served as an important base for the key actors in the main commercial activity in Hong Kong seafarers This is a history of one of the most enduring institutions of Hong Kong and the first of its kind Using the Club s own records as well as a wide range of sources both from within Hong Kong and from the seafaring world at large this is a comprehensive account of the life of the Missions the tenancy of the different chaplains managers and stewards the changes in seafaring practices and shipping and the transformation of Hong Kong itself

Pacific Crossing Elizabeth Sinn,2012-12-01 During the nineteenth century tens of thousands of Chinese men and women crossed the Pacific to work trade and settle in California Drawn initially by the gold rush they took with them skills and goods and a view of the world which though still Chinese was transformed by their long journeys back and forth They in turn transformed Hong Kong their main point of embarkation from a struggling infant colony into a prosperous international port and the cultural center of a far ranging Chinese diaspora Making use of extensive research in archives around the world Pacific Crossing charts the rise of Chinese Gold Mountain firms engaged in all kinds of transpacific trade especially the lucrative export of prepared opium and other luxury goods Challenging the traditional view that the migration was primarily a coolie trade Elizabeth Sinn uncovers leadership and agency among the many Chinese who made the crossing In presenting Hong Kong as an in between place of repeated journeys and continuous movement Sinn also offers a fresh view of the British colony and a new paradigm for migration studies Journal of the Hong Kong Branch of the Royal Asiatic Society ,2006
