Biography Today Performing Artists Volume :

A Biographical Dictionary of Actors, Volume 7, Habgood to Houbert Philip H. Highfill, Kalman A. Burnim, Edward A. Langhans, 1982 Annotation Volume 7 includes such notables as the composers Handel and Haydn and the alluring actress Elizabeth Hartley **A Biographical Dictionary of Actors, Volume 4, Corye to Dynion** Philip H. Highfill, Kalman A. Burnim, Edward A. Langhans, 1975 Volumes three and four of this monumental work include full entries for all such illustrious names as those of the Cibbers Colley Theophilus and Susanna Maria Kitty Clive and Charlotte Charke George Colman the Elder and the Younger William Davenant and De Loutherboug But here also are full entries for dozens of important secondary figures and of minor ones whose stories have never been told as well as a census and at least a few recoverable facts for even the most inconsiderable performers and servants of the theatres As in the previous volumes in this distinguished series the accompanying illustrations include at least one picture of each subject for whom a portrait exists

A Biographical Dictionary of Actors, Volume 1, Abaco to Belfille Philip H. Highfill, Jr., Philip H. Highfill, Kalman A. Burnim, Edward A. Langhans, 1973-12 To be completed in 12 volumes this monumental work here begins publication with the first two volumes Abaco to Bertie and Bertin to Byrard When completed it is expected that the biographical dictionary will include information on more than 8 500 individuals Hundreds of printed sources have been searched for this project and dozens of repositories combed and the names of personnel listed have been filtered through parish registers whenever possible From published and unpublished sources from wills archives of professional societies and guilds from records of colleges universities and clubs and from the contributions of selfless scholars the authors have here assembled material which illuminates theatrical and musical activity in London in the 1660 1800 period The information here amassed will doubtless be augmented by other specialists in Restoration and eighteenth century theatre and drama but it is not likely that the number of persons now known surely or conjectured finally to have been connected with theatrical enterprise in this period will ever be increased considerably Certainly the contributions made here add immeasurably to existing knowledge and in a number of instances correct standard histories or reference works The accompanying illustrations estimated to be some 1 400 likenesses at least one picture of each subject for whom a portrait exists may prove to be a useful feature of the Work The authors have gone beyond embellishment of the text and have attempted to list all original portraits any knowledge of which is now recoverable and have tried to ascertain the present location of portraits in every medium *A Biographical Dictionary of Actors, Volume 8, Hough to Keyse* Philip H.
