Biological Effects Of Low Dose Radiation:

Biological Effects of Low-dose Radiation EPRI workshop,1990 **Effects of Low Dose and Low Dose Rate Radiation** Oddvar F. Nygaard,Warren K. Sinclair,John T. Lett,2013-10-22 *Advances in Radiation Biology Volume 6 Effects of Low Dose and Low Dose Rate Radiation* examines the biological effects of low dose and low dose rate ionizing radiation on a broad scale covering various articles from microdosimetry to analyses of human responses Estimates of the effects on humans from low doses or from sustained exposures to low dose rates of ionizing radiations are of critical importance for the assessment of radiation risks under occupational and environmental conditions This book consists of such knowledge that is essential for radiation protection and governmental regulatory activities pertaining to radiation exposure This volume is intended for radiobiologists radiation epidemiologists radiation physicists radiation safety personnel health officials and individuals involved in regulatory activities **The Effects of Low Dose Radiation** Elena Burlakova,Valeria Naiditch,2004-08-31 The papers collected in this book show the results of investigations performed by Russian scientists in the field of low dose irradiation action It is confirmed that low doses do have effects on the human organism and the environment and that the most serious consequences are observed in the far post irradiation period This branch of radiobiology which developed after the Chernobyl accident and studied its consequences is discussed in detail The main part of reviews and articles is devoted to the aspects of low dose effects on the human and animal genome and far post irradiation consequences New details of mechanisms of low dose action are shown and methods of their determination are discussed Furthermore the adaptive response of organisms and the low dose effects on the immune system are demonstrated Also the difference between protection mechanisms against low dose irradiation and against high dose irradiation is shown and proved Leading-edge trend of biological effects by low-dose radiation ,2009 Health and Biological Effects of Low-dose Ionising Radiation Francesco Bochicchio,Gianfranco Simone,2003 **Biological Effects of Low Doses of Radiation at Low Dose Rate** Canada.
